### EDUCATIONAL HISTORY

**Bsc.(Hons) in Information Technology (IT)**  
Faculty of Information Technology  
University of Moratuwa  
2018 - 2023 | Graduated 2023

### G.C.E. Advanced Level | BIOLOGICAL SCIENCE

Mo/Nannapurawa National School  
Chemistry A | Biology B | Physics C

### G.C. E Ordinary Level

Mo/Nannapurawa National School  
9 A's

### TRAINING EXPERIENCES

**Associate Software Quality Assurance Engineer**  
2023 May - 2024 February (10 Months)  
**Azend Technologies** | Nawala  
Projects | MCP / CCH

#### Experiences:

- ✍ Involved in developing test cases based on requirements
- ✍ Conducted Automation and manual testing
- ✍ Filed, tracked, and examined bugs and defects in Jira
- ✍ Filed, tracked, the incident reported, and examined problems and defects in Azure DevOps
- ✍ Engaged and collaborated with both local and international team members in the USA and Sri Lanka
- ✍ Presented customer demo sessions
- ✍ Test cases were organized, documented, and carried out with Azure DevOps and Jira
- ✍ Led group talks, problem-solving sessions, and sprint planning exercises
- ✍ Documentation, Excel, and other Specific Documents
- ✍ Maintenance regarding tests
- ✍ Responsible for assigned user stories thoroughly checking and closing after the whole functionality checked

## Trainee Software Engineer

2022 January - 2022 July (07 Months)

**Linear Six Pvt Ltd** | Colombo

Projects | Lime Project (FIN TECH based)

## PROJECTS

### Machine Learning-Based Health Interpretation in SriLankan Meal (Final Year Research-based Project)

2022 September- 2023 June

Technologies | CNN, Image Processing, Python

### Logging Solution System (Second Year Software Project)

2021 January - 2021 December

Technologies | ReactJS, Spring Boot, MongoDB, ReactNative

### Online Food Ordering System (Individual Project)

2021 January - 2021 March

Technologies | HTML, CSS, PHP, MySQL, JavaScript

## CERTIFICATIONS

**E-Soft Metro Campus | Monaragala**

Completed 2018

### Completed Application Development Course Using JavaSE School of Computing University of Colombo

Completed 2020

### Solo learn certifications

HTML, CSS, PHP, SQL, jQuery, Java, JavaScript

## OTHER EXPERIENCES

Company Coordinator in "FIT FUTURE CAREERS 2019, 2022" The official career fair in the Faculty of IT- University of Moratuwa

IGv member 2020 of AISEC - University of Moratuwa

Volunteer of Trash Hunt 2019 Organized by the Rotaract club - University of Moratuwa

Prefect of Mo/Nannapurawa National School

Participated "LEAD-CS" leadership training program organized by AISEC Colombo South-2020

Participated in "HackMoral-2021" | "Home Alone" | "FIT-Code Rush" coding competitions held by INTECS Faculty of Information Technology, University of Moratuwa

Participated "Leadership training program" held by CGU University of Moratuwa

Member at School "Environmental Club"

## ABOUT ME

I am a committed and organized software engineer with a passion for ensuring product quality. I have an active and dynamic approach to solutions and acquire a creative mindset to learn and undertake new challenges.

I excel in building strong teams and thrive on learning new skills. Known for my reliability and dedication, I approach challenges with creativity and a dynamic mindset, delivering effective solutions and driving continuous improvement in software quality

## Quality Assurance Engineer

## WORK EXPERIENCE

### Associate Software Engineer

**Techcess Business Solutions (Pvt) Ltd**

2023 August - Present

- Pioneered the implementation of the development of a new SRS system in JAVA and React for a startup specializing in SRS and ERP systems.
- Engaged in comprehensive discussions and planning sessions to establish project parameters from inception.
- Contributed significantly to database management discussions and implementation.
- Focused predominantly on front-end development using the NEXT.js framework. Gained proficiency in Java Spring Boot, implementing crucial components of the system
- Successfully executed tasks in a high-pressure environment, demonstrating adept time management skills.
- Utilized Jira for efficient task management and collaboration within the development team.
- Worked with Docker containers for streamlined deployment processes.
- Operated on an Ubuntu OS, ensuring compatibility and seamless integration.
- Applied SQL and PostgreSQL for database-related tasks.
- Conducted rigorous backend testing using Postman to ensure optimal system performance.

### Software Engineer Intern

**IFS R&D International (Pvt) Ltd | Colombo**

2021 July - 2022 June

- Performed in the Global Support Delivery Team which assists and sorts IFS application-related issues and updates to the framework and applications after product delivery to the customer.
- I was responsible for investigating issues and performing timed updates and bug fixes in customer applications that were encountered. Applied patches on the customer application and frameworks. The applications were based on C#, PLSQL, and cloud-based applications.
- The company follows the agile approach to development, which improved my skills and knowledge in working with this type of method with the team collaboratively.

### Front End Developer Intern

**Field-R (Start Up)**

2020 June - 2020 Aug

- An analyzing tool for cricket. Learned how to work in a team and get work done. Obtained a clear idea of how to perform tasks to build a system from an initial stage. worked on front-end works of the system with react js.

## ACTIVITIES | INTERESTS

- Badminton
- Football
- Basketball

## EDUCATION

### B.Eng. (Hons) Software Engineering

University of Westminster (at Informatics Institute of Technology)  
Second Upper Class  
2019 - 2023

### Foundation Certificate in Higher Education

Informatics Institute of Technology  
Pass with a Distinction  
Academic Year 2018/2019

### Primary & Secondary School

Alethea International School

2007 - 2018

## SKILLS

- Technologies – Java, Python, C#, HTML, CSS, JavaScript, React.js, MYSQL, PHP, SQL, PL/SQL, Next.js, Postgres
- Git & GitHub.
- Familiarity and hands-on experience with Postman, Docker, Jira.
- Play Framework, Firebase, Spring Boot.
- Fair Knowledge of Algorithms and Design Patterns.
- Good Knowledge of Object Oriented Programming
- Good Presentation skills and analytical mindset in problem-solving skills.
- Experienced in writing SQL queries for database testing using MySQL, Postgres, and SQL.
- Hands-on experience with test management tools like Jira and test case management tools like TestRail.
- Strong attention to detail for meticulous bug tracking and reporting, ensuring high-quality deliverables.
- Excellent communication skills for effective collaboration with development teams, facilitating seamless problem-solving and resolution.
- Analytical mindset for analyzing test results and identifying areas for improvement in software quality.

## PROJECTS

- **Hybrid Detection model for detecting Chronic Kidney Disease** - A machine learning system to detect with the user data if it has the disease and its stage. [with other functionalities included] (python)
- **Fake Job Prediction System**- A web-based system to predict a job post whether it's fake or legit using ML. Also, a list of job posts with its rating. [Python, Flask, React, Firebase]
- **Premier League Manager System** – A system where a manager is able to check the clubs, statistics of the club, and much more features. [Java (OOP, Design patterns), JavaFX, Text handling, Play Framework]
- **File Finder System** – A java Based system that is able to find and display the specific location of a particular file. [Java (OOP, Design Patterns), JavaFX, Text handling]
- **Modern Home Store** – A web-based store using PHP, where a user could log in and purchase modern home appliances.
- **Amazon store clone** - Responsive site with react and firebase

Software Test and senior QA with over 5 years of experience in testing software applications in Manual, Automation and API Testing.

## PROFESSIONAL SYNOPSIS

- **5 years** of progressive IT experience, with experience in **Manual testing**
- Worked predominantly in Manual testing in **DigitX LLC** from **December 2020 – till now**
- **Lead QA team**, consisting of both local and offshore senior consultants and consultants, testing involving functional, regression and UAT testing.
- Experience in IT Industries including **IT Support**, and **QA Engineering**, I also have over 2 years of experience in management, quality control, and supervision.
- Worked on testing reports and dashboards using **JIRA**, **Trello**, **Asana**, **Click-Up**, **Notion**, **HP ALM**, **Figma**.
- Good knowledge of **Software Development Life Cycle (SDLC)**, having thorough understanding of various phases like Requirements, Analysis/Design, Development, Testing and Deployment and established QA Policies and Procedures.
- Experience in **Manual & Automation** Testing of **GUI** and functional aspects of Client – server and Web based Application.
- Experience in **Functional, Regression** and **Sanity** Testing using **Manual** and **Automated** Testing tools.
- Worked in Agile methodology (**SCRUM Model**) and High ability to work on Agile projects.
- Basic knowledge in **JAVA Script**, **Python** programming languages.

## PROFESSIONAL EXPERIENCE (Detailed)

### Project 1: SOLO Mobile App and Web App

|                            |                               |                                 |
|----------------------------|-------------------------------|---------------------------------|
| Position: Manual QA Expert | SOLO - Mobile App and Web App | Duration: Oct 2022 to till date |
|----------------------------|-------------------------------|---------------------------------|

#### Project Description:

Solo. The finance app for those we call “solopreneurs.” That’s anyone and everyone who runs their own business. Caterer to consultant. We know keeping track of clients, invoices, and expenses is hard work. But we believe every solopreneur deserves to spend less time on bookkeeping and more time on what they love. So we created Solo—to make your financial management feel less like a drag.

#### Roles & Responsibilities:

- Provide estimates for all QA activities
- Analyze and review high level functional requirements and develop test plans.
- Manage production support activities
- Defect Logging and Tracking
- Tracking the defects to closure.
- Executing the test cases and raised defects in Quality Center
- Validating master data using **DataDog**
- Review test design activities and monitor the execution activities in **Figma**
- Working closely with development, product management, and technical support to ensure that the quality objectives of all projects are met within scheduled time
- Monitoring UAT testing process with stakeholders and UAT Testers
- Design and development of automated test scripts in **Robot Framework** and continuous testing during the testing cycle

### Project 2: ARK TRADE AG

|                            |              |                                |
|----------------------------|--------------|--------------------------------|
| Position: Manual QA Expert | ARK TRADE AG | Duration: Dec 2021 to Oct 2022 |
|----------------------------|--------------|--------------------------------|

#### Project Description:

ARK TRADE is built from the ground-up to solve existing market inefficiencies and overcome the obstacles in trading physical goods around the world. From platform registration to secure delivery of goods, ARK TRADE was founded to automate and digitize each step of the physical goods trading procedures, replacing the antiquated paper-based processes still used today.

#### Roles & Responsibilities:

- Managing team of 3 members
- Understanding Business Requirements
- Preparation of Test Plan.
- Defect Logging and Tracking
- Tracking the defects to closure.
- Preparation of the help documents for the project.
- Executing the test cases and raised defects in Quality Center
- Conducting daily stand-up meetings
- Review test design activities and monitor the execution activities in **Figma**
- Working closely with development, product management, and technical support to ensure that the quality objectives of all projects are met within scheduled time.

### **Project 3: Digitx Group LLC**

|   |                  |                                |
|---|------------------|--------------------------------|
| Position: Web Developer and Maintenance | Digitx Group LLC | Duration: Feb 2021 to Dec 2021 |
|---|------------------|--------------------------------|

#### **Project Description:**

DigitX Group LLC is the leading, globally operating Technology management consulting company located in New York City. DigitX LLC delivers customized technology and management training solutions to large corporations and government agencies around the world.

#### **Roles & Responsibilities:**

- Meet with clients to discuss their website design and requirements
- Create and test apps for the website
- Code for the site using **HTML or XML** and/or other programming languages
- Engage with members of their team to ascertain the kind of information the site should contain
- Work with designers, such as graphic designers, to determine the site's layout
- Integrate audio, video, and graphics into the site
- Quality-test and troubleshoot the website and/or its applications in various browsers

### **Project 4: Blaze Avenue SDN BHD**

|  |                      |                                |
|--|----------------------|--------------------------------|
| Position: Chief Project Officer and Consultant | Blaze Avenue SDN BHD | Duration: Dec 2019 to Oct 2020 |
|--|----------------------|--------------------------------|

#### **Project Description:**

Blaze Avenue strives to help your company turn big plans into tangible results. We provide tailor-made corporate training solutions through innovative, teaching and communication methods. Our solutions are customized for every instance so speak to us to see if we can help you solve a problem within your budget.

#### **Roles & Responsibilities:**

- Focus on achieving strategic business objectives through projects, programs and portfolios
- Ensure key projects and programs support the right business goals
- Balance risks with rewards
- Link projects with the business strategy
- Drive efficiencies and linkages between projects
- Manage resource requirements across the portfolio of projects
- Make sure each project has an effective leader/project manager
- Implement or oversee appropriate project management methodology
- Oversee and control all changes to project scope
- Strive toward achieving execution excellence

### **DECLARATION**

I hereby declare that the details provided in the above resume are genuine to my knowledge and I take responsibility for the information provided.

## Software Quality Assurance

 afifa.sultana.me@gmail.com

 +8801644326393

 Prosikha Bhaban, Mirpur-2,Dhaka-1216

 <https://github.com/afifa55>

### Career Objective

Detail-oriented Quality Assurance professional with almost 3 years of practical experience, showcasing a strong testing skillset and proficient knowledge in testing methodologies, tools, techniques, and the Software Development Life Cycle (SDLC).

### Professional Experience

#### Software Quality Assurance Engineer

02.2023 – present

X IT Limited 

- Design, prepared and execute manual test cases based on product requirement.
- Identify issues to improve workflows.
- Troubleshoot every bugs and share details log with the developer
- Tracked, prioritized and organized defects with JIRA.
- API and Performance testing.
- Sanity test after every new production build to check the stability of the new product.
- Developed and executed automation test cases and scripts.
- Built automation test scripts to handle repetitive software testing work.

#### Software Quality Assurance Engineer

06.2021 – 01.2023

Icicle Corporation 

- Requirement analysis, Test planning, Test case writing.
- Performing Smoke, Sanity, Regression, Adhoc, Exploratory etc testing.
- Quality Assurances/Quality Testing of Web & Mobile Application
- Gathering requirements from SRS and Making Reports on the JIRA.
- Identify, document thoroughly, and track bugs, ensuring accurate and efficient issue resolution

### Personal Project

#### Test Case

myGov website Test Case  | DemoBlaze Test Case 

#### Bug Report

Orderific QR Code Bug Report 

#### Automation Testing

- API testing (GET, POST, PUT, PATCH, DELETE)
- Performance Testing
- Automation testing with Selenium WebDriver (Framework: TestNG, Language: Java, Design pattern: Page object model)

### Skills

**Manual Testing** — (Exploratory testing, Smoke testing, Sanity testing, Adhoc testing, Regression testing,

Cross browser testing) | **Jira** | **Java** | **Selenium (Framework: TestNG)** | **Postman** | **JMeter**

| **Version Control** | **Microsoft Office**

## Education

### BSc in CSE

*Daffodil International University [ 2015 – 2019 ]*

- Result: 3.4 out of 4

### HSC

*BCIC College [ 2012 – 2014 ]*

- Result: 5 out of 5

### SSC

*Monipur High School and College [ 2002 – 2012 ]*

- Result: 4.94 out of 5

## Personal Summary

- Capable of learning new tools and technology very quickly.
- Good interpersonal, communication and analytical skill
- Self-Motivated, positive attitude, good team player and a good problem solver
- Good interpersonal, communication and analytical skill

## Courses

### Learn Manual Software Testing + Agile with Jira Tool

*Udemy*

# Khadiza Khan

I want to work in a challenging development organization as a Software Quality Assurance Engineer to utilize my skills and knowledge to be the best of my abilities and confidently contribute to the organization for the growth of the country.

## Experience:

### **Software Engineer, QA**

*Therap BD Ltd.*

*January 2023 - March 2024*

### **Associate Software Engineer, QA**

*Therap BD Ltd.*

*January 2022 - January 2023*

## Achievement/Task

- Experienced with Agile methodologies.
- **End to End manual testing** (Smoke testing, Regression testing, Integration testing, Database testing, Migration testing, Usability testing, Exploratory testing)
- **Report generation** (with steps to reproduce, detect severity & priority) and tracked defects, issues.
- Used different tools and web browsers to test different aspects of the software (Compatibility, Accessibility, Security, Responsiveness and API testing).
- Tested **Android, iOS** and **Web** applications.
- Designed software **testing plan**.
- Conducted **root cause analysis** for critical defects.
- Created **test cases** and **documentation** alignment with **business requirements**.
- Report generation (with steps to reproduce, detect severity & priority) and tracked defects, issues.
- Suggested extra features to **ensure the product quality**.
- Created **feature documentation** for new features or enhancement.

### **Software Quality Assurance Engineer (Intern)**

*Alesha Solutions Ltd.*

*August 2021 - December 2021*

## Achievement/Task

- **Manual Testing** (Regression testing, Exploratory testing)
- **Unit Testing** by using Git Kraken
- **Test case** design and development, Load Testing by using Jmeter
- **Report generation** by using Netro.work
- **Feature Documentation**, Creating Checklist

### **Technical Skills:**

- **Programming and Markup Language:** C++, Java, HTML, JavaScript
- **Data Formats:** Understanding of JSON structure for data interchange
- Have knowledge on API Testing by using Postman
- **File Manager:** WinSCP
- **Terminal Emulator:** PuTTY
- **Database:** SQLdeveloper
- **Project Management Tool:** Jira
- **Word Processing and Presentation:** MS Word, MS PowerPoint, MS Excel.

### **Education:**

#### **B.Sc in Computer Information System (CIS)'20**

American International University-Bangladesh (AIUB)

*January 2016 - January 2020*

#### **Higher Secondary Certificate (HSC)'14**

Bir Shreshtha Noor Mohammad Public College, Dhaka.

#### **Secondary School Certificate (SSC)'12**

Bir Shreshtha Noor Mohammad Public College, Dhaka.

### **Volunteering Work:**

- Volunteer at Travel Team
- Participated at AIUB CS Fest 2018
- AIUB batch event organizer

### **Interested Fields:**

Software Quality Assurance || Project Management

### **Strength:**

Positive Attitude | Quick Adaptability | Helping others in projects and learning | Leadership

## WORK EXPERIENCE

### SQA Engineer | Orangetoolz.com

📅 June 2023 – Present

#### ■ Job Responsibilities

- UI Pixel Perfect, Cross-Platform & Responsive Testing for WordPress product.
- Using ClickUp tools for Bug tracking and reporting.
- Test functionalities of a CRM Software called SalesPype. ( A SaaS product for clients from the USA and Canada)
  - <https://salespype.com/>
- API Testing using Postman.
- Performance Testing using JMeter.

#### ■ Key Achievements

- Real-time testing experience on WordPress Products.
- Tested Enhance Data/Clean Data Module and Invoice Builder module With many advanced features like an automatic reminder system, repeatable system and more with less than 5% bug leakage.
- Testing experience on Carrier Lookup (3rd party Email and phone validation service).
- Testing experience on FTPO (Find The Perfect Outfit) iOS app social media platform for clothing brands and users.
  - [https://findtheproperoutfit.com/?product=ftpo-t-shirts](https://findtheperfectoutfit.com/?product=ftpo-t-shirts)
- Testing experience on Earn Five Star Mobile App.
  - <https://earn5star.com/>

### Jr. SQA Engineer | Jr. Project Manager | Premium Solutions Limited

📅 March 2022 – April 2023

#### ■ Job Responsibilities

- Requirement Analysis, Resource planning, Writing Test Cases, Test Designing & Planning.
- Manual Functional Testing & Using Postman for API Testing.
- Using Asana for Managing projects, Project Documentation, Project Progress Updates and Development schedules.

#### ■ Key Achievements

- Testing experience on a Booking system & Course Management System.
- Working experience with overseas client's products.

## PROJECTS

■ **Manual Testing:** Functional\_Test\_Case\_Aleshmart\_Official\_Website.git

■ **Web Automation:** Web\_Automation\_Using\_Selenium\_Python.git

■ **API Testing:** Api\_testing\_with\_report.git

■ **Load Testing:** Load\_testing\_with\_report.git

■ **Others:** Super Local Fans, Salespype.com, FTPO App, Earn5star App

## ACHIEVEMENTS

■ **International Awards:** 1st Runners-up & Global Nominee, Chittagong Division | NASA SPACE APPS Challenge - 2019

■ **National Awards:** Ranked: Top 100 | Mujib 100 Idea Contest

# Sifat-E-Tasnim

Email: sifatetasnim@gmail.com

Address: 8,9 Probal Housing, Mohammadpur Dhaka-1207

Cell: +8801-767448534

## OBJECTIVE

---

As a detail-oriented and organized QA Engineer, I aim to leverage my ability to work both independently and collaboratively to enhance software quality. With strong communication and presentation skills, I effectively convey insights and issues to stakeholders. I excel in multitasking and consistently deliver tasks within tight deadlines, ensuring efficient and thorough testing processes.

## JOB EXPERIENCE

---

### **Jr. Software Quality Assurance Engineer**

**TechnoNext Ltd (a sister concern of US Bangla)**

*January 1, 2023 – Present*

#### **Responsibilities:**

- Collaborated with development teams to understand project requirements and design comprehensive test plans.
- Orchestrated the execution of both manual and automated testing procedures, demonstrating an unwavering commitment to identifying and reporting software defects promptly.
- Conducted regression testing to ensure the stability of software releases.
- Actively participated in agile/scrum ceremonies, providing invaluable insights into the development process and fostering a collaborative environment.
- Contributed substantially to the continuous improvement of testing processes and methodologies, ensuring the highest standards of quality throughout the software development lifecycle.
- **Worked Projects:**
  - [Shoplover](#) - Web, App: B2B and B2C e-commerce platform
  - [Shoplover Admin Panel](#): Responsible for documenting and Testing
  - [Common Inventory](#): Inventory management system for other inhouse projects,
  - [Shoplover Inventory](#): Inventory management system for Shoplover
  - [Shoplover Rider App](#)
  - [Shoplover Logistics](#)
  - [Foodie](#) App testing
  - PSS (Passenger Service System) Testing
  - [Payment Gateway](#) Testing
  - [Propeta LMS](#)
  - [First Trip- Travel Insurance](#)
  - [First Trip- Meet and Greet](#)

### **Software Quality Assurance Engineer**

**DeliveryHobe**

*December 5, 2021 – January 31, 2023*

#### **Responsibilities:**

- Conducted requirement analysis, test planning, designing, writing and reviewing test cases, test execution, evaluation, and creating test reports.
- Performed root cause analysis and bug reporting using test management tools.
- Conducted API testing with Postman and Insomnia.

- Executed automation testing with Selenium.
- Authored clear, concise requirement documents.
- Planned sprints, created tickets, and assigned tasks to team members in Notion.
- Collaborated with engineering (front-end and back-end) in an agile, squad-based environment to thoroughly test and verify new features in a timely manner before release.
- Maintained sprint tracking in Jira and Trello.

## SKILLS

---

| Tool                       | Name   |

## EXPERIENCE

### **Business Automation Ltd — SQA Engineer**

November 2021 - PRESENT

Project Type – Web Application

#### Responsibility:

- Analyzed requirements and Performed Manual Testing according to software requirement.
- Developed test plans, test scenarios, and test cases.
- Executed test cases for functional, validation, end-to-end and regression testing for Web application.
- 

### **Porte Chai — SQA Engineer**

February 2021 – July 2021

Project Type – Web Application

#### Responsibility:

- Tested applications for functionality and documented all failed cases.
- Performed cross-browser testing to check application works on different
- Tested the Application using Black Box Testing Techniques

### **Zaimah Technologies Limited — SQA Engineer(Intern)**

July 2020 – September 2020

Project Type – ERP, Website

#### Responsibility:

- Performed Manual Testing according to software requirement.
- Detailed and easy to understand bug reports.
- Test and verify bug fixes

## EDUCATION

---

### Bachelor of Science in Computer Science Engineering

2017-2021

Bangladesh University

CGPA: 3.81 (out of 4)

## SKILLS

---

- Basic knowledge about HTML, CSS, BootStrap, Python
- Proficient in manual and basic about automated testing techniques.
- Solid understanding of software development life cycle (SDLC) and software testing life cycle (STLC).
- Experience in designing and executing test cases, test scripts, and test scenarios.
- Led the testing efforts for mobile applications across multiple platforms, including iOS and Android, ensuring compatibility, functionality, and performance.
- Knowledge of various testing types such as functional, integration, regression, and performance testing.
- Familiarity with defect tracking systems and test management tools.
- Use to project management tools like: Jira, Trello, YouTrack, Open Project

## WORK EXPERIENCE

---

### Software Quality Assurance Engineer (I)

October,2022 to running

#### Developer Experience Hub

- Developed and executed comprehensive test plans, test cases, and test scripts to ensure the quality of web and mobile applications.
- Collaborated with cross-functional teams to define test requirements, identify test scenarios, and prioritize testing efforts.
- Conducted functional, integration, and regression testing to detect defects and ensure software stability.
- Reported and tracked software defects using defect tracking systems, ensuring their resolution and closure.
- Participated in agile development processes, including daily stand-ups, sprint planning, and retrospective meetings.
- Contributed to process improvement initiatives by suggesting and implementing best practices and quality assurance standards.

**Software Quality Assurance Engineer (intern)****May,2022 to September,2022****Developer Experience Hub**

- Developed and executed comprehensive test plans, test cases, and test scripts to ensure the quality of web and mobile applications.
- Reported and tracked software defects using defect tracking systems, ensuring their resolution and closure.
- Participated in agile development processes, including daily stand-ups, sprint planning, and retrospective meetings.

**App Tester (part-time)****July,2020 to January,2021****Orion Informatics Ltd**

- Conducted functional testing to ensure app features and functionalities meet requirements and specifications.
- Familiarity with mobile app testing tools such as Appium and TestFlight
- Executed performance and compatibility testing to ensure app stability across various devices and OS versions.
- Utilized bug tracking systems to report and track defects, ensuring their resolution and closure.
- Collaborated with development teams to reproduce and troubleshoot reported issues.

## **Working EXPERIENCE**

---

- **Jr. SQA Engineer:**
  - Organization's Name: **API Solutions LTD.**
  - Location: 23/a road, Banani, Dhaka.
  - Responsibility: Designed detailed test cases and test scripts based on project requirements and specifications. Ensured test cases covered functional, integration, regression, and performance testing. Conducted thorough manual testing of software applications to identify defects and ensure functionality. Executed test cases, recorded results, and tracked defects. Designed and executed performance tests to assess software stability, responsiveness, and scalability. Conducted API testing to validate data flow, error handling, and integration between software components. Created and maintained detailed test documentation, including test cases, test data, and test environments. Developed user guides and documentation to assist users in understanding software features.
  - Duration: January 01, 2023 – April 20, 2024
- **Construction Supervisor:**
  - Organization's Name: **Good Neighbors Bangladesh**
  - Location: Kalor Dokan, Tekpara, Cox's Bazar Sadar
  - Duties/ Responsibility: I used to make construction work documents. Going to site visit with Civil Engineer. I always kept in touch with vendors and facilitators and supervised their work.
  - Duration: January 03, 2021 – February 09, 2021

## Paba Hewagama

### SQA ENGINEER

## CONTACT DETAILS

Sri Lanka

[pabajewagama@gmail.com](mailto:pabajewagama@gmail.com)

[/in/paba-hewagama](https://www.linkedin.com/in/paba-hewagama)

+094710747772

## OBJECTIVE

Experienced QA Engineer seeking challenging opportunities to leverage expertise in software testing and deliver exceptional quality assurance

## SKILLS

### Testing

- Manual Testing, Postman, Lambda Test, TestRail, Redmine
- JMeter, Brower stack, axe tools, Nox emulator, Selenium

### Project Management

- Jira ,Trello, Confluence,Devops

### Programming language

- Java ,C ,C++

### Database

- MSSQL Sever Management, MYSQL

## WORK EXPERIENCE

### SENIOR QUALITY ASSURANCE ENGINEER

*CMS Techno ,Sri Lanka*

Jan 2020 - Current

#### Achievements/Tasks

- Actively participate in test planning and estimations.
- Design and create test cases for each software(Web/Mobile) release.
- Perform test execution and report test coverage that addressed areas such as software scenarios,
- regression testing, functional/nonfunctional testing, negative testing, usability, error, and bug reports.
- Conduct software compatibility tests with different devices, browsers, operating systems, and network environments.
- Documented software defects using the bug-tracking system
- Reported defects to software developers.
- Planned test schedules and strategies following the project scope and delivery dates.
- Communicate with customers and requirements gathering.
- Handle QA members by giving guidance
- Works with Browser Stack, Trello, Jira, Selenium web driver, Postmen, MS SQL Server Management, MYSQL, JMeter
- Mobile App testing -IOS and Android
- Web Testing,Front-end testing, configuration testing
- WordPress
- Magento

### SQA ENGINEER

*Qualitapps Europe S.L ,Sri Lanka*

Aug 2022 - Feb 2024

#### Achievements/Tasks

- Design and create test cases for each software(Web/Mobile) release.
- Perform test execution and report test coverage that addressed areas such as software scenarios,
- regression testing, functional/nonfunctional testing, negative testing, usability, error, and bug reports. Conduct software compatibility tests with different devices, browsers, operating systems, and network environments.
- Actively participate in test planning and estimations.
- Works with Browser Stack, Azure DevOps, Jira, Selenium web driver, Postmen, MS SQL Server Management, MYSQL
- Mobile App testing -IOS and Android
- Web Testing, Database validation
- WordPress

most of the systems are relevant to hospital management, HRM management

### SQA ENGINEER

*Pristine Solutions (Pvt.) Ltd ,Sri Lanka*

Dec 2021 - 2022 Sep

## **REFEREES**

### **Mr. Rasike Abeyratne**

Software Architect ,  
IFS R&D International (Pvt) Ltd,  
752 Dr Danister De Silva Mawatha,  
Colombo 09.  
+94 77 316 0308

### **Mr. Nandana Benthera**

Assistant Manager  
MillenniumIT ESP,  
Sri Lanka.  
+94777635585

#### Achievements/Tasks

- Designed and created test plans, and test cases for each software release.
- Performed test execution and reported test coverage that addressed areas such as software scenarios, regression testing, functional/nonfunctional testing, negative testing, usability, error, and bug reports.
- Documented software defects using the bug-tracking system, and reported defects to software developers.
- Planned test schedules and strategies following the project scope and delivery dates.
- Conducted software compatibility tests with programs, hardware, operating systems, and network environments.
- Actively participate in test planning and estimations.
- Communicate with customers and requirements gathering.
- Handle QA members by giving guidance.
- Worked with Postman, Jira, Browser Stack, Axe tools, Nox emulator, SAP ,MSSQL Server Management ,Mobile Testing - Andriod ,Web Testing
- 

### **JUNIOR QA ENGINEER**

*Maytech Technologies ,Sri Lanka*

Feb 2021 -Dec 2021

#### Achievements/Tasks

- Design and create test cases for each software(Web/Mobile) release.
- Perform test execution and report test coverage that addressed areas such as software scenarios, regression testing, functional/nonfunctional testing, negative testing, usability, release note, error, and bug reports.
- Conduct software compatibility tests with different devices, browsers, operating systems, and network environments.
- Actively participate in test planning and estimations.
- Communicate with customers and requirements gathering.
- Worked with Jira, Trello,Axe tool, Postman, Slack, Confluence, Magento, WordPress, Firebase ,MYSQL
- Mobile App testing - Andriod ,Web Testing ,Magento Testing ,CRM Systems ,Custom system

### **INTERN /PHP**

*Ministry of Finance, Sri Lanka*

Jun 2017- Dec 2017

#### Achievements/Tasks

- requirement gathering, Analyzing, Developing, and manual testing
- Create Document Management System in PHP CodeIgnite

## **EDUCATION HISTORY**

### **BSC IN MANAGEMENT INFORMATION SYSTEMS (SPECIAL )**

Nov 2015 -Dec 2019

**NSBM Green University, Homagama**

### **G.C.E ADVANCED LEVEL EXAMINATION**

**Gnanodaya Vidyalaya, Kalutara**

- Passed 2011 (Biology, Physics, Chemistry,GIT ,GE )

### **G.C.E ORDINARY LEVEL EXAMINATION**

**Gnanodaya Vidyalaya, Kalutara**

- Passed 2008 (all the Subject)

## **CERTIFICATIONS**

- CCHRM -HR Institute of Personnel Management, Sri Lanka | JUN 2107
- ISTQB® Foundation Level Certificate ,ISTQB® - International Software Testing Qualifications Board ,Credential ID SL-CTFL-2310-4447 | Oct 2023

**QA Skill:** Test plan, Test case design, Test execution, Bug Report writing

**Testing Automation:** Selenium (Python), API Testing with Postman, Performance Testing with JMeter

**Others:** Agile Methodology (Scrum), Jira (for Agile project management)

## Work Experience

### BNX Networks Inc.

September 2023 - Present

#### Software Quality Assurance Engineer

- Developed and maintained automation test scripts using Selenium WebDriver with Python to test web applications, ensuring system functionality, accuracy, and reliability. Example: Implemented automated regression tests, reducing manual testing efforts by 50%.
- Collaborated closely with the development team to understand software requirements and ensure comprehensive test coverage.
- Executed automated test scripts and analyzed results to identify defects and ensure software quality standards were met.
- Generated detailed test reports outlining test execution results and presented findings to stakeholders.
- Actively participated in agile ceremonies (daily stand-ups, sprint planning, sprint reviews) to coordinate testing efforts and align with project goals.

### Singularity Ltd

April 2023 - June 2023

#### QA Engineer (Internship)

- Participate in product requirements analysis and design reviews.
- Conduct manual and automated testing of web applications to identify and report defects.
- Collaborate with development teams to ensure the timely resolution of defects and issues.
- Participate in daily stand-up meetings and report on the testing progress.

### Etech Solution Ltd

March 2022 - July 2022

#### Junior Executive officer

- Supported team operations by managing calendars, scheduling meetings, and handling correspondence while taking ownership of project planning and progress tracking to ensure timely completion.
- Proactively coordinated team activities, streamlined administrative processes, and conducted research and analysis to support decision-making, while actively engaging in client management and cross-functional collaboration to drive project success and personal development.

## TAMJID IQBAL

### PROFESSIONAL GOALS

Motivated, enthusiastic, optimistic, sincere, energetic, and hardworking engineering graduate. Willing to take challenges, gain experience and explore different opportunities. Eager to learn, share and expand my skills and knowledge to ensure my future career development and social contribution.

### WORK EXPERIENCE

#### AROGGA LTD

##### **Position: Project Coordinator | QA Tester**

**Full-Time**

2 May 2023 - Present

Designation: Software Engineer

Department: Technology

##### **Responsibilities:**

1. Test APIs using Postman & Apidog
2. Creation of comprehensive test plan and strategy.
3. Develop and maintain test cases and test cycles throughout the development cycle.
4. Requirement analysis and review according projects user story.
5. Analyse issues arise in live server and map out troubleshooting strategy.
6. Run API testing under controlled environment on third party and in house APIs'.
7. Bug tracking and defect management for the new updates of the project.

#### LOOP FREIGHT LTD

##### **Position: Software Quality Assurance**

**Full-Time**

1 Jun 2022 - 31 Apr 2023

Designation: Software Engineer

Department: Product & Technology

##### **Responsibilities:**

1. Test APIs using Postman.
2. Design test plans, scenarios, scripts, or procedures.
3. Creating and Updating existing QA documentation.
4. Troubleshooting and Triaging issues with multiple teams to drive toward root cause identification and resolution.
5. Working closely with Development, Business Analysts, and Product Owners to ensure project success.
6. Document software defects, using a bug tracking system, and report defects to software developers.
7. Perform Load Testing using Apache JMeter.

##### **Project:**

- Shipper Logistic Application
- Vendor Logistic Application
- Shipper & Vendor Logistics System - Web

**Full-Time**

1 Jun 2021 - 31 May 2022

##### **Position: Jr. Software Quality Assurance**

Designation: Software Engineer

Department: Product & Technology

##### **Responsibility:**

1. Performed API Testing using Postman.
2. Collaboration with the Development and Design Team.
3. Identified, documented, and reported bugs and error.
4. Performed Automation testing using Appium, selenium.
5. Identify development areas and develop accordingly.
6. Manage and improve the feature for the existing user.
7. Test the software to check if it works, performs, and remains stable and reliable as expected.

##### **Position: Software Quality Assurance**

**Intern**

1 Feb 2021- 31 May 2021

Department: Product & Technology

##### **Responsibility:**

1. Research & Product Development
2. Understand business and planning to develop accordingly
3. Product Feature Implementation
4. Manual Testing
5. Writing Release Note

### ACADEMIC HISTORY

#### BACHELOR OF SCIENCE IN ENGINEERING

Passing Year : 2020

NORTH SOUTH UNIVERSITY

ELECTRONICS AND TELECOMMUNICATION ENGINEERING (ETE)

#### HIGHER SECONDARY SCHOOL CERTIFICATE (HSC)

Passing Year : 2013

DHAKA CITY COLLEGE

#### SECONDARY SCHOOL CERTIFICATE (SSC)

Passing Year : 2011

MOTIJHEEL MODEL HIGH SCHOOL

### ACHIEVEMENTS

- Was honored with a trophy of "The Loopers Above and Beyond Award" by Loop Freight Ltd.

### LANGUAGES

- Proficient in English and Bengali - both verbal & written.
- Proficient in writing and editing reports.

### TECHNICAL SKILLS

- Postman
- Insomnia
- Selenium
- Flipper
- Apache JMeter
- Grafana
- JIRA
- Azure Dev-ops

### CERTIFICATION

- Managing Project Risks and Changes Coursera (by University of California)
- Fundamentals of project Planning & Management Coursera (by University of Virginia)

---

### Objective

Detail-oriented and dedicated Software Quality Assurance Engineer with nearly 2 years of experience in testing various software projects. Adept at identifying and documenting defects and ensuring the delivery of high-quality software solutions. Seeking to leverage my skills and experience in a challenging SQA Engineer role.

---

### Work Experience

Excel Technologies Ltd, Corporate Branch

July 03, 2022 - March 23, 2024

- Conducted functional and regression testing of the Electronic Health Records (EHR) system.
- Performed comprehensive testing of the TUSO helpdesk system, focusing on usability and performance.
- Identified, documented, and tracked software defects using Trello, ensuring timely resolution and retesting.
- Collaborated with the development team to reproduce, diagnose, and resolve reported issues.
- Provided training and support to end-users during the UAT phase, ensuring a smooth transition to the new system.

BRAC IT Services Limited (biTS), Gulshan - 1, Niketan

March 01, 2022 - June 01, 2022

- Gathered and analyzed business requirements from stakeholders to define project scopes, objectives, and deliverables.
- Created Software Requirements Specification documents (SRSs), use cases, and user stories to guide development teams.

---

### Projects

**Smart Care High Impact Version Software (An EHR System)**

**Service Desk System Software**

**Physical Meeting Software**

**CMIS IPD Healthcare System**

**UCM Billing Management Software**

**Toner Management System Software**

---

### Education

**B. Tech (Under Graduation)**

2021

Institute Of Engineering & Management (IEM), Kolkata

CGPA - 7.71/10

**Higher Secondary Certificate**

2016

BCIC College, Mirpur

GPA - 5.00

**Secondary School Certificate**

2014

Mirpur Girls Ideal School & Laboratory Institute, Mirpur

GPA - 4.88

## CAREER OBJECTIVES

---

I'm currently working as a Software QA Engineer at EchoLogyx. I have nearly 2 years of experience in QA with technical ability, combining a wide range of experience with a passion for quality, good analytical skills and pragmatic approach. I am growing my experience on various challenging and complex projects in the software development life-cycle. As a software quality assurance engineer, my primary goal is to ensure that the software my team delivers - meets the highest quality standards and provides a seamless user experience.

## EDUCATION

---

- **Chittagong University of Engineering and Technology**  
*B.Sc. in Computer Science and Engineering*

2016-2021  
CGPA:3.41

## EXPERIENCE

---

- **EchoLogyx Ltd.**  
*Software Quality Assurance Engineer*

July, 2022-Present

- Review and analyze requirements, specifications, and technical design documents, giving proper estimations providing timely feedback, providing better solutions to clients
- Develop detailed, comprehensive, and well-structured test plans and test cases.
- Maintain proper QA doc and be accountable for delivering the bugless product ahead of schedule.
- Prioritize and plan testing activities.
- Identify and report issues found, then verify that issues are resolved.
- Collaborate closely with Developers, Designers, Product Managers and CRO Managers
- Handle difficult situations on the spot with excellent critical thinking ability
- Perform regression testing, UI, Functional testing
- Issue management with JIRA, Trello.

## SKILLS

---

- **Sound Knowledge in Software Engineering**
  - SDLC, STLC, Agile Development Process, Scrum
  - **Manual Testing:** Test Design Techniques, Test case writings, execution and reporting, Bug detection Bug report etc.
  - **Automation Testing:** Selenium, TestNG(Framework), Maven
  - **Bug Tracking Tool:** Jira.Trello
- **Programming Language**
  - C , Java , Python
- **Database Management**
  - SQL
- **Web Design**
  - HTML , CSS , JavaScript
- **Version control Systems**
  - Git , Github

## Summary

A highly enthusiastic, self-motivated QA professional and an experienced team worker. A proven track record of working in all the phases of SDLC & STLC. A team player who has 1.5 years of experience in ensuring the quality and functionality of software applications. Proven expertise in test case writing, test execution, defect analysis, and process improvement.

## Technical Skills

- Manual Testing
- Automation Testing Tools: **Selenium**
- Project Management Tool: **Jira**
- Problem Solving and Analytical Skills
- Programming Languages: **C, C++, Java**
- API Testing: **Postman, Proxyman**
- Load & Performance Testing: **Apache JMeter**
- Defect and Bug Discovery
- Test Cases, Plans, and Test doc creation

## Experience

**SQA Engineer – July 2022 to Present**

**Easital Technologies Ltd**, 13/P, Mymensingh Lane, Banglamotor, Dhaka-1000

- Perform manual testing.
- Test case writing and implementation.
- API testing with Postman & Proxyman.
- Test cross-platform and cross-browser tests.
- Perform Load and Performance tests using JMeter.
- Automated important functionalities using automation tools Selenium.
- Responsible for tracking bugs in Jira & following up during sprints.
- Verifying acceptance criteria and Figma file is ready before a task is ready for development.
- Conducting demo or UAT to the stakeholders and retrospective meetings with the team.

**Software Engineer – Feb 2020 to Aug 2020**

**Enosis Solutions**, House 27, Road 8, Gulshan, Dhaka-1212

- Develop and modify software with JavaScript, jQuery, and Asp.Net Core.
- Implement and deploy enhancements and fixes.
- Debug and identify the root cause of problems.

## ● Projects

### **Beeda – Easital Technologies Ltd**

**Beeda** Mega App is an AI powered, on demand platform that offers 50+ on demand solutions, including food and product delivery, transportation services, digital payments, multi-vendor e-commerce, entertainment, travel, real estate, jobs, places, digital business cards, social media, car-related services, and much more.

**Responsibility:** End to End manual testing, API Testing, automation testing (**Selenium**)

App Link: <https://play.google.com/store/apps/details?id=com.beeda.user&hl=en&gl=US>

### **Beeda Merchant & Driver – Easital Technologies Ltd**

Beeda Merchant partner app allows to manage business, orders & finances in a single, centralized place.

Beeda Rides has become increasingly popular as a reliable ride-sharing platform. We connect passengers and drivers on a single platform where users can request a ride, and nearby drivers can accept the request. Requesting, tracking, paying, and rating—everything is possible on this platform.

**Responsibility:** End to End manual testing, API Testing

App link (Merchant)

App link (Driver)

<https://play.google.com/store/apps/details?id=com.beeda.driver>

## ● Education

Bachelor of Science: **Computer Science & Engineering**

2016-2020

**Daffodil International University**, Dhaka

## ● Problem-Solving

- Rank 21 – DIU Intra Programming Contest, Spring 2017
- 650+ problems solved in various online judges, such as UVA, LightOJ, and Codeforces.

## ● Extra-Curricular Activities

**Competitive Programming Trainer**

DIU Computer and Programming Club (2018-2019)

**Assistant General Secretary**

DIU Computer and programming Club (2018-2019)

Resume of

## Abied Hossain

B. Sc. in Electronics & Communication Engineering  
Khulna University of Engineering & Technology (KUET)  
Khulna-9203, Bangladesh  
Cell Number: +8801740033017  
E-mail: Abiedhossain12345@gmail.com

## Career Objective

I always look for opportunities where I can learn new technologies and resolve practical issues with my intuition and analytical ability.

Being a solution-oriented and hands-on technical utility player, I always try to combine my knowledge and skills in order to give my clients the best product in the software industry.

## Educational Qualifications

### Bachelor of Science in Engineering

|                   |   |  |
|-------------------|---|--|
| Duration of Study | : | March 2011 to April 2018                             |
| Field of Study    | : | Electronics & Communication Engineering              |
| University        | : | Khulna University of Engineering & Technology (KUET) |
|                   |   |  |

### Higher Secondary Certificate (HSC)

|                   |   |                                       |
|-------------------|---|---------------------------------------|
| Duration of Study | : | 2008 to 2010                          |
| Discipline        | : | Science                               |
| Institution       | : | B.A.F Shaheen College, Tejgoan, Dhaka |
| Result Obtained   | : | GPA 5.00 (out of 5.00)                |

## **Secondary School Certificate (SSC)**

|                   |   |                                   |
|-------------------|---|-----------------------------------|
| Duration of Study | : | 2000-2008                         |
| Discipline        | : | Science                           |
| Institution       | : | Adamjee Cantonment Public School. |
| Result Obtained   | : | GPA 5.00 (out of 5.00)            |

## **Research Work**

|              |   |  |
|--------------|---|--|
| Thesis Area  | : | Wireless Sensor Networking                                 |
| Thesis Title | : | Clustering Algorithm OF PON Based Wireless Sensor Network. |

## **Computer Literacy & Courses**

|                                |   |  |
|--------------------------------|---|--|
| CCNA Networking Course (CISCO) | : | Attended CISCO networking course           |
| Operating system               | : | Microsoft Windows 7, Windows 8, Windows 10 |
| Programming Language           | : | Python                                     |
| Packages                       | : | Microsoft Office, Jira, Bugzilla.          |

## **Experience:**

### **Software Quality Assurance at Core Devs Ltd**

From January 2024 to Present

### **Analyst at Risk and Compliance Department**

**ServicEngineBPO** from August 2019 to December 2020

## **Extra-Curricular:**

- Convener of RAG '10
- Inter-Hall Football Team (Champion '11, '15; Runners up '13)
- Member of KDS (KUET Debating Society)
- Active member of Blood donation society

- Inter-Hall cricket team (Champion'14)
- Runner-up on both Singles & Doubles (Intra. Department Table tennis Championship).

## Linguistic Proficiency:

Well conversant in **Bengali** and **English**; both **speaking** and **writing**.

### Self-Appraisal:

- Honest & punctual
- Like to take challenge
- Quick learner
- Hard working
- Amiable & friendly.

### Personal Details

|                   |   |                                       |
|-------------------|---|---------------------------------------|
| Father's name     | : | Zainal Abedin                         |
| Mother's name     | : | Aleya Abedin                          |
| Date of birth     | : | 25 <sup>th</sup> December, 1993       |
| Sex               | : | Male                                  |
| Nationality       | : | Bangladeshi                           |
| Religion          | : | Islam (Sunni)                         |
| Marital Status    | : | Married                               |
| Present Address   | : | 668 Shaheen Bagh, Tejgoan, Dhaka-1215 |
| Permanent Address | : | DO                                    |

I, Abied Hossain , hereby declare that the above information is true to the best of my knowledge and belief.

## CAREER OBJECTIVE

Diligent, result-oriented, and experienced SQA Engineer. I have expertise in **Manual testing, API testing, Performance Testing, Website Automation Testing using Selenium, and Mobile Application Testing using Appium**. I am proficient in Java, C, Python, and MySQL programming languages. I am motivated to look for a position at your prestigious company because of my desire to prove myself and contribute to creating high-quality software. I am excited to work with experienced professionals to improve my skills and expand my skill set by getting practical experience with testing frameworks.

## WORK EXPERIENCE

### Software QA Engineer

Reserveit BD | Lalmatia, Dhaka | February 2024 – Present

#### Job Responsibilities:

- ✓ Understanding the SRS document.
- ✓ Performing Website Automation Testing using Java in Selenium.
- ✓ Performing Android Application Automation Testing using Java in Appium.
- ✓ Conducting Manual QA, Functional & Non-Functional QA, UI Testing, Unit & Integration Testing, Adhoc Testing, Compatibility Testing, Re-testing, Regression Testing, UAT Testing and log issues/bugs in the Project Management Tool (Jira).
- ✓ Performing API Testing in Swagger and Postman.
- ✓ Performing Load Testing using JMeter.
- ✓ Accessibility Testing.
- ✓ Guiding the QA interns, evaluating their performance, and helping them learn API Testing, Load Testing, and Automation Testing.

## PROJECTS

---

### Android Application Automation Testing Project

(NB: Due to privacy issues, I cannot provide my official work which is a lot more updated & complex)

#### **Evaly Android application order process (full)**

Project link - <https://cutt.ly/jergcmAJ>

In this project, I have automated the Evaly's mobile application order process from first to last with sign in.

### Website Automation Testing Projects

(NB: Due to privacy issues, I cannot provide my official work which is a lot more updated & complex)

#### **Email Send And Verify Using Gmail and Microsoft Mail**

Project link - <https://cutt.ly/QerxbqcU>

In this project, I have automated the Email sending using Gmail to Microsoft Mail and verified it in Microsoft Mail.

#### **Mercury Tour Website Registration Process**

Project link - <https://cutt.ly/lwMO8X6N>

In this project, I have automated the Mercury Tours Registration process with a Data-Driven test using Excel.

#### **Form Fill-up Automation**

Project link - <https://cutt.ly/6eeqiFIZ>

In this project, I have automated a form-fill-up that contains various web elements.

### Performance Testing Project

#### **BlazeDemo Website**

Project link - <https://cutt.ly/pwNtgc75>

### Manual Testing Projects

(NB: Due to privacy issues, I cannot provide my official work which is a lot more updated & complex)

#### **Evaly eCommerce Platform**

Project link - <https://cutt.ly/6wBbVGKY>

- Completed the registration part

#### **OpenCart eCommerce Platform**

Project link - <https://cutt.ly/uwZ3c3dK>

- Completed the registration and login part

### University Projects

#### **Notes Application**

Project link - <https://cutt.ly/OwZgr2BF>

- Used **JAVA** language and Android Studio IDE.

#### **ATM Machine System**

Project link - <https://cutt.ly/5wZgdkFN>

- Used **C** language and CodeBlocks IDE.

#### **Student Database Management System**

Project link - <https://cutt.ly/swZggmq>

- Used **C++** language and CodeBlocks IDE

#### **Hospital Management System**

Project link - <https://cutt.ly/hwZgzFcn>

- A **SQL-based** project for data collection and storage.

## EDUCATION

---

### **B.Sc. in Computer Science and Engineering**

**Bangladesh University of Business and Technology (BUBT) | February 2020 – December 2023**

CGPA: 3.99/4.00 (SGPA 4.00 in 7 Sem.)

Thesis: "ALCNN: Advanced Lightweight CNN for Lung Cancer Classification using CT scan images", *Supervised by Md. Shahiduzzaman*

### **Higher Secondary Certificate**

**Magura Govt. H.S.S College | July 2017 – July 2019**

GPA: 4.58/5.00

**Objective:**

I am self-motivated with professionally passionate by having more than 3 years of experience and a solid academic background in Computer Science and Engineering. Desire to be a part of promising organizations to assist by utilizing my all skills, knowledge and experience.

**Technical Skills:**

**Tools and Technologies:** Automation (Web), Manual, Agile, STLC, Git, Office 365, nop-Commerce Dashboard, Bug reporting (AzureDevOps, Gitlab, Monday.com).

**Industry Knowledge:**

Cypress, Protractor, Basic SQL injection, Testlink, TestRail, Postman, Cross site scripting, Browser stack.

**Work Experience:****JustGo Technologies Limited ( SQA Engineer) (1/06/2023-Present):****Working with JustGo with customized Solutions**

- Successfully developed and executed test plans, procedures, use cases and provided in-depth analysis to create and roll out new feature.
- Test Planning , designing, Create Test Cases
- Direct communication to all the internal teams to ensure product Business
- Tracking bug and reporting to issue board with priority
- Maintain the STLC and Agile methodologies
- Following sprint with daily standup(QA)
- Executing test cases for functional, regression testing, smoke, sanity, UI testing, performance, and manual testing for web, android, iOS
- Ensure different environment with browser stack
- Perform cross site scripting (basic) to verify vulnerabilities
- Perform SQL injection (basic) to verify vulnerabilities
- Functional Testing with Cypress in JavaScript

**Celloscope Limited Bangladesh (SQA Engineer) (1/07/2022-31/5/2023):**

Worked for Agent License Online module, IDRA of Bangladesh

- Automation(web) and Manual Testing
- Prepare BRS, FRS and User manual
- Ensuring Figma while started Testing
- Before Each release make sure Regression Testing
- Functional Testing with protractor in JavaScript

**Bangladesh Software Solutions (SQA Engineer) (1/03/2021-30/6/2022):**

Worked for a client based in the Netherlands

- Develop Test Cases for mobile and web Application
- Reporting bugs and handling their life cycle
- Following Agile methodologies along with Sprint and daily standup
- Participating in house projects like E-commerce Application
- Functional automation with Selenium in Java

**Academic Profile:**

B.Sc.in CSE | 2021 | Institute of Science and Technology, Dhanmondi | CGPA: First class

H.S.C (Science) | 2014 | Rangpur Govt. College, Rangpur | GPA 4.10 S.S.C (Science) | 2011 | Rangpur Govt. Girls High School, Rangpur | GPA: 5.00

**Achievements:****Software Testing & Quality Assurance (Road To SDET)**

Learned both manual and automation testing “Full stack SQA Course”.

**Software Testing & Quality Assurance (Kodeeo)**

Learned both manual and automation testing “Kodeeo Certification Course”.

## Career Objective

---

Eager and adaptable recent graduate with a Bachelor's degree in Electronics and Telecommunication Engineering, aspiring to kickstart a career as a software quality assurance engineer with a fresh perspective and a hunger to make a meaningful impact in the industry. Equipped with theoretical knowledge and practical skills acquired from coursework and hands-on projects, committed to delivering tangible results and driving organizational success through continuous learning, strategic problem-solving and collaborative teamwork.

## Educational Background

---

- ❖ Rajshahi University of Engineering and Technology  
B.Sc Engg. in Electronics and Telecommunication Engineering
  - Passing year: 2023
  - CGPA:3.27
- ❖ Rajshahi College, Rajshahi
  - HSC, 2017
  - GPA:5.00
- ❖ Govt PN Girls' High School, Rajshahi
  - SSC, 2015
  - GPA:5.00

## Hard Skills

---

- ❖ **Manual Testing:** Test planning designing, requirement analysis, writing and reviewing test cases, test execution and evaluation, root cause analysis and bug reporting using test management tools.
- ❖ **API Testing tool:** Fundamental knowledge in API testing tool postman.
- ❖ **Performance Testing Tool:** Basic knowledge in performance testing tool JMeter.

- ❖ **Programming language:** Basic knowledge in programming language such as C, python, JavaScript and Arduino.
- ❖ **Concepts:** Familiarity with SDLC, STLC and object-oriented programming concepts.
- ❖ **Computer Skills:** Familiarity with Basic computers skills in a Microsoft Windows environment including experience with various Microsoft applications such as Word, Excel, Visio, PowerPoint etc.

## Soft Skills

---

- ❖ Observation
- ❖ Quick learner with a passion for staying updated
- ❖ Decision making
- ❖ Communication
- ❖ Multi-tasking and more

## Extracurricular Activities

---

- ❖ Content Writing, LEXIS INC, Rajshahi 2019-2020

Mostly wrote captivating review articles for various products as a part-time job during my second year of university. This helped to increase proficiency in conducting thorough research, analysing products/services, and delivering compelling SEO-friendly reviews that resonate with audiences.

## Training:

---

- SQA and Cyber Security
- ❖ IT training BD (USA based training organization)

## CORE SKILLS

**Testing:** Advanced skills in SQL, Smoke, Regression, Sanity, Load (JMeter), and API Testing (Postman).

**Quality Assurance:** Expertise in A/B Testing, cross-browser and platform testing using BrowserStack.

**Project Management Tools:** Proficient with Asana, Trello, JIRA, and Hubspot.

**Methodologies:** Strong foundation in Scrum (Agile) and App Testing techniques.

**Collaboration & Communication:** Effective use of Notion and Loom for team coordination and communication.

# Sabah Tasnin

## SQA Engineer

### ABOUT ME

As a dedicated and results-driven SQA Engineer, I am committed to enhancing software quality through rigorous testing and QA processes. My goal is to leverage my extensive experience in quality assurance to foster success in dynamic and forward-thinking organizations. Renowned for my punctuality, commitment, and adaptability, I seek challenging roles that propel both personal and professional growth.

### PROFESSIONAL EXPERIENCE

#### SQA Engineer

(Dec 2019 – present)

**CodersBucket (previously InstalogicBD)**

- Led the coordination between clients and developers, ensuring timely delivery of high-quality software features and resolving issues effectively.
- Received multiple Employee of the Month awards for punctuality and exceptional quality of work, alongside commendations from US clients for outstanding software quality.
- Initially managed the SimplyEloped project independently as the sole QA, later mentored and led a team, maintaining high standards in a complex web platform.

**Skills:** Asana - Hubspot - SQL Testing - Smoke Testing - Regression Testing - Sanity Testing - Load Testing (JMeter) - Amplitude - API Testing (Postman) - BrowserStack - A/B Testing - Scrum (Agile) - App Testing – Notion-Burpsuite-(Security Testing)- Loom

**Projects:** [Simply Eloped](#) (US)

## OTHER SKILLS

### LANGUAGES

Bengali

English

### ORGANIZATIONAL

Communication

Teamwork

Social

Punctuality

### SQA Engineer AriSaf Tech Ltd.

(April 2019 – Nov 2019)

- Led a SQA team for Japanese projects, maintaining stringent UI and functional standards.
- Maintained high-quality standards and timeliness in client and team coordination.

**Skills:** Trello - Sanity Testing - Smoke Testing - Writing Test Cases

**Projects:** Koubou (JP), [IGS AiGrow](#) (JP), [InsightTech](#) (JP) & [InsightTech Lab](#) (JP)

### Junior SQA Engineer

(Oct 2017 – March 2019)

WebHawks IT

- Quickly adapted to new tools and methods, demonstrating strong commitment to skill development.
- Ensured project success with meticulous testing and attention to quality deliverables.

**Skills:** Trello - Sanity Testing - Smoke Testing - JIRA - Writing Test Cases - Loom - Zephyr

**Projects:** Eudaimonia Lab (JP), Create Caddy (US), Address Reports (US), Koubou (JP), [IGS AiGrow](#) (JP), [InsightTech](#) (JP) & [InsightTech Lab](#) (JP)

## EDUCATION

### BACHELOR OF COMPUTER SCIENCE & ENGINEERING (2014 – 2017) BANGLADESH UNIVERSITY OF BUSINESS AND TECHNOLOGY (BUBT)

CGPA: 3.03 out of 4.00

### DIPLOMA IN ENGINEERING (2008 - 2012) COMPUTER SCIENCE & ENGINEERING

CGPA: 3.54 out of 4.00

### SSC (2008) DUBALHATI RAJAHARANATH HIGH SCHOOL

CGPA: 4.63 out of 5.00

# Syed Fateen Navid Haider

Apartment-01, Tower-01, 5th Floor, House No. -01  
Bijoy, Rakeen City  
Mirpur-13, Dhaka.

Email: fateennavid@iut-dhaka.edu  
LinkedIn: <https://www.linkedin.com/in/syed-fateen-navid-haider/>  
Phone Number: +8801817211073

## SKILLS

- Proficient in different programming languages such as C, C++, and Java
- Experience in working in different programming languages such as HTML, CSS, Javascript and React
- Familiar with the basics of programming languages such as Python
- Experience in working with UI/UX tools such as Figma.
- Awareness of different programming concepts.
- Awareness related to cybersecurity basics and principles
- Basic knowledge on Linux commands and also learning Linux System Administration
- Working knowledge of cybersecurity tools such as Wireshark and Metasploit.
- Good written and verbal communication
- an attentive, versatile and adaptive learner
- Efficient under time constraints

## EXPERIENCE

### Huawei Technologies Ltd., Bangladesh

Intern

December 2019

- I got introduced to the office environment and workspace etiquette
- Gained an idea about the new technologies being tested in their facilities

### Red.Digital Limited

Intern

May 2022–August 2022

- Worked on the QA department during that time period

- 
- Gained ideas about how the Software Development Life Cycle works in the industry
  - I learned about how to write test cases and test cases manually
  - I worked on some projects related to testing new versions of apps such as Binge and websites such as Rstore
  - I had a preliminary idea about how test automation works.

## **Beetles.io**

Intern

May 2023–June 2023

- IUT industrial training at Beetles.io gave me firsthand experience working with Metasploit.

## **EDUCATION**

### **Islamic University of Technology, Dhaka, Bangladesh**

Bachelor of Science (B.Sc.) in Computer Science and Engineering (CSE)

January 2020–present

Present CGPA: 3.19

### **Notre Dame College, Dhaka, Bangladesh**

Higher Secondary Certificate (HSC), Science

2017 - 2019

### **St.Joseph Higher Secondary School, Dhaka, Bangladesh**

Secondary School Certificate (SSC), Science

January 2009 - February 2017

## MD. RIAZAT KABIR SHUVO

## OBJECTIVE

My goal is to become associated with a company where I can utilize my skills and gain further experience while enhancing the company's productivity and reputation. A hardworking and enthusiastic individual who is willing to pursue career advancement in the IT sector.

## EDUCATION

### ◆ NORTH SOUTH UNIVERSITY

2022

Bachelor of Science in Computer Science and Engineering

**2.59/4.0**

2015

### ◆ DHAKA RESIDENTIAL MODEL COLLEGE

Higher Secondary Certificate

2013

**4.58/5.0**

### ◆ DHAKA RESIDENTIAL MODEL COLLEGE

Secondary School Certificate (SSC)

**5.0/5.0**

## SKILLS

- Languages: C, Java, Python, HTML5, CSS, JavaScript.
- Database: MySQL
- Version Control: Git.
- Microsoft Office: Word, Excel, PowerPoint.
- Python App Development with Flask and Ngrok.
- Python App Development with Streamlit.
- Photography.
- Software Quality Assurance (SQA):
- Test Case, Bug Report, UI Testing, Test Case Report Writing, Test Metrics, Mind Maps with XMind, Manual Testing, API Testing, JIRA, Performance Testing, Selenium, Web Automation, Database Testing.
- Web Development:
  - Backend (Django, REST Framework.)

## TRAINING

## PROJECTS

- **Directed Research (COURSE CODE-CSE498R):**

**Comparative Study of Anomalies Detection in Wafer Manufacturing Using Machine Learning Method.** The study utilizes machine learning to enhance efficiency and accuracy in wafer manufacturing anomaly detection using a dedicated software program and specific dataset.

- **Senior Capstone Project (COURSE CODE- CSE499A, CSE499B):**

**Bangla Emotional Text to Speech.** The web app generates Bangla speech with specific emotions and poem readings using dedicated Tacotron 2 models trained on custom datasets.

- **Junior Capstone Project (COURSE CODE-CSE299): Bangla Study resources website.** A website was developed for SSC and HSC students of Bangla and English medium to access exercises of chapters with solution manuals. The website is in Bangla language

- **Digital Logic Design Project (COURSE CODE-CSE231):**

The project was to construct a circuit that would display “Canada21” on the display using D-flip flops.

- **Machine Learning Project (COURSE CODE-CSE445):**

The project employs K-Nearest Neighbor and Decision Tree algorithms to address the issue of overwhelming major choices by using machine learning to suggest suitable majors based on students' academic background and activities.

- **Software Quality Assurance Project:**

Test Case, Test Case Report, Test Metrics and Mind Maps for the website [Tenbea](#) was done. The modules are Register and Login.

**Projects:**

[\*\*Tenbea Project\*\*](#)

Herokuapp website was tested for API with Postman and report generated Newman.  
Project Details:

[\*\*Herokuapp\*\*](#)

**Load Testing:**

Nikon UK website was load tested by JMeter and report generated.

Project Details:

[\*\*NikonUK\*\*](#)

**Web Automation:**

Selenium was used here.

Details:

[QAAzure](#), [QAAzure2](#), [QAAzure3](#), [Daraz](#).

❖ **Publications**

An Autonomous Agricultural Robot for Plant Disease Detection.

[Plant disease detection](#)

An Intelligent Versatile Robot with Weather Monitoring System for Precision Agriculture.

[Precision Agriculture](#)

**ACTIVITIES**

❖ **IEEE:**

Global Member

31<sup>st</sup> January 2017 – 31<sup>st</sup> January 2018

❖ **NSU Public Health and Science Club (NSUPHSC)**

Sub-Executive

31<sup>st</sup> May 2021 – 31<sup>st</sup> May 2022

❖ **Pathshala South Asian Media Institute**

Basic Photography Student

30<sup>th</sup> September 2016 – 11<sup>th</sup> November 2016

## PROJECTS WORKED WITH

---

### AUTOMATION OF THE INVOICE CREATION PROCESS

Account Payable Department, Multinational telecommunication company

Fetching all required data from the BL Invoice Portal and creating the invoice according to the fetched data in ERP.

Uipath Excel Oracle ERP BL Invoice portal

### AUTOMATION OF VENDOR PAYMENT PROCESS

Account Payable Department, Multinational telecommunication company

Downloading payment excel from ERP, verifying and scrutinizing the excel and making payment in ERP and updating status in the payment excel

Uipath Excel Oracle ERP

### URMI GARMENTS LIMITED

Finance and Accounts Department

Extract data from Multiple formats of pay-order and input said pay-order into ERP by navigating through it using defined logic and Generation of report after process.

Uipath ERP system Excel

### AUTOMATION OF VENDOR PAYMENT,POC

Finance and Accounts Department, Insurance company

Extraction of required data from the payment portal and preparing a payment tracker excel report.

Uipath Excel Vendor Payment Portal

### GREEN DELTA ACCOUNTS COLLECTION RECONCILIATION

Finance and Accounts Department, Insurance company

Data Extracted from multiple resources, matching and re-conciliating data from multiple resources. And Generating Properly organized report data.

Uipath Excel

### ATM BOOTH REPLENISHMENT,PoC

Card and ADC Department,Private Bank

Collects the Daily ATM Cash Summary from email.Download ATM Switch Excel file from the email.Cross-check the information between the Cash Summary File and the Switch Branch File.Update the Main Report File with the cross-checked information.

Uipath Excel Outlook

### BGB E-RECRUITMENT WEBSITE

Quality Assurance of E-Recruitment website

Collaboration with developers to help build the application.Creating test cases, test results , documentation , manual testing and complete automation testing. And complete on-site support in successfully deploying application.

Python Selenium Uipath Excel

## Professional Experience

---

03/2016 – present  
Islamabad, Pakistan

### Sr.Software Quality Assurance Engineer

*SkyElectric*

- Active Collaboration with developers and business stakeholders for requirements clarity.
- Proactive in Sprint execution.
- Performing in-depth analysis and investigation of complex functionality.
- Hands on experience with detailed test plans, test reports and test scenarios for different project components.
- Proficient in Database testing and analytics.
- Experience with web-based and mobile application testing.
- Hands on experience with back-end /API testing, Front end workflows as part of GUI testing and functional testing.
- Working with cross-functional teams in refining and improving product features to generate ideas for new functionality.
- Proactively involved in Technical/ User Centeric Documentation .Wrote User Manuals for multiple products.

02/2015 – 02/2016  
Islamabad, Pakitstan

### Research Associate

*Center for Advanced Research in Engineering (CASE CARE)*

- R&D of Smart Energy Solution Project (currently with further optimizing and refinement is a core part of current Skyelectric smart energy solution namely SMARTFLOW)
- Proposed different solutions for smart energy project.
- Implemented solution with verified results (also accepted and published in IEEE).
- Undergraduate students Research teaching Assistant
- Prepared White paper and other Software Related Documents.
- Prepared detailed test plans, test scenarios for different project component.
- Software Simulation Testing.

06/2011 – 08/2011  
Islamabad, Pakistan

### Internee

*National Development Complex (NDC), Nescom Islamabad*

- Learned MATLAB and C#.
- Developed a Bluetooth complete interface in C# language using visual software. This detects the Bluetooth device in range and provide all kind of communication between two devices.
- Developed hard drives access and control in C# language.

## CAREER OBJECTIVE

Looking for a position in Software Quality Assurance Engineer where I can use my theoretical knowledge and abilities in a stimulating and competitive work environment. I'd also like to work with the newest, most interesting technologies, which will help me further my career.

## JOB EXPERIENCE

- Working as **Maintenance Engineer - IT** from December 2021 to Present at Kingfisher Shipping Lines. Link: <https://kingfishershippinglines.com/>

## QA RELATED SKILLS

- **Manual Testing:** Analysis Requirement, Test execution & evaluation, Designing & writing test cases, Functional & Non-functional testing, API testing, Mobile Testing
- **API Testing Tool:** Postman, Newman
- **Performance Testing Tool:** JMeter
- **Agile Methodology & Project Management Tool:** Jira
- **Web Automation Testing Tool:** Selenium
- **Mobile Automation Testing Tool:** Appium
- **Source Control:** Git

## QA RELATED WORKS

- Test Case Writing  
**Link:** [Test Case](#)
- API Testing Using Postman and Newman  
**Link:** [API Testing](#)
- Load Testing using JMeter  
**Link:** [Load Testing](#)
- Web Automation Testing  
**Link:** [Automation Project](#)

## RESEARCH WORK

- A research work to facilitate the access to the medical services regardless of the distance between doctor and patient.  
**Link :** <http://dspace.uiv.ac.bd/handle/52243/172>

## PROFESSIONAL COURSES

- **SQA & Cyber Security (Ongoing)**  
IT Training BD, a United States based training organization.

- Completed a 6 months course on **Object Oriented PHP and Laravel Framework (PHP)** at **Center for Development of IT Professionals in United International University**.
- Completed a 4 months course on **Web Development and Design** at **Career Council Center (CCC)** from **United International University** in 2015.

### TECHNICAL SKILLS

- **Programming Languages:** C, Java, HTML, CSS, Bootstrap, JavaScript, PHP, Laravel Framework (PHP).
- **Database:** MySQL

### PROJECTS

- Made a Data Entry software (web based) using PHP and JavaScript and made another Data Entry software (web based) using Laravel Framework.
- Made a student management system using PHP.

### ACADEMIC QUALIFICATION

- **Bachelor of Computer Science and Engineering (CSE)**  
Name of University : United International University (UIU)  
Department : Engineering  
Subject : Computer Science and Engineering (CSE)

### LANGUAGE SKILLS

- Fluent in Bangla as mother tongue.
- Fluent in listening, speaking, reading and writing in English.

### KEY SKILLS AND STRENGTHS

- Quick learner
- Good communication and interpersonal skills
- Knowledgeable and friendly

## **Professional Summary:**

An Software Engineer with 2+years of experience at Auxtomate Technologies. I specialize in manual testing, and I possess a fundamental understanding of automation testing. Additionally, I have hands-on experience with defect tracking tools such as Trello and Jira.

## **Technical Skills:**

- Manual Testing
  - Defect Tracking
  - Test Case Design
  - Regression Testing
  - Test Execution
  - Bug Reporting
  - API testing
  - Performance Testing
  - Functionality Testing
- 
- **Tools:**
    - a) Jira
    - b) Trello
    - c) Postman

❖ **Training :** Completed Manual testing, SQL ,Core java course in Q SPIDERS.

## **Professional Experience:**

**QA Tester**

**Jan 2022-Jan 2024**

- ❖ Overall, 2+ years of IT experience as Software Engineer in Software Testing (Manual Testing and Automation )
- ❖ Involved in SDLC and STLC phases.
- ❖ Extensive experience in Black Box Testing, System Integration Testing (SIT), Functional Testing, Regression Testing, UAT and End to End Testing.
- ❖ Experience in preparation of requirement Traceability Matrix.
- ❖ Worked on Test Plans, Test case Design, Execution of test cases and Defect logging & tracking.
- ❖ Experience in working with defect tracking tools like JIRA.
- ❖ Responsible for executing test cases, documenting results and defects.
- ❖ Experience creating end to end test automation for multiple applications.
- ❖ Willing to learn new technologies and implement the same in the Testing Area.
- ❖ Facilitated knowledge transfer to consultants and new team members regarding business and helped them understand application flows.

## THESIS

---

### Ahsanullah University of Science and Technology

Bachelor of Science in Computer Science and Engineering (B.Sc. in CSE)

Date of Graduation: December 12, 2023

### **Thesis Title: A Machine Learning Approach to Recognize Doctor's Handwritten Prescription in Bangladesh**

Implemented a novel machine learning system utilizing the VGG16 model to interpret diverse handwritten prescriptions by Bangladeshi doctors. The research focuses on enhancing patient safety and contributes to global healthcare technology advancements.

# ARIFA KHATUN BITHI

201/A Kajla, Jatrabari, Dhaka-1236, Bangladesh

Mobile: +880 1780780030

E-mail: arifabithi99@gmail.com

Linkedin: <https://www.linkedin.com/in/arifabithi99>

Portfolio: <https://arifabithi99.github.io/>

## Career Objective

To develop a successful career of self-assessment and self-improvement in both individual and team based work that ultimately leads to the future developments and seeking a progressive organization that provides an opportunity to capitalize my technical skills and abilities.

## Technical Skills and Tools

- Proficient in SDLC methodologies for quality assurance, Solving critical problems, Software requirement specification and analysis, Minimal UI design and implementation, Good concept of OOP.
- **Programming and Script Language:**
  - C
  - Python
  - Java
  - HTML
  - JavaScript
  - C#
- **Operating System:** Windows 10/11 and Linux (Mint)
- **Database Design:** SQL Server, MySQL
- **Frameworks:** ASP.NET Core, Bootstrap
- **Development Tools:** Visual Studio, Visual Studio Code, Eclipse
- **Testing Tools:** Postman, Selenium, Cypress, JMeter, Appium, Jenkins, GitHub Action, TestNG
- **Other Tools:** MS Word, MS PowerPoint, MS Excel, Draw.io
- **Project Management Tools:** Trello
- **Version Control:** Git

## Education

| Degree                       | Major                | Passing year | Name of Institution                              | Grade     |
|------------------------------|----------------------|--------------|--|-----------|
| B.Sc in Software Engineering | Software Engineering | 2022         | Daffodil International University                | CGPA 3.28 |
| HSC                          | Science              | 2017         | Dhaka Cantonment Girls Public School and College | GPA 4.92  |
| SSC                          | Science              | 2015         | Ruigari High School                              | GPA 4.72  |

## Academic Projects

- ❖ **Songhoti (Prevent Sexual Harassment)**
- **Technology:** .NET Core, JavaScript, SQL Server
- **Features:** By this application, Authority can understand the problem under campus and take the essential steps to prevent the sexual harassment.
- **Project link:** <https://github.com/arifabithi99/Songhoti>

## Training Summary

| Course   | Name of Institution        | Duration | Certificate No |
|--|----------------------------|----------|----------------|
| Hands-On Automation Testing                        | Full Stack Academy         | 90 hours |                |
| ISTQB CTFL Course Completion                       | Full Stack Academy         | 40 hours |                |
| Introduction to Software Testing                   | Coursera (Online Platform) | 4 weeks  | ALMGWDZBTCS8   |
| Robotics Process Automation Design and Development | UiPath                     | 36 hours |                |

## Online Learning Profile

---

Using analytical and communications skills to provide meaningful team contributions. Hands-on experience in mobile, web, and desktop applications testing and test automation. Experienced in compatibility testing against different OS, browsers, and devices. Performing Functional, Usability, Boundary, Regression, Integration, Browser Compatibility. Self-organized, quick learner, and team player.

## **SKILLS:**

- Manual Testing and find out the root cause of a bug (Mobile Apps & Web Applications).
- Automation testing using Webdriver IO (selenium & appium)
- Knowledge about JavaScript, Node & MySQL .

## **EXPERIENCES**

### **Navigator Technology - QA Engineer (December 2023 - Present)**

#### **Responsibilities**

- During my time at the company, I worked on various projects for our mother company, **Navigator Tourism**, including CRM(Accounting Software), Flight(OTA), Hotel, Visa, Package, and Transport services.
- Campaign & PGW(Payment GateWay) Integration testing(Nagad, Bkash, SSL).
- GDS(Sabre) API testing using postman.
- Database testing using MySQL Workbench.
- Managing deployment servers using tools like Putty, WinSCP, RDC for efficient deployment processes.

### **Navigator Technology - Internship (August 2023 - November 2023)**

#### **Responsibilities**

- During my time at the company, I had the privilege of working on projects for notable clients, including **SHOHOZ**: Bangladesh's Largest Online Ticket Destination, **InterwaveComputers**: Ecommerce Platform.
- I collaborated with Shohoz on their OTA platform(ShohozAir).
- Conduct Functional, Integration, Regression, Database, UI/UX, Interface, and UAT testing.
- GDS(Fly Hub) API testing using postman.
- Database testing using MySQL Workbench.

## **EDUCATION**

### **BSc. In Computer Science & Engineering**

## ABOUT ME

Experience in Software Quality Assurance, performing manual testing and Security Testing. Good testing skills which include preparation of test cases, test plan, bug reports, regression, UI & Compatibility testing, Security testing, Performance and Load.

## WORK EXPERIENCE

### ● Software Quality Assurance Engineer

March 2023 - present      Udhhaar Book / Karachi

Currently working as a manual tester, responsibilities to test Applications, Website, PO portal analyses impact on Dashboard, testcases, test Analytics Events and Report bugs in Clickup tool.

### ● Software Quality Assurance Engineer

Oct 2021 - Feb 2023      Auriga Solutions / Karachi

Worked in agile based environment as manual tester, responsibilities to test websites, application, write test cases and reported bugs in bug reporting tool Azure

### ● Software Quality Assurance Engineer

sep 2020 - sep 2021      Rapid Compute / Karachi

Worked as a Manual & Automation tester, hands on Cypress tool, security testing & Performance testing

### ● Software Quality Assurance

feb2020 - mar 2020      Systems Limited / Karachi

Worked as an Intern, Execute test cases of Websites and Applications and log defects into the bug tracking system

### ● Content Strategist

mar 2020 - mar 2020      WomenInTech / Karachi

Created Content Calendar for WomenInTech Projects

### ● Website Developer

june 2019 - Sep 2019      Robotics World / Karachi

Worked as a Website Developer at ORIC Department of Iqra University

## SOFTWARE SKILL

Cypress

ZAP

JMeter

HTML

Jquery

CSS

## Sumaya Yeacin Rimu

### Assistant Software Quality Assurance Engineer

#### Contact

+8801712047697

[sumaya1489@gmail.com](mailto:sumaya1489@gmail.com)

#### PERSONAL SKILLS

- Discreet & Trustworthy
- Resourceful Team player
- Building relationships
- High energy levels
- Proactive
- Organized
- Courteous but firm character

#### SKILLS IN COMPUTER

- JIRA SOFTWARE
- POSTMAN
- C, C#, HTML5, CSS, Python
- DATABASE
- MS Office

#### PROFILE:

To explore & looking for a challenging role in a dynamic stable organization to utilize my technical, database, management & leadership skills for the growth of the organization as well as to enhance my knowledge about management and IT sector. Able to work under pressure.

#### EMPLOYMENT HISTORY:

##### **Assistant Software Quality Assurance Engineer**

July,2023— Present

##### **iFarmer.asia**

Experience on Products of iFarmer as like ERP, Website, Sofol app, Investor app, Kri-Shop app & Folon app

##### **Junior Software Quality Assurance Engineer**

July,2021— June,2023

##### **iFarmer Limited**

Hands on experience of iFarmer products as like ERP, Website, Sofol app, Investor app & Kri-Shop app

##### **Intern in Software Quality Assurance Engineer**

March,2021— June,2021

##### **Misfit Technologies**

Experienced on Shopoth (an e-commerce site), Genocide (Bangladesh Government project), & Moneyking (a Myanmar project)

#### EDUCATION:

##### **BSc (Bachelor of Science)**

[North South University](#) Passing year: 2016-2020  
Department: ECE (major in CSE) CGPA- 2.80 out of 4.00

##### **HSC (Higher Secondary School Certificate)**

[Shaheed Bir Uttam LT. Anwar Girl's College](#) Passing Year: 2015  
Group: Science GPA 5.00 out of 5.00

##### **SSC (Secondary School Certificate)**

[Monipur High School and College](#) Passing Year: 2013  
Group: Science GPA- 4.94 out of 5.00

## LANGUAGES:

English – Advanced High  
Bengali – Superior  
Hindi – Intermediate Low  
French – Novice Mid

## ACHIEVEMENTS:

### **Certificates:**

- Volunteer certificate from NSU CEC in Cybernauts'16 as organizer
- Singing certificate from my local area singing competition.

### **Club Positions:**

- Sub-EB of Promotions at Computer & Engineering Club. (NSUCEC)
- Senior Member of R&D at NSUACM Student Chapter

## INTERESTS:

- Singing
- Listening Music
- Designing
- Cooking

## Skill Highlights:

### **Technical:**

- Software Testing
- Mobile app testing
- Web testing
- Cross browser testing
- Responsive testing
- Bug Tracking
- Test Case Writing
- SQA Process
- SDLC
- Scrum
- Experience working on multiple project

### **Professional:**

- Review designs and technical specifications and translate them into test-cases maximizing test coverage.
- Work with Engineering (frontend and backend) in an agile squad-based environment to thoroughly test and verify new features in a timely manner before they are released.
- Execute test cases and log defects into the bug tracking system in accordance with QA company standards. Manage schedule to complete all testing in time for release deadlines, and will sign off when a build is ready for app submission.
- Collaborate closely with Developers, Designers, Product Managers, and Customer Support to clarify inconsistencies between the spec and the outcome, and ensure that the final product meets expectations. Provide comprehensive QA test reports.
- Operate with limited oversight to fulfill duties.
- Planning the activities and organizing a project team to perform work as have experience on Project Management Coordinator

# PRATTAY DHAR LOGNA

SQA Engineer

## ABOUT ME

Experienced SQA Engineer proficient in automation (Postman, JMeter) and manual testing, specializing in GUI and database testing. Skilled in Jira, with a solid grasp of CI/CD. Well-versed in project management, ready to enhance software quality.

## EXPERIENCE

---

### ● Software Quality Assurance Engineer

Banglalink Digital (Response Payroll)

January 2023 - Present

Responsibilities:

- Test Case preparation and test planning.
- Bugs tracking & reporting.
- Business Logic analysis.
- QA & UAT
- Requirement analysis and writing.
- Top Portfolio: MyBL Super App, Banglalink Website, Toffee, BL Eshop

Skills: Postman, JIRA, User Acceptance Test, SDLC, STLC, Agile Methodology

### ● IT Operations Engineer

Banglalink Digital (Response Payroll)

August 2022 – January 2023

Responsibilities:

- BTS, BSC, MSC knowledge.
- Alarm Escalation. KPI graph maintenance.
- Huawei, Nokia, ZTE technology supervision.
- Zero Traffic Report generation. Workorder maintenance. Network diagnostics.

Skills: GSM Architecture, RAN, SA Report, Huawei, Nokia, ZTE terminology, Alarm escalation etc.

### ● INTERNSHIP

Banglalink Digital Communications Ltd.

May 2022 – August 2022

Responsibilities: Developed false alarm findings application.

## OBJECTIVE

As a dedicated and ambitious BSC student in CSE, I am eager to leverage my academic knowledge, determination, and passion to embark on a successful career in the CSE field. I seek opportunities to gain real-world experience, refine my skills, and contribute to the growth of an organization that values innovation and professional development.

## EXPERIENCE

### Industrial attachment

#### Brain Station-23

September 2023

Mohakhali CA, Dhaka -1212, Bangladesh

- I basically learned different languages like Java Script and PHP at Brain Station-23
- Prepared weekly reports and gathered knowledge about office environment.

### SQA Trainee

#### PeopleNTech Institution of IT

May,2024-ongoing

Panthopath,Dhaka

## PROJECTS

### Project 1

#### A Bakery management Website

- Language Used : Html,CSS,Javascript.

### Project 2

#### Thesis Project on smart wastage system

- Using IOT,Machine learning,Web development and Database.

### Project 3

#### A Software Quality And Testing Project on Online Matrimony

- Using Testing levels, tools, meetings, Test cases and Database.

## TECHNICAL SKILLS

- Language: Javascript, C++,Basic python
- MarkUP and Scripting Languages : HTML,CSS
- Database: MySql
- Software Testing : Manual testing ,Test planning,Using various tools like Jira etc

## EDUCATION

Bachelor of Computer Science and Engineering (B.S.C)

**University of information Technology and science**

Passing Year- 2024

CGPA: 3.69

Higher Secondary School Certificate (H.S.C)

**Dhaka City College**

Passing Year- 2019

GPA: 5.00

Secondary School Certificate (S.S.C)

**A.K High School College**

Passing Year-2017

GPA: 5.00

## ACHIEVEMENTS

Solved 100+ basic Problems in different online judges Codeforces, Beecrowd.

## STRENGTHS

Good negotiation & interpersonal communication.

Being able to motivate with people at all levels.

Ability to work with group.

Ready to work in a new environment.

**QA Engineer** Dedicated and detail-oriented Quality Assurance Engineer with [X years] of experience in ensuring the quality and functionality of software applications. Proven expertise in test planning, test case design, execution, and defect tracking. Adept at collaborating with cross-functional teams to deliver high-quality software products.

## Experience

09/2023 to Running

### Software Quality Assurance Engineer

**XEON TECHNOLOGY LTD**, Mirpur 10, Dhaka-1216

- Develop, maintain and execute test plans and test cases.
- Review product requirements and specifications.
- Perform manual and automated testing
- Perform regression, smoke and other types of testing.
- Identify and report bugs and other issues.
- Keep track of bug fixes and verify fixes.
- Managing Microsoft Azure Devops
- Identify and document major and minor issues.
- Evaluate product quality and usability.

06/2018 to 09/2019

### Assistant English Teacher

**PROBORTON COACHING CENTRE**, Mirpur 1, Dhaka-1216

- Plan and deliver lesson plans aligned with the state's Standard and incorporated various English teaching methods.
- Assign homework and administered exams to help students understand the course.
- Communicate student progress to their parents.

## Highlights

- Software Quality Assurance
- Data Analyst
- Manual Testing
- API Testing
- Performance Testing
- Web Automation
- Basic knowledge about some programming language
- Ability to motivate staff and maintain good relations
- Good Communication
- Good manners

## Education

Bachelor of Science: CSE – 2022  
Prime University, Mirpur 1, Dhaka-1216

## Personal Information

- Father's Name : Late Golam Kibria Badol
- Mother's Name : Mst Morshed Begum
- Date of birth : 18/11/1998
- Marital Status : Unmarried
- Gender : Male
- Religion : Islam
- Nationality : Bangladeshi

## Hobbies

- Playing chess - great way to unwind, destress, and keep the mind sharp.

# Fahim Ahmed

## TECHNICAL SKILLS

**Programming Language:** Python, Java

**Methodologies:** Agile

**Automation testing Frameworks:**

Selenium WebDriver, TestNG

**API Testing Tool:** Postman

**IDE:** Visual Studio, IntelliJ

**Project Management Tool:** Jira

**Database:** MySQL

**Source & Version control:** Git

**Other Software/Tools:** HTML, CSS, Bootstrap

**Advanced Microsoft Excel, Google Sheet**

## Publication:

**Topic:** A Comparative Study of Different Text Classification Approaches for Bangla News Classification

- Published in the 24th International Conference on Computer and Information Technology (ICCIT).

## Hobbies:

Sports & Travelling

## Summary:

I have one and a half years of experience working as an SQA Engineer, involving various types of testing activities for both Windows and web-based applications. I am skilled in test automation using the Selenium framework and proficient in API testing with tools like Postman. Projects I have worked on maintain agile methodology following the SDLC. This tenure provided me with valuable insights into the diverse cultures of both multinational corporations and startup environments. Looking ahead, I aim to expand my expertise in the SQA field, focusing on the areas I have already been involved in.

## Work Experience:

### **6sense Technologies**

#### **Junior SQA Engineer: (Feb 2023- Present)**

- Automate test cases using selenium based on user stories developed from requirement and Jira task
- Maintaining and enhancing automation test suites
- Writing and executing test cases for web applications
- Maintain 4-week sprint model
- Testing web-based application and reporting bugs in Jira
- Performing API testing using postman

### **Samsung R&D Institute Bangladesh Ltd.**

#### **Software QA Engineer (Intern): (June 2022- December 2022)**

- Have gained the experience of testing windows and web app.
- Conduct different types of testing techniques. Such as : UI Testing, Functional Testing, Sanity testing, Regression Testing, Exploratory Testing
- Finding out bugs and assisted developers to analyze the bugs
- Reporting bugs in issue and project tracking software
- Writing and executing test cases
- Communicates with overseas R&D people

## Academic Qualification:

### **Bachelor of Science in Computer Science**

**BRAC University** (2017-2021)

CGPA: 3.12

### **Higher Secondary Certificate (HSC)**

**B.A.F Shaheen College** (2014-2016)

GPA: 5.00

### **Secondary School Certificate (SSC)**

**Ideal School & College** (2004-2014)

GPA: 5.00

## Training & Online Courses:

- Software Testing & Quality Assurance (December 2021- February 2022)** organized by **BITM and PeopleNTech Institute of Information Technology**

## CAREER OBJECTIVE

Determined Software Engineer with strong analytical and problem-solving skills, I aim To secure a QA Engineer role at Fashol PTE Ltd, utilizing my expertise in software testing and development to ensure high-quality, reliable products. I aim to enhance Fashol's agricultural supply chain mission by implementing best practices and improving testing procedures.

## SKILLS

- **Manual Testing:** Requirement Analysis, Test Case Writing, Root Cause Analysis, Bug-Tracking
- **API Testing:** Postman & Newman
- **Testing Tools:** Selenium
- **Concepts:** SDLC, STLC, OOP
- **App Testing:** Appium
- Agile Methodology and Project Management: Jira
- Attention to Detail
- Analytical and Problem-solving Skills
- Availability of Teamwork Skills
- Ownership Capability
- **Web Development:** HTML5, CSS3, JavaScript, WordPress

## EDUCATION

### Bachelor of Science in Computer Science & Engineering | Jan 2020 - Jan 2024

Bangladesh University of Business and Technology  
Field of study: Computer Science Engineering  
Major: Software Engineering  
Medium: English  
CGPA: 3.47 out of 4.00

### Higher Secondary School Certificate (HSC) | Jul 2017 - Jul 2019

Shaheed Police Smrity College, DHAKA  
Field of study: Science  
Medium: Bangla  
GPA: 4.25 out of 5.00

### Secondary School Certificate (SSC) | Jan 2007 - Apr 2017

Monipur High School, DHAKA  
Field of study: Science  
Medium: Bangla  
GPA: 4.91 out of 5.00

## ACADEMIC PROJECTS

- **Building a Personalized Nutrition and Fitness Web Application Using Machine Learning to Analyze Users' Dietary Habits | Dec 2023**  
The web application suggests foods based on user's BMI, indicating if the user is underweight or overweight and providing meal recommendation based on different characteristic.
- **Heart Disease Prediction System Using ML | March 2023**  
Developed a machine learning project that provides an accurate prediction of whether or not a person has heart disease.
- **Fire Alarm and Gas Detection System | May 2023**  
An Internet of Things (IOT) based technology that detects gas leaks and sounds fire alarms in factory. The system was built utilizing Arduino, Firebase and IOT components.
- **Online Gadget Store Management System | May 2023**  
A platform for online shopping that showcases various devices and gadgets.
- **Food Delivery System (Foodieverse) | Aug 2022**  
A food-showcasing website where customers can purchase the amount of food they want from the restaurant of their choice.

## SAMPLE WORKS-MANUAL TESTING

- **Test Case Writing |** Test case on Amazon Shopping ([Link](#))
- **Test Case Writing |** Test case on OpenCart ([Link](#))

## COURSES

- **Hands-on SQA & Cyber Security Course | May 1- On going | IT Training BD**
- **Full stack web development | Oct 2023 - Jan 2024 | shikhbeshobai.com**

## Educational Background

### Masters in Information Technology (PMIT)

Jahangirnagar University

Intake:Summer-2024

### Bachelor of Computer Science & Engineering,2023

American International University-  
Bangladesh

CGPA 3.81

### Higher Secondary School Certificate (HSC,2018)

Govt. Kumudini College, Tangail

GPA 5.00

## Technical Skills

- Manual Testing: Requirement Analysis, Test Planning, Designing, Writing and Reviewing Test Cases, Test Execution and Evaluation, Creating Test Report, Bug Reporting using test management tools
- API Testing
- Web Automation Testing
- Performance Testing & Load Testing
- Database Testing
- Java
- Software Development Project Management
- Concepts: SDLC, STLC, OOP

## Tools

- Postman & Newman
- JMeter
- Selenium
- MySQL

## Language

- Bangla
- English

## Experience:

- IT Assistant Intern at American International University-Bangladesh(September 2023- December 2023)

## Manual Testing Project:

-Mind map,Test cases,Bug report,Report and Test metrics.

<https://github.com/Sadiapromi/Manual-Testing>

## Academic Projects:

- Agricultural Gain (based on Software Quality and Testing)  
-Project Test planning, Requirement specification, Test Cases, Scheduling  
<https://github.com/Sadiapromi/SQAT>
- Automatic Parking Charge Collection System(based on Software Development Project Management)  
[https://github.com/Sadiapromi/SDPM\\_Project](https://github.com/Sadiapromi/SDPM_Project)
- Market Management Application  
-Prepared a Short Project using java  
[https://github.com/Sadiapromi/Java\\_project](https://github.com/Sadiapromi/Java_project)

**Achievement:**

- Awarded the Dean's List and Dean's Honorable Mention Award for 4 consecutive Semesters

**Trainee:**

- SQA and Cyber Security (Starting December,2023 to Present)
- IT Training BD, a United States based training organization.

# RESUME OF NAZMUL HUDA

Address : 76/A, Level-1, Jonaki Road, Ahmed Nagar, Mirpur-1, Dhaka-1216.  
Mobile No : +880 17105-27802  
E-mail : n.hudacse@yahoo.com

## Career Objective:

Looking for hard working and challenging job where I will have the scope to utilize my skill and potentiality to do something innovative and from where I will be able to enhance my knowledge and enrich my career.

## Career Summary:

The desire to live an honest life with dignity. Higher performance shows the desire to build a career. Ability to take responsibility Strong academic background and analytical ability

- ❖ Handle project with team.
- ❖ Work with team to make projects.
- ❖ Problem Solving with passion and Generating Ideas.
- ❖ Delivered project in right time schedule.
- ❖ Group discussion is must about project.
- ❖ Handle all computer related work.
- ❖ Good knowledge about project details.
- ❖ Work under Pressure.
- ❖ Make Google sheets for making database and ideas.
- ❖ Flexible, self-confident & self-motivated.
- ❖ Positive service mindset & adaptability to different personality types.
- ❖ Capable of dealing with other people by maintaining good judgment.

## Special Qualification:

- ❖ A full stack web developer with more than 4 years industrial working experiences.
- ❖ Advanced and adaptable to new technologies, especially ICT.
- ❖ Idea implementation, researching to implementing Software.
- ❖ API Integration, getting response and update Database.
- ❖ Working on various business and corporate related software development.
- ❖ Develop and implement new web application software.
- ❖ Maintains software, Oracle databases, Linux and system administration support.
- ❖ Responsible for Developing Software with Team Leader.
- ❖ Responsible to Software Development Life Cycle, OOP (Object Oriented Programming).
- ❖ Responsible to think on software developing, tips to work on online platform etc.
- ❖ Test, maintain, & recommend software improvements to ensure robust functionality and optimization.

## **Experience:**

### **1. Senior Software Engineer Team Lead (February 1, 2023 - Continuing)**

#### **Gram Unnayan Karma (GUK).**

Company Location : GUK Tower, Banani, Bogura-5800, Bangladesh.

Department : ICT Department (Software Unit)

#### **Duties/Responsibilities:**

- ❖ Develop and implement new web application software.
- ❖ Troubleshoot, debug and upgrade existing systems.
- ❖ Develop flowcharts, layouts and documentation to identify requirements and solutions.
- ❖ Integrate software components into a fully functional software system.
- ❖ Develop software verification plans and quality assurance procedures
- ❖ Testing, maintain software improvements to ensure robust functionality & optimization.
- ❖ Solid knowledge of concepts and procedures of common software development Methodologies.
- ❖ Proven ability to build high performance, Secure, data driven applications with quality code.
- ❖ To work in any challenging environment that offers the opportunity for self-improvement and to prove myself as a professional.
- ❖ I want to exploit my attributes in this organization through sharing and gartering knowledge, working in groups, self-development and enthusiasm and specially respect for the higher authority.
- ❖ Strong understanding of PHP, Python, JavaScript, ReactJS, NodeJS, Django, Laravel, Codeigniter, WordPress, MySQL, MongoDB (NoSQL), PostgreSQL, Oracle and Object-Oriented Programming.

### **2. Senior System Administrator (Integration & Development) (January 1, 2020 - January 31, 2023)**

#### **Royal Green Limited.**

Company Location : Bak Chottor, NRBC Tower, Level-9 & 17, 114, Motijheel C/A, Dhaka-1000.

Department : Software Integration & Development

#### **Duties/Responsibilities:**

- ❖ Develop and deploy web application software.
- ❖ Document and maintain software functionality.
- ❖ Troubleshoot, debug and upgrade existing systems.
- ❖ Create flowcharts, layouts, and documentation to identify requirements and solutions.
- ❖ Integrate software components into a fully functional software system.
- ❖ Software architecture diagrams visually represent software components, relationships, and system interactions.
- ❖ Develop software test plans and quality assurance procedures.
- ❖ Creates tests that detect software problems before a product is launched.
- ❖ Testing, maintain software improvements to ensure robust functionality and optimization.
- ❖ Deployment and maintenance of KVM and VMware for virtualization.
- ❖ Administration and maintenance of Microsoft Server 2016/2019 and Microsoft 365.
- ❖ Build, configure, patch and troubleshoot Linux servers (Centos, Ubuntu).
- ❖ Installation and management of servers and virtual platforms and containers.
- ❖ Install and maintain mission-critical service mail servers, hosting.
- ❖ Configure and support services such as Apache, MySQL, PHP, VPS, NMS, Graph, FTP, and Radius servers.
- ❖ Build, Configure, Patch and Troubleshoot Windows Server (Microsoft Server 2016/2019).
- ❖ Deployment and design network planning for BRAS, Mikrotik and Free Radius for ISP automated billing systems.
- ❖ Created and maintained API using Laravel Lumen Framework to communicate with Free Radius.
- ❖ Deploy and maintain e-mail hosting services using WHM and cPanel.
- ❖ Configure and maintain Barracuda Email Security Gateway and Proxmox Mail Gateway.
- ❖ Docker, LXD and LXC (Container Base Virtualization).

### **3. Assistant Engineer (Integration & Development) January 1, 2017 - December 31, 2019)**

#### **Roots Communication Limited.**

Company Location : Jibon Bima Tower (Level 12) 10 Dilkusha C/A, Dhaka-1000  
Department : ICT (Software Development)

#### **Duties/Responsibilities:**

- ❖ Develop and deploy web application software.
- ❖ Troubleshoot, debug and upgrade existing systems.
- ❖ Create flowcharts, layouts, and documentation to identify requirements and solutions.
- ❖ Software architecture diagrams visually represent software components, relationships, and system interactions.
- ❖ Creates tests that detect software problems before a product is launched.
- ❖ Testing, maintain software improvements to ensure robust functionality and optimization.
- ❖ Deployment and maintenance of KVM and VMware for virtualization.
- ❖ Administration and maintenance of Microsoft Server 2016/2019 and Microsoft 365.
- ❖ Build, configure, patch and troubleshoot Linux servers (Centos, Ubuntu).
- ❖ Installation and management of servers and virtual platforms and containers.
- ❖ Install and maintain mission-critical service mail servers, hosting.
- ❖ Configure and support services such as Apache, MySQL, PHP, VPS, NMS, Graph, FTP, and Radius servers.
- ❖ Build, Configure, Patch and Troubleshoot Windows Server (Microsoft Server 2016/2019).
- ❖ Deployment and design network planning for BRAS, Mikrotik and Free Radius for ISP automated billing systems.
- ❖ Created and maintained API using Laravel Lumen Framework to communicate with Free Radius.
- ❖ Deploy and maintain e-mail hosting services using WHM and cPanel.
- ❖ Configure and maintain Barracuda Email Security Gateway and Proxmox Mail Gateway.
- ❖ Provides technical support to users by troubleshooting problems related to network or platform performance.
- ❖ Documents procedures and troubleshooting procedures related to systems and networks software and hardware.
- ❖ Maintains and Production, Software, Oracle database, Network, Linux and System Administration and utility software.

## **Specialization:**

| <b>Fields of Specialization</b>  | <b>Description</b>   |
|--|--|
| <ul style="list-style-type: none"> <li>❖ PHP, Python, Odoo, HTML, CSS</li> <li>❖ MySQL, MongoDB (NoSQL), PostgreSQL</li> <li>❖ Oracle 11gR2, 19C.</li> <li>❖ JavaScript, ReactJS, NodeJS, AngularJS</li> <li>❖ Laravel, Codeigniter, WordPress</li> <li>❖ Django Framework</li> <li>❖ AWS Cloud, Azure Cloud, Git, Selenium, Docker, Nagios.</li> <li>❖ Build, Configure Windows &amp; Linux Server</li> </ul> | <ul style="list-style-type: none"> <li>❖ Skills are career competencies that often are taught as part of the coursework required to earn your masters.</li> <li>❖ Skills such as leadership, mentoring, project Management, and conflict resolution are Value-added skills essential to &amp; career.</li> </ul> |

## **Complete Projects:**

- ❖ School Management System
- ❖ Hospital Management System
- ❖ Desktop Base POS System
- ❖ ERP Software (ISP, Cloud)
- ❖ Ticket Management System
- ❖ HRM Management System
- ❖ CRM Management System
- ❖ E-commerce website

**Language & Framework of implementation:** PHP, Laravel, Codeigniter, Python, Django, Odoo, WordPress  
JavaScript, ReactJS, NodeJS, Bootstrap.

## **Interest:**

- ❖ DevOps
- ❖ Automation
- ❖ Data Science
- ❖ Machine Learning
- ❖ Quality Assurance (QA)
- ❖ Business Analyst
- ❖ System Administrator
- ❖ ERP Project Specialist
- ❖ Team Lead (Software Engineer)
- ❖ Technical Project Management

## **Strength & Skill:**

- ❖ Adaptable and flexible in work environment
- ❖ Attention to detail
- ❖ Strong analytical skills
- ❖ Innovative and creative thinking
- ❖ Ability to work under pressure
- ❖ Goal-oriented and driven
- ❖ Excellent interpersonal skills

## **Language Proficiency:**

- ❖ Excellent writing, listening and speaking skills in English
- ❖ Excellent writing, listening and speaking skills in Bengali as native.

## **Personal Details:**

Father's Name : Md. Shafiqul Islam  
Mother's Name : Mst. Nilufa Yesmin  
Date of Birth : June 17, 1992  
Gender : Male  
Marital Status : Married (Dr. Sharmin Akter)  
Nationality : Bangladeshi  
Religion : Islam (Sunni)  
Permanent Address : Shimulbari, Miapara, Phulbari, Kurigram.  
Current Location : 76/A, Level-1, Jonaki Road, Ahmed Nagar, Mirpur-1, Dhaka-1216.

## **Reference:**

Name : Md. Mesbahuddin Malik  
Organization : Roots Communication Limited  
Designation : Deputy General Manager (IT & Billing)  
Address : Jibon Bima Tower, 10 Dilkusha C/A, Dhaka-1000.  
Mobile : +880 18330-55942  
E-Mail : mesbah.malik@gmail.com

## **Declaration:**

I understand that with holding pertinent information or giving false information in this resume will make me ineligible for the post or will make me liable to the dismissal. Bearing this in mind, I declare that the above statements and information are correct and complete.

(Signature of Applicant)

As a **Tech Professional** to enter in a well reputed organization in a suitable position having the intention to work with honesty, sincerity and to learn grow and eventually take greater responsibilities and to face the challenge of the time to gain experience and skill for a successful career

### Responsibilities:

- Developing Monitoring dashboard and notification alert if there is any system failure
- Developing the system and automation the process
- Analytics and Troubleshooting
- Integration with third party system
- Used: WordPress (HTML, CSS, Elementor, Divi, ACF , QuForm ,Yoast etc)
- Project management tool: Trello

## Skill Highlights

---

- WordPress (Specialized on Elementor, Visual Composer)
- Front-end Design (HTML,Css, Scss,Js,Bootstrap)
- Php , C++ ,React (Basic)
- IT Expertise – Network management, Server maintenance (AWS, cPanel)
- Database – SQL(MySQL)
- Tools - Xampp Server, VS code
- Microsoft word excel PowerPoint

## IT Skills

---

- Network – UNIX (Install & configure proxy servers), Firewall & Security Set up, Windows maintenance expertise
- Platform – Ubuntu, Linux Mint, kali Linux, phoenix, Windows 8/9/10/11
- Cisco Packet Tracer general knowledge and practical work.
- Microsoft Office, Microsoft PowerPoint, Excel work
- 3D animation and model building in blender (Basic level)

## Career Objective

Seeking for an opportunity where I can utilize my talent and skill set, a responsible position with professional challenges that enhance my prior knowledge.

## PROJECTS

### Manual Testing Report [🔗](#)

Created a manual testing report on this following website [Opencart](#), tested the registration page functionality, login page functionality, dashboard functionality with multiple positive and negative test cases under multiple test scenarios.

### API Testing - Restfulbooker [🔗](#)

Using postman, tested [Restfulbooker](#) API's with positive and negative scenarios, used test snippets for assertion, created html report and html advance report using newman.

### Automated Testing - Selenium [🔗](#)

Using selenium, tested the following website [OrangeHRM](#) login functionality, Admin Add search Delete module and logout functionality;

## SKILLS

### Manual Testing

Basic knowledge on test planning documents, agile methodology, Scrum methodology, SDLC, STLC

### Automation Testing

Basic knowledge of Selenium for testing web-based application (TestNG Framework), JMeter for load testing, Postman for API testing

### Tools

OWASP ZAP for security testing, JIRA for bug tracking, CI/CD tool JENKINS, Testcase manager TESTLINK, vcs GitHub

### Testing

Basic knowledge in White box & Black box Testing, Smoke Testing, Sanity Testing, Re-Testing, Regression Testing, Functional Testing, User Acceptance Testing (UAT), Performance testing

# Vamsee Krishna Medasani

Automation /Quality Assurance Engineer

Email: [vamsee.k1993@gmail.com](mailto:vamsee.k1993@gmail.com)

Mobile No: +91-8801080800

LinkedIn Profile : [www.linkedin.com/in/vamsee-krishna-medasani-ate](https://www.linkedin.com/in/vamsee-krishna-medasani-ate)

## SYNOPSIS

- Having 3 years 3 months of extensive experience in selenium automation using web driver with Java, TestNG and Maven
- Good knowledge in writing Selenium Web Driver automation scripts for Web Applications.
- Exposure towards Automation Framework Development.
- Experience in finding locators for strategies like Xpath to run web driven scripts.
- Worked on Creation of Data Driven, Page object model using Selenium Web Driver.
- Good exposure in Software Development Life Cycle (SDLC), Software test life cycle (STLC).
- Good knowledge on OOPS, Selenium, TestNG, Maven, Data driven and Key driven Hybrid Framework, Finding Xpath
- Experience on Automation testing Flow.
- Extensively working on fixing the bugs while execution.
- Good knowledge of Software Development Life Cycle Agile Methodology (SCRUM).
- Good exposure to OS Platforms Windows.
- High degree of flexibility and ability to adapt to change in direction.
- Hands on Experience in JDA WMS with Retail Domian

## ACADEMIA

- Graduated in Bachelor of Computer Applications (Rabindranath Tagore University)

## EDUCATION

- Bachelor of Science in Computer Science and Engineering [2019 - 2023] American International University Bangladesh (AIUB) - CGPA: 3.59 Major: Software Engineering
- Higher Secondary Certificate (Science) [2017 - 2019] Dhaka City College- GPA: 4.08
- Secondary School Certificate (Science) [2016 - 2017] Faizur Rahman Ideal Institute - GPA: 5.00

## PROJECTS

- Data Science
- Java (Ride service)
- Machine Learning
- C# (Library Management System)
- PHP (HOME-SERVICE PROVIDER)

## SKILLS

- Programming Languages: Python, R, C, C++, Java, C#, Html, Css
- Databases: MySQL Progress, Oracle
- Trainee at Cisco networking Academy.
- Strong knowledge about machine learning algorithms.
- Strong knowledge about data preprocessing in R.
- Basic knowledge about PHP and JAVA SCRIPT.
- Knowledge about Software development methodologies and stages.
- Manual testing and debugging.
- Basic knowledge about security onion.

## EXPERIENCE

### Junior Software Quality Assurance Engineer

Integrated Business System & Solutions Pvt. Ltd

02/2023 - Present

- Collaborated seamlessly with developers, contributing to a 20% reduction in bug resolution time. Completed test cases for various scenarios, achieving a 95% coverage to ensure a thorough product quality assessment.
- Enhanced communication channels, resulting in a 30% improvement in bug resolution turnaround.
- Produced more than 100 concise bugs, which accelerated up the debugging procedure.
- Fostered effective cross-functional collaboration, achieving a 25% decrease in post-release bugs

## THESIS

---

Predicting Anxiety, Depression and Stress in

Modern Life using Data Science and machine learning Algorithms

## EXTRA-CURRICULAR ACTIVITIES

---

Appointed as the “ Planning-Lead” of ESAB AIUB Unit Face | July. 2022 – Present

## REFERENCES

---

Prof. Dr. Md. Asraf Ali

Professor

Faculty of Science and Technology  
American International University-Bangladesh

Email: asrafali@aiub.edu

## INTERNSHIP

---

**Software Engineer**

Munchies

**08/2023 to 12/23**

- Collaborated with senior developers to create responsive and visually appealing web pages using HTML, CSS, and JavaScript.
- Implemented modern design principles to enhance user experience and interface aesthetics.
- Assisted in debugging and troubleshooting issues to ensure optimal functionality across different browsers and devices.
- Contributed to the development of interactive features and animations to improve user engagement.

## Objective

I am currently working as a Software Quality Assurance Engineer at A1QA. I have experience in QA with technical ability, combining a wide range of experience with a passion for quality, good analytical skills and a pragmatic approach. I am expanding my experience on various challenging and complex projects in the software development lifecycle. As a SQA Engineer, my primary goal is to ensure that the software my team delivers – meets the highest quality standards and provides a seamless user experience.

## Professional Experience

Full-time (Remote)

United States

12/2023 – Present

Software Quality Assurance - Intern

**a1qa** (*a1qa is a pure-play QA and software testing company*)

Responsibilities:

- Analyzing system specification
- Testing web and mobile applications
- Perform Functional Testing, Non-Functional Testing, Usability Testing, GUI Testing, Regression Testing and API Testing
- Creating test documentation including test plan, test cases and test matrices
- Creating Bug Report in Jira

## Education

2022

**B.Sc. in Computer Science and Engineering**

*NITER, a constitute institute of the University of Dhaka*

2015

**Higher Secondary School Certificate (H.S.C.) in Science**

*BAF Shaheen College, Dhaka*

2013

**Secondary School Certificate (S.S.C.) in Science**

*Khilgaon Govt. High School, Dhaka*

## Skills

- Manual Testing: Requirement Analysis, Test Planning, Writing Test Cases, Functional Testing, Non-Functional Testing, Test Execution & Evaluation, Creating Test Reports, Root cause analysis & Bug Reporting
- API Testing Tool: Postman for API testing
- Project Management Tool: Jira, TestRail
- Concepts: STLC, Network, Cloud, Linux, Virtualization, Web Services & Security
- Database: MySQL, NoSQL (MongoDB) & JQL
- Source and Version Control: Git

## Projects

### ✓ Manual Testing Projects

Manual Testing documentations containing Test Cases, Test Summary Report, Bug Report and Test Matrix.

1. Manual Testing of Desktop Application\_Kimba ↗
2. Manual Testing of Web Application\_Building Champions ↗
3. Manual Testing of Mobile Application\_Voicemail ↗
4. Manual Testing of Web Application\_GregoryOlsen ↗

## SKILLS

- Manual & Automation Testing
- Selenium WebDriver (Automation)
- Performance Testing-JMeter
- API testing-Postman
- Framework-BDD,TDD, Cucumber
- Programming Languages -Java, Python
- RDBMS-MYSQL
- VCS-GIT
- Appium(Beginners)

## SUMMARY

Seeking to leverage my Software Testing experience in an innovative company, where I can enhance my technical skills and have the opportunity to explore cutting-edge automation testing tools. Committed to working as an efficient team member alongside talented professionals, with the shared goal of delivering flawless, high-quality software products.

## EXPERIENCE

November 2022 - Current

**SQA Engineer Creative Soft Technology | Dhaka**

- In my role as an Software Quality Assurance Engineer I play a critical role in ensuring the successful development and deployment of high-quality software solutions. My responsibilities span from gathering and analyzing requirements to executing manual and automated testing processes.
- I am responsible for creating and executing manual and automated test cases.
- Conduct UI testing, Functional testing and reported any bugs or issues identified during testing.
- Diligently tracked these bugs until their closure, ensuring their resolution.
- Utilized Selenium for automated testing, creating and executing test scripts to improve efficiency and repeatability of testing processes.
- Tested APIs using Postman, ensuring seamless communication and data exchange between different components of the software.
- Conduct performance testing using JMeter to assess the scalability, reliability, and responsiveness of software applications under various conditions.
- Additionally, I performed retesting and regression testing to validate bug fixes and ensure system stability.

## CERTIFICATIONS

- Software Testing & Quality Assurance, Basis Institute of Technology & Management, 2022
- Java 8, Globsyn Finishing School, 2016
- Android Applications, Om Infotech, 2014

## EDUCATION

2022

**Master's of Technology** | Computer Science & Engineering

University of Engineering & Management, Kolkata

2016

**Bachelor's of Technology** | Information Technology

Maulana Abul Kalam Azad University of Technology, West Bengal

2010

**Higher Secondary School Certificate** | Science

Barishal Govt. Women's College, Barishal

2008

**Secondary School Certificate** | Science

Barishal Government Girls's High School, Barishal

## WEBSITES, PORTFOLIOS AND PROFILES

- <https://github.com/senjuti-sys/Automation-Test>

## PROJECTS

### 1. Water Quality Testing & Report Management System

#### Activities:

- I gathered client requirements through several meetings and subsequently conducted analysis to understand and interpret these requirements thoroughly.
- Developed and implemented both manual and automated test cases, covering UI, functionality, and other aspects of the system.
- Identified and reported any bugs or issues discovered during testing, ensuring thorough documentation. Additionally, I tracked these bugs through resolution to closure.
- Utilizing Selenium WebDriver, I conducted cross-browser testing, ensuring compatibility across various platforms.
- I also employed JMeter for responsive, compatibility, and performance testing, while Postman was used for API testing.
- Retesting and regression testing were performed to validate bug fixes and maintain system stability.

### 2. Emergency Multi-Sector Rohingya Crisis Response Project (EMCRP)

#### Activity:

- Functional test cases were formulated based on requirements analysis and subsequently executed.
- I developed both manual and automated test cases as well as test scripts.
- I conducted performance testing using JMeter.
- I conducted API testing using Postman.
- Tracked bugs until their closure, ensuring their resolution.

### 3. Bangladesh Shipping Corporation Job Portal

#### Activity:

- I collected client requirements during multiple meetings and then proceeded to analyze them meticulously to ensure a comprehensive understanding and interpretation.
- Created and executed manual and automated test cases.
- Conducted UI testing, Functional testing, and reported any bugs or issues identified during testing.
- Performed retesting and regression testing to validate bug fixes and ensure system stability.
- Conducted cross-browser testing using Selenium WebDriver.,

Performed responsive, compatibility, and performance testing using JMeter.

- Tracked bugs until their closure, ensuring their resolution.

#### **4. Konnect CHT**

Developed and executed manual and automated test cases., Detected bugs and reported them for resolution., Provided guidance to interns on performing manual, automation, and performance testing.

#### **5. Bangladesh Shipping Corporation PMIS**

- Gathered requirements from the client and conducted thorough requirement analysis.
- Prepared and executed test cases, employing both manual testing techniques and automation tools.
- Conducted user interface testing and functional testing., Reported and tracked issues, conducting retesting as necessary.,
- Performed performance testing using JMeter., Conducted cross-browser testing using Selenium.

#### **6. Ansar-Vdp WMS**

- Conducted comprehensive testing for a web application, covering both manual and automated testing.Emphasized functional testing for a smooth registration and application process. Performed monthly functional testing and regression testing.Used Selenium for automation testing and JMeter for performance testing.

#### **7. Skill Jobs Job Portal**

- Oversaw the development of a test plan and Work Breakdown Structure (WBS)., Delegated tasks to a junior team member.Contributed to the creation and execution of manual and automated test cases., Reported and monitored bugs to ensure their resolution. Conducted cross-browser testing., Generated comprehensive test reports using Cucumber. Executed performance testing using JMeter.

#### **8. Bug Tracking System(University Project)**

- Developed a Java-based web application for online bug tracking and error handling.

## CAREER OBJECTIVE

Highly motivated QA Engineer dedicated to ensuring exceptional software quality. Eager to utilize my skills in testing and continuous improvement to enhance user experiences and make valuable contributions to cutting-edge software projects.

## EDUCATION

**B.Sc. in CSE | Southeast University, Dhaka**

2014 – 2018

**H.S.C. in Science | Haji Jamal Uddin College, Pabna**

2010 – 2012

**S.S.C. in Science | Patulipara High School, Pabna**

2009 – 2010

## EXPERIENCE

**SQA Engineer, QA Department | API Solutions Limited**

JULY, 2023 – PRESENT

- Conduct Functional and Non-Functional testing
- Conduct Smoke, and Sanity testing, integration, and regression testing.
- Conduct manual testing using RTM matrix.
- Database testing MySQL and SQL
- Test plan, test case writing, test data, and test execution, report writing.
- Conduct API testing using Postman and Newman for reporting.
- Conduct performance testing, load testing, and stress testing using JMeter.
- Project handle with Agile and Waterfall model.
- Well understanding of SDLC and STLC model.
- Using bug tracking tools ClickUp and Trello.
- Conduct test automation using selenium (POM), TestNG, and Allure (reporting)
- Using Git and GitHub for project and version control.

**QA and Support Engineer, SQA Department | Mediasoft Data System Limited**

OCTOBER, 2021 – JUNE, 2023

- Review system requirement specification documents.
- Create test environment, test data and maintain the test plan.
- Conduct manual testing with test scenario, test cases writing.
- Conduct functional, non-functional testing and API testing
- Conduct performance testing, load testing and stress testing using JMeter.
- Work experience in Banking solutions, FMCG, Medical sector, Restaurant etc.

## SKILLS

- P. Language: Java, Python
- Test Automation: Selenium, Appium
- Database Testing: MySQL, SQL
- API Testing: Postman, JMeter
- Performance Testing: Apache JMeter
- Source & Version: Git, GitHub
- Concepts: Agile, SDLC, STLC, OOP, REST API, Waterfall, Scrum
- Reporting: Spreadsheet, Allure, Newman,
- Bug Tracking Tools: ClickUp, Trello, Jira
- Operating System: Windows, Linux

## WORKING HISTORY

### • Electronic Medical Record System Application

Health and Education for All (HAEFA NGO) provides free healthcare services to underserved communities in Bangladesh.

**Testing Details:** Smoke testing, sanity testing, and integration testing, functional and non-functional testing. Also conducted API's functional and performance testing using Postman and JMeter. Regression testing, database testing, applied RTM methodology, boundary value analysis and bug/defect reporting to developers. Load test, stress test, and performance test with individual reports, also created a summary report for the client.

**Link:** <https://github.com/razahan/Health-and-Education-for-All-HAEFA-.git>

### • Face Recognition: Multi-Functional Access Control System

Technologies are TensorFlow, OpenCV, Amazon S3 storage, and AWS Lambda is a serverless platform.

**Testing Details:** Black box testing, Functional and non-functional testing. API testing, Performance testing, usability testing, user acceptance testing, Alpha testing, and security testing. **Link:** <https://github.com/razahan/Face-Recognition-System.git>

### • Other work history

Manual testing link: <https://github.com/razahan/QA-Testing.git>

API testing link: <https://github.com/razahan/APITesting.git>

Performance testing link: [https://github.com/razahan/PerformanceTesting\\_OpenCart.git](https://github.com/razahan/PerformanceTesting_OpenCart.git)

### Creative Soft Technology I Dhaka

- Developed and executed comprehensive test plans and cases.
- Reduced post-release bugs through effective testing strategies.
- Identified critical security vulnerabilities, enhancing application security.
- Gained expertise in manual testing, API testing, and Selenium WebDriver automation.
- Demonstrated commitment to delivering high-quality software solutions.

## TECHNICAL SKILLS

- Programming Languages: Java, Python, HTML, CSS, JavaScript.
- Databases: MySQL, MongoDB
- Testing and Automation Tools: Selenium, Postman, Apache JMeter.
- Version Control: Git, GitHub.
- Software Development Life Cycle: Agile (Scrum).
- Project and Issue Tracking: JIRA, Trello.
- Testing Methodologies: Test Planning, Test case Writing, Manual testing, Automation Testing.
- Office Tools: Word, Powerpoint, Google Docs (Docs, Sheets, Slides).
- Design: Canva, Figma, Adobe XD.

## OTHER SKILLS

- Languages: English (Fluent) Bangla (Native).
- Writing: Experienced in writing technical articles in English and Bangla.
- Information Security: Skilled in safeguarding data integrity and privacy against cyber threats, Proficient in risk assessment and compliance.
- Soft Skills: Collaborative team player, Quick learner, Adept problem solver, Result-oriented, Tech enthusiast.
- Hardware Skills: Knowledgeable in hardware installation and troubleshooting, Familiar with networking hardware and configuration.
- Technical Skills: Proficient in Linux OS installation and management, Experienced in installing and managing software on various operating systems.

## CERTIFICATES

SQA Virtual Training Program Apr. 2023-Aug. 2023

### Skilljobs I Dhaka

SkillJobs held a virtual training program to learn the basics and essentials of SQA testing from industry experts. Upon completion of this course, I was given this certificate.

## EDUCATION

Bachelor of Computer Science and Engineering (B.Sc. in CSE)

Daffodil International University  
2019 - 2024

CGPA : 3.59 (On scale of 4.00)

## PROJECTS

[Vroom](#) Jan. 2020-Mar. 2022

- An AI-powered autonomous vehicle designed for short-range personal transportation.
- AI, Machine Learning, Sensor Integration, Real-time Data Processing

[Agromart](#) May 2023-Sep. 2023

- A versatile e-commerce platform developed using the MERN stack.
- OOP, MongoDB, Express.js, React.js, Node.js

[Konnect](#) July 2023-Aug. 2023

- Manual software testing, API testing and load testing for the Konnect website project.
- Manual testing tools and techniques, bug tracking, and reporting systems.
- JIRA, Jmeter, Postman

## EXPERIENCE

### Software Engineer, QA

Graaho

 August 2023 - Present

- Review and analyze software requirements to create effective Test Plan, Test strategies, Test Scenarios and Test Cases
- Develop test cases and test scenarios for KhaoDao Food Delivery Application (Android and IOS)
- Develop test cases and test scenarios for AlgoRec (Recommendation Engine Web Application)
- Smoke Testing, Integration Testing, UAT, Manual Testing, Functional Testing
- Managed test cases, test data, and test environments using QASE Tool
- Execute test cases manually
- Report defects and issues, and retest after fixes.
- Prepare Bug Reports, Traceability Matrix (RTM)
- writing technical documentation

### Teaching Assistant

North South University

 January 2022 – July 2023

### Lecturer In ICT and Physics

DCC

 April 2017 – March 2022

### Coding Teacher

**Mail:** [fammemeem2@gmail.com](mailto:fammemeem2@gmail.com) | **Address:** Mirpur, Dhaka, Bangladesh

**Contact:** 01741205791 | [LinkedIn](#) | [GitHub](#)

## **CAREER OBJECTIVE:**

Highly motivated and dedicated, and I have completed my graduation in CSE. I am proficient in both manual and API based software testing techniques. To ensure excellent software quality, I am highly skilled at finding bugs. I am currently expanding my skills into test automation. I also have a passion for technology and research. My objective is to secure a challenging position that will allow me to use my strong foundation in computer science concepts and my programming ability to solve problems in the real world.

## **WORK EXPERIENCE:**

- **Business Analyst Intern**

Healthcare Pharmaceuticals Limited

14/01/2024 - 14/04/2024

Dhaka, Bangladesh

**Tasks:**

Requirements Gathering, Functional and Non Functional Requirements, BRD, SDLC, SRS, SDD, Project Charter, UAT/UVT, Functional Testing: Feature Testing, Monkey Testing.

## Work Assignments

### 1. Sept 2021 – Present, as Software Tester at PT. Xsis Mitra Utama

#### Job Description:

- Placement on XL AXIATA TBK

Skill: Manual Test, Automation Test. API Test, SDLC, STLC, Project Management, Agile, Scrum, Critical Thinking

### 2. Nov 2021 – Nov 2023, as Software Quality Assurance at PT. XL AXIATA TBK

#### Job Description:

- Responsible for testing the quality and functionality of software/products at specific phases.

#### Project Specification:

- Carrying out testing on products that have been created by developers in the development stage, both new products and old products in the testing stage (SIT, UAT, Sanity). Create documentation of test results. Report test results to superiors. Collaborate with project partners.

Skill: Manual Test, Automation Test, API Test, SDLC, STLC, Project Management, Agile, Scrum, Critical Thinking

## Projects

1. 2021-2023, project name **PC RELEASE**. Description : Doing Testing & assisting in Internet data product development for PT XL Axiata Tbk,  
Skill: : Manual Test, Automation Test, SDLC, STLC, Project Management, Agile, Scrum, Critical Thinking
2. 2021-2023, project name **Monitoring Key Development**. Description : Doing Testing & assisting in Internet data product development for PT XL Axiata Tbk  
Skill: Manual Test, Automation Test, SDLC, STLC, Project Management, Agile, Scrum, Critical Thinking
3. 2021-2023, project name **SDP**. Description : Doing Testing & assisting in SDP(Vas Traditional, Vas Digital & Payment) product & Internals Project development for PT XL Axiata Tbk  
Skill: Manual Test, Automation Test, SDLC, STLC, Project Management, Agile, Scrum, Critical Thinking
4. 2021-2023, project name **COMMARCH**. Description : Doing Testing & assisting in Rewards for customer product development for PT XL Axiata Tbk  
Skill: Manual Test, Automation Test, SDLC, STLC, Project Management, Agile, Scrum, Critical Thinking

## Trainings

1. Dasar Programming untuk Data Science Skill Academy by Ruangguru (2021)
  - SQL Query
  - R Programming
  - Python Programming
  -
2. Merancang Produk yang Dicintai Pengguna berdasarkan Data Skill Academy by Ruangguru. (2021)

 +8801934838992

**Address:** House No: 296/A, Road No: 06 South Goran, Khilgaon, Dhaka 1219

## Carrier Objective

The motivated and detail-oriented individual seeking a position as a Software Quality Assurance (SQA) professional. I am eager to apply theoretical knowledge gained during education and contribute to developing high-quality software products. I have hidden potential of myself so that the organization can reap maximum benefits up to the level of satisfaction.

## Work Experience

**Designation:** IT Executive, Technohaven IT Ltd.

[1st December 2022- Present]

**Workplace:** MIS Department of Bangladesh Export Processing Zone Authority (BEPZA).

**Address:** Head office, Green Rd, Dhaka 1205.

### Responsibilities:-

- Provided software support, including ERP system support and "BEPZA Automation" support.
- Managed installation processes for desktop web applications, ensuring smooth deployment and user accessibility.
- Created and managed user accounts, permissions, and profiles for ERP systems and BEPZA Automation tools.
- Addressed and resolved support ticket issues promptly and efficiently, ensuring minimal disruption to operations.
- Collaborated with stakeholders to identify areas for improvement in software usability and functionality.
- Documented support activities and maintained detailed records for future reference and analysis.

## Education

B. Sc. In Computer Science & Engineering.

North South University.

May 2017 – September 2022 | CGPA: 3.25 out of 4 (87%)

Higher Secondary Certificate.

Narsingdi Govt. College, Narsingdi.

2013 – 2015 | GPA: 4.58 out of 5

## Skills

- ✓ **Manual Testing:** Writing and Reviewing test Cases, Requirement Analysis, Design, Test execution, Root Cause Analysis, Bug Reporting, and Mind Maps.
- ✓ **Knowledge of testing methodologies-** functional, regression, and usability.
- ✓ **Automation Testing:** Web and Mobile Application automation using- Selenium, Cypress, cucumber, TestNG, and making reports.
- ✓ **Performance Testing:** Load testing using JMeter.
- ✓ **API Testing tools:** Postman and Newman.

- ✓ **Programming languages:** - Java, JavaScript, Python, HTML5, CSS3.
- ✓ **Database Management System:** - MySQL.
- ✓ **Security Testing Tool:** - Acunetix.
- ✓ **Project Management Tools:** - JIRA, Agile, Scrum, and Trello.
- ✓ **Good understanding of** SDLC, STLC, OPP, and Bug Life Cycle.
- ✓ **Version Control:** - Git, Stack.

## Sample of Works

### Manual Testing

- Manual testing of "Startech.com.bd" 

### API Testing

- Restful Booker API Testing Collection. 

### Web Automation Testing with PMO Model

- Web Automation Testing of "boibazar.com" | Selenium, TestNG,& Report. 

### Web-Automation Project (Daraz.com)

- Web-Automation - Daraz.com with Selenium &TestNG 

### Performance Testing

- Performance Testing for A booking Website.[Testing Site] 

### Mobile App Testing

- Mobile Automation with Appium 

## Academic Projects

- "Hospital management system."

HTML, CSS, SQL, Python, Manual testing, JIRA, and Trello.

To build this system, we used JIRA and Trello for project work updates and do manual and automation testing.

- Website Testing: "cpc.northsouth.edu"

Tested this website based on load testing, functionality, usability, cross-browser, compatibility, security, and responsiveness by using JMeter, Selenium, and Postman.

## Journal Work

# Jakia Noor

Software Quality Assurance Engineer

## Contact

noorjakia9@gmail.com

01782-706659

Bashundhara R/A, Dhaka

<https://www.linkedin.com/in/jakia-noor-769613270/>

## Skills

- Manual Testing: Test case writing, Test plan execution, test script writing, Bug report writing, functional testing, Regression testing, and Alpha testing.
- Performance Testing: Load, Stress
- API Testing Tool: Postman, Newman
- Load testing toll: Jmeter
- Versioning tool: Git, Github
- Project Management Tool: Jira
- Programming Languages: C, C++, Java, Javascript
- Html, Css

## Career Objective

As an SQA Engineer, I aim to enhance cross-functional collaboration, acting as a quality tester and ensuring a bug-free environment. I aspire to progress into leadership roles, leading testing teams and progress improvements. Ultimately, my goal is to contribute significantly to software quality and help my organization grow.

## Experience

### Doodle Inc

June 2023 - Present

Jr. Software Quality Assurance Engineer

- Executed comprehensive Manual Testing and Regression Testing on Tribel, a prominent USA-based Social Platform, ensuring the application's Functionality, usability, and overall quality.
- Executed comprehensive Manual Testing on Ticket Tomorrow, a ticketing website.
- Writing clear, concise reviews and analysis system specifications, comprehensive test plans, and test cases for intellectual capital management.
- Writing scripts and test cases updated with current requirements.
- Performing usability testing on Windows, Android, and iOS mobile devices.
- Working on JIRA to maintain the project management schedules and track possible time to execute the project along with the project members.
- Creating summary and bug report for the project.

## Education

### Bachelor of Computer Science and Engineering

American International University-Bangladesh

2020-2023

CGPA: 3.39

## Training and Certification

SQA and Cyber security at IT training BD, a United States based training organization.

I am enthusiastic and hardworking Softwear Quality Assurance Intern, with experience in efficiently designing and executing test cases, identifying bugs and ensuring optimal softwear performance. Proficient in various testing methodologies, agile development processes, and collaborating with cross-functional teams. Demonstrates strong analytical and problem solving skills, as well as excellent attention to detail. Committed to continuously improving softwear quality and delivering exceptional user experiences.

### **WORK EXPERIENCE**

---

**Mainframe Private Limited- Colombo, SL**

2023- Present

**Intern Software Quality Assurance Engineer.**

( Test planning, Test case writing, Creating regression suits, Bug reporting, Defect verification, End to end testing, Automation testing(Playwright), Documentation, Performance testing, Smoke testing, Work in agile culture)

**Secvision Private Limited- Colombo, SL**

2023- 2023

**Software Project Manager and Business Analyst.**

(Project planning, Team coordination, Risk management, Communication with team, Documentation, Requirements gathering , Client meetups, Analyze data)

**Career Guidance Unit, Faculty of Science - University of Peradeniya, SL**

2022-2023

**Administrative Assistant and Web Developer.**

(Planned & start career guidance unit with minimum resources., Developed backend and database for Career guidance unit Counseling System. (**MY SQL, Node.js**),Organized KIK-START career days, Guide undergraduates for their career life.)

### **EDUCATION**

---

**University Of Peradeniya - Peradeniya, SL**

2019-2024

B.Sc (Hons) Computation and Management

**Anula Vidyalaya - Nugegoda, SL**

2015-2017

G.C.E Advanced Level

**Saegis Campus- Nugegoda, SL**

2018-2019

English Diploma

## PROJECTS

---

### School Management System

This system includes processes like registration of Student/ Teacher details and maintenance of record. This system reduces the cost and workforce required for this job. I designed this project using **Java and MY SQL**.

### Counselling System

Developed a web application to streamline career guidance for undergraduate students within the Science Faculty in University of Peradeniya. I designed the backend and database of this project using **Node.js and My SQL**.

## CERTIFICATIONS

---

### Softwear Quality Assurance Short Course

*Exactpro SriLanka (Pvt) Ltd*

### Design Pattern- Coursera

*University of Alberta*

### SQL -SoloLearn

## PROFESSIONAL QUALIFICATION

---

### Softwear Quality Assurance Professional Cetification (Currently Reading)

*Sri Lanka Institute of Information Technology.*

### ISTQB Foundation Exam(Currently Reading)

*Sri Lanka Softwear Testing Board.*

## TECHNICAL SKILLS

---

- **Programming Language:** Java, C, Python, Pascal, JavaScript and PHP.
- **DBMS:** MS SQL , MY SQL
- **Web Development:** HTML, HTML5, CSS3.
- **Management Software:** MYOB, SPSS.
- **Agile Methodologies.**
- **OOP Concepts.**
- **Test Automation:** Selenium , Playwright.
- **Azure DevOps.**
- **Jira.**
- **Outlook.**
- **Quantitative and Qualitative Analysis.**

## SKILLS AND ABILITIES.

---

- Team work.
- Time management.
- Leadership.
- Logical thinking and problem solving.
- Attention to details.
- Computer programming.
- Conflict resolution.
- Excellent communication skills.

## **EXTRA - CURRICULAR ACTIVITIES**

---

- Computation & Management Society(Coordinator) - *University of Peradeniya* 2019-Present

# LUTFUL AWAL RAFI

## B.Sc in Computer Science and Engineering

@ lutfulawal@iut-dhaka.edu    ⓕ (+880) 1712752766    [in](#) Lutful Awal Rafi  
Q lutfulrafi

## PROFILE

A computer science student with a great enthusiasm for problem solving, coding and learning new skills. I am keenly interested in software testing, where I will be able to ensure the reliability and quality of applications and thereby, enhance user experience.

## EXPERIENCE

### Game Development Intern

#### Battery Low Interactive

⌚ May 2023-July 2023

- Developed a futuristic racing game where I implemented core game-play features .

### Blockchain based E-Voting

#### Undergraduate Research

⌚ Jan 2023-present

- Working on implementing a blockchain based e-voting system that solves issues and challenges faced by traditional voting mechanisms in our country.

## PROJECTS

### Teddit

#### Technologies: Java

- A voice-based text editor for individuals with upper limb disabilities. With the features of a standard text editor, it allows note-taking using voice commands, eliminating the challenges of typing.

### Rent-A-Space

#### Technologies: HTML, CSS, PHP, MySQL

- Transforming travel in Bangladesh, our website offers affordable property rentals by connecting homeowners to travelers. It solves the challenge of expensive short-term accommodations, thereby making accessible, affordable, and hassle-free travel just a click away.

### PoseFit: Fitness Training

#### Technologies: Javascript, ML

- A deep learning model called PoseNet is used to analyze people from a video feed taken with their webcams while they are working out and provide feedback to improve their form.

## EDUCATION

### B.Sc in Computer Science and Engineering

#### Islamic University of Technology

⌚ January 2020 – Present  
CGPA: 3.61 / 4.0 (Up to 7<sup>th</sup> semester)

### O' Levels and A' Levels

#### Scholastica

⌚ June 2017 and June 2019  
Result: 8A in O levels, 4A in A levels

## TECHNICAL SKILLS

### Programming Languages

JavaScript • JAVA • C/C++ • SQL • CSS • HTML • Python

### Libraries/Frameworks

Selenium • JUnit • JavaFX • React • TensorFlow

### Database

Oracle • MySQL

### Development Tools

Android Studio • VS Code • Blender • CodeBlocks • Google Colab • Xampp • Unity • Microsoft Azure

### Other Proficiencies

LaTeX • Git

## COURSES

- Coursera: Introduction to Software Testing
- GreatLearning: Software Testing Tutorial
- Coursera: Foundations of Software Testing and Validation

## EXTRACURRICULARS

- Captain of CSE football team
- Daily Star award in 2017 for O level and 2019 for A level results

## MD. SOBUJ SORDAR [SQA ENGINEER]

### OBJECTIVE

Committed to ensuring software quality through rigorous testing methodologies and continuous improvement. Seeking a challenging role where I can leverage my testing skills to enhance product reliability and drive the success of a dynamic software development team.

### CONTACT

**Phone:** +8801747491807, +8801847465441  
**LinkedIn:** <http://www.linkedin.com/in/mdsobujssordar>

**Email:** mdsobujssordar11@gmail.com  
**Address:** GP-JA, 67/A, Mohakhali Wireless, Dhaka-1212

## Work Experiences:

### [Doer Services Limited] [SQA Engineer] [1st January, 2023]–[Present]

[Working here as a SQA Engineer. Responsible for managing the team, preparing documentation, Web application testing, Mobile app testing, Requirement analyzing, doing automation testing, manual testing, black box testing, UI testing, Functional testing, Non-functional testing. Generate test case, bug report]

## Skills:

- Test Automation
- Selenium Web driver
- JMeter
- Postman
- Project Management Tool (Jira)
- Mind Mapping (XMind)
- Cypress
- Manual Testing
- Mobile App Testing
- Web Application Testing
- Functional Testing
- Non-functional testing
- Test Plan and Test Case
- Blackbox Testing
- Bug Tracking Tool (Gitlab)

## Projects:

### MRA-IMS (Microcredit Regulatory Authority - Integrated Microfinance Solution)

"Microcredit Regulatory Authority - Integrated Microfinance Solution," a cutting-edge software project that revolutionized the microfinance sector. This comprehensive system was designed to streamline and enhance the regulatory and operational aspects of microcredit institutions, ensuring compliance with industry standards and facilitating financial inclusion in Bangladesh.

#### Responsibilities:

- Analyzing Requirements
- Test Mobile app and Web Portal
- Doing Functional testing
- Preparing Test Cases
- Preparing automation scripts in selenium and cypress
- Load Test with JMeter
- Detecting BUGS and Generate reports
- Perform UAT

### Doer Portal (Agent Management System)

"Agent Management System," a dynamic software project designed to streamline and optimize the management of agents within a diverse and ever-expanding network. Since the institution works as a master agent of Agrani Bank Limited, it significantly

improved operational efficiency by providing real-time insights into agent activities, reducing manual tasks, and enhancing communication within the network. This resulted in increased productivity, higher agent satisfaction, and, ultimately, a positive impact on business growth and profitability.

Responsibilities:

- Analyzing Requirements
- Test Web Portal
- Doing Functional testing and Non-Functional testing
- Planning & Preparing Test Cases
- Detecting BUGS and Generate reports

### **Doer School (School Management System)**

"School Management System," a comprehensive software project that played a pivotal role in transforming educational administration.

The "School Management System" significantly improved administrative efficiency, reducing the time and effort required for routine tasks. It enhanced communication between educators, parents, and students, fostering a collaborative and transparent educational environment.

Responsibilities:

- Analyzing Requirements
- Test Mobile app and Web Portal
- Doing Functional testing
- Preparing Test Cases
- Detecting BUGS and Generate reports
- Perform UAT

## **Education:**

### **Bachelor of Science in Computer Science (CS)**

Institution: Brac University  
Dept: Computer Science  
Passing Year: 2022

### **Higher Secondary Certificate (H.S.C)**

Institution: Govt. K.M College, Bhanga Faridpur.  
Board: Dhaka  
Passing Year: 2015  
Group: Science

### **Secondary School Certificate (S.S.C)**

Institution: Govt. Bhanga Model Pilot High School, Bhanga, Faridpur.  
Board: Dhaka  
Passing year: 2013  
Group: Science

## **Thesis:**

CASSAVA LEAF DISEASE CLASSIFICATION USING DEEP LEARNING AND CONVOLUTIONAL NEURAL NETWORK ENSEMBLE.  
Under the supervision of Dr. Amitabha Chakrabarty, PhD.

## **Self-Assessment (Skills):**

- Teamwork, communication, self-motivation
- Management and negotiation skill.
- Quick learner and decision making skill.
- Basic knowledge of Bangladesh Labor Law 2006

## **Training and Workshops:**

- Google Mobile SiteCertification 2018
- Intel Edge IOT FoundationCourse (Udacity)
- Intermediate Machine Learning(kaggle)
- Intro to Machine Learning(kaggle)
- Self-driving car making (Project)
- Professional training of IC design and verification, VFD, HMI (NSU)
- Communication Masterclass (10minute school)

## **Membership:**

IEEE NSU Student Branch and NSU  
Robotic Club

## **Objective:**

To achieve professional excellence with the best utilization of my knowledge, potential and skills thereby contributing my best toward the field of my domain and the organization.

## **Experience**

NIPRO JMI Company Ltd.  
As an Executive Engineer (2021 to continue)

## **Jobs Responsibility:**

- Preparing and executing daily, monthly production and machine plan, allocating man, machine, material accordingly.
- Supervising and monitoring daily production activity. And also motivating employees to achieve maximum output.
- Investigating problems in Injection Molding Machine and production line, analyzing root cause (RCA), and troubleshooting it effectively.
- Supervising and ensuring hygiene and cleanliness production floor while maintaining GMP & 5S.
- Preparing Daily Stock Report and maintaining Fast in Fast out (FIFO) for raw materials and products.
- Preparing and maintaining rejection data analysis (daily, monthly, quarterly, yearly) KPI(monthly) analysis, NPT (monthly) analysis.
- Checking and reviewing day to day activities (Machine's parameters log sheet, Operational log sheet, Cycle time log sheet, Troubleshooting log sheet, Line clearance log sheet etc.)
- Assisting to prepare SOP and validation documents (OQ, PQ). Also, updating records on protocols and reports.
- Handling Non-Conformity issue and assisting to raise CAPA.
- Providing training to subordinates on GMP and 5S while maintaining ISO: 9001, ISO: 13485 guidelines and SOPs. Also practicing Kaizen on regular basis to process improvement.

## **Academic Qualifications:**

### **Bachelor of Science in Electrical Electronics Engineering – 2021**

North South University (NSU)  
CGPA: 2.56 out of 4.00 (80%)

### **Higher Secondary Certificate (HSC) - 2013**

Dr. Mahbubur Rahman Mollah College  
Board: Dhaka, Group: Science  
GPA: 5.00 out of 5.00

### **Secondary School Certificate (SSC) – 2011**

Matuail Adarsha High School  
Board: Dhaka, Group: Science  
GPA: 5.00 out of 5.00

## **Strengths:**

---

**Languages:** C, Python, Verilog, System Verilog

**Worked with:** Mat lab, Embedded systems (Micro Controller 8086) with C language & VHDL, Raspberry Pi, Logisim, Cadence, Verilog, Tinker Board, Signal generator, Signal Defined Radio (SDR), Wireshark, Cisco Packet Tracer, PSPICE, Modelsim, AutoCAD.

**Version control:** Git

**OS:** Windows

**Tools:** Slack, Trello, Airtable, Zoom, Google meet

**Familiar with:** Codeblock, VScode, Sublime text

## **Language Proficiency:**

---

Bengali – Native language.

English – Proficient (Speaking, Reading and Writing)

## **Computer Literacy:**

---

Proficient with MS Word, Excel and PowerPoint

Proficient typing skill (English & Bengali)

Internet browsing, E-mail, Photoshop.

## Summary

Looking for an opportunity to utilize my strengths to build my career that would intrinsically help me in achieving greater practical excellence in the technical domain, exceptional hardworking nature along with good communication skills to explore the requirements and come up with innovative solutions

## Skills

- Programming: UiPath, HTML, CSS, SQL, JavaScript, React, Bootstrap
- Operating System: Windows10, Windows8, Windows7, Kali Linux
- Software Testing: Website and Android App Manual Testing
- Project Tracking Software: Jira

## Experience

- RPA Developer in SQ Group (IT & Innovation Department, February, 2022 – December, 2023)
  - Design,Coding,Testing,Deploying and maintaining the robots using UiPath
  - Used Excel Automation for Excel data entry, appending, and comparing columns
  - Used UiPath automation elements such as Mouse, Keyboard and Attribute to automation the sequence Activities
  - Handled exception using Try-Catch Activity
  - Deployed the process in UiPath Orchestrator and scheduled their execution
  - Handled the execution of project in UiPath Robot
  - Configured the bots and deploying process and scheduled the jobs in UiPath
  - Implemented End to End Robotics Process Automation (RPA) using UiPath
  - Maintained several RPA bots as batch process on daily basis and ensure quality and high performance
- Summit Communications Ltd. (Internship, IT Department, March, 2020 – July, 2020)
  - Coordinate with software developers and execute feature specific test case
  - Monitoring and ensure day to day IT operation running smoothly
  - Assisted lead QA tester with creation of master test plan
  - Performed manual tests on 6 client software project
  - Developed 30+ test cases, including performance and security test plan
- SQA Training SJ Innovation Ltd. (July, 2019 – September, 2019).
  - Monitor, analyze and test software testing process and products
  - Write test cases and analyze functional area of the application
  - Execute feature specific test case
- Teacher Assistant in Data Structure. (AIUB, September, 2018 – December, 2018)
  - Analyze and problem solving
  - Assist the course teacher.

## Work of Project

### ➤ Programming:

- It is an Agency website design. This project uses html, JavaScript and bootstrap as programming language  
<https://github.com/Jamil-Hasan-Asik/website>
- **Cancer Prediction** is my thesis topic of University life and improved cancer prediction equivalent real time data evaluation. It's prediction probability rate 93% accuracy but is not a sure cancer possible detection. However, it increases the chances of getting cancer. Using python and machine learning programming language

### ➤ Testing:

- I wrote a test case for the group of company where I covered login, home, property, speeches, mission and vision, business, first housing, career, user, other sectors, and those panels were implemented in specific test cases.

I do hereby declare that the above information are true and correct to the best of my knowledge.

Signature

# ABUL BASHAR KHAN

I have recently completed my Bachelor of Science (B.Sc.) in Computer Science & Engineering and gained extensive experience in Software Quality Assurance (SQA), particularly in bug detection, test case creation, and report writing. I am proficient in manual testing and dedicated to ensuring the delivery of high-quality products. Additionally, I have excelled as a Functional Tester for three months, specializing in requirements analysis and User Acceptance Testing (UAT). My diverse skill set can greatly benefit both you and your company.

#### Junior QA Engineer

April,2024-Present

- Designing and developing test plans and test cases based on test scenarios and acceptance criteria.
- Conducting Performance Testing, Generating & Analyzing Performance Report.
- Testing Mobile Apps, Credit System.

#### Junior QA Engineer, Intern

Dec,2023-Mar,2024

- Designed and developed test plans and test cases based on test scenarios and acceptance criteria.
- Conducted Performance Testing, Generated & Analyzed Performance Report.
- Conducted Manual Testing, Mobile AppTesting, Retesting & Responsiveness Testing.
- Conducted regression testing to ensure previous functionalities are working correctly and reported observations to the QA Lead.
- Utilized Mantis to find, report and follow up on bugs.

## PROJECTS

### CypressAutomation

- Used Page Object Model pattern.
- Conducted End-to-End Testing & generated reports using mochawesome.
- Automated Sign-Up, Login, Cart, Check-Out, Payment, and Confirm Placing orders along with 14 other different test cases Using Cypress.
- Implemented CI using Git Action.

### E-Commerce\_WebAutomation

- Used Page Object Model pattern & Conducted End-to-End Testing.
- Login, Adding Item in Cart, Check Out, And Validate Different Page using Cypress.

### JMeter Project

- Used Distributed System with one master PC along with two slave PCs.
- Conducted Load Testing on a user base of 3000 with ramp-up time of 1 sec.
- Generated Performance Report(HTML & CSV).

## CAREER OBJECTIVE

I aspire to engage in an environment that allows me to apply my technical and academic abilities effectively. In pursuit of this, I am eager to join a vibrant and innovative software firm where I can embark on my journey as a Software Quality Assurance engineer and can contribute my analytical skills and knowledge to bring out the maximum output.

## EDUCATION

**B.Sc. in Computer Science and Engineering**  
Ahsanullah University of Science and Technology

CGPA : 3.53 out of 4.00  2019 – 2023

**Higher School Certificate**

**Milestone College**  
GPA : 4.58 out of 5.00  2016- 2018

**Secondary School Certificate**

**Barishal Govt. Model School and College**  
GPA : 5.00 out of 5.00  2014- 2016

## SQA SKILLS

**Manual Testing :** Requirement Analysis, Test Planning, Designing, Writing and Reviewing Test Cases, Test Execution and Evaluation, Creating Test Report, Root cause analysis & Bug Reporting using test management tools.

**Performance Testing Tool:** JMeter

**API Testing Tool:** Postman

**Agile Methodology and Project Management Tool:** Clickup

**Concepts:** SDLC, STLC

**Automation Testing Tool :**Selenium

## SOFTWARE SKILLS

**Languages:** C/C++, Java,Python,Matlab.

**Machine learning Framework and Tools:**  
Pytorch,Numpy,Pandas.

**Web-Development(front-End):**

Html,CSS,Bootstrap,JavaScript,MVC.net.

**Web-Development(Back-End):** PHP

**Databases:** Microsoft SQL Data.

**Visualization and Analytics:** Matplotlib, OS Linux, Windows.

**Tools:** Git, Jupyter Notebook,Visual Studio Code,Visual Studio,CodeBlocks,NetBeans, Packet Tracer,LaTex,Microsoft Power Point, Microsoft Office,Microsoft Excel.

## SAMPLE WORKS

### Manual Testing

-  | Object Test Case Writing
-  | Test Case Writing
-  | Explore Testing on Share Trip
-  | API Testing Using Postman

### Automation Testing

-  | Web Automation Testing

## PROJECTS

### Digital Content Organizer

-  | Desktop Application

Digital resource management organizes and makes digital resources easily accessible, much like a book index.

**Technology :** Java , MS SQL Server.

## EZTechReview

This is an e-learning platform that helps with product selection, provides accessibility to technical equipment details through reviews, and saves time.

**Technology : ASP.NET , JavaScript.**

## FIFA 2020

FIFA 2020 is a 2D game that challenges players to score goals with straight or curved shots to earn points.

**Technology : iGraphics , C++.**

## Squid Game

Here requires players to traverse a timed path while avoiding movement when a robotic doll turns ahead to win.

**Technology : Three.js , JavaScript.**

## Cookie Encounter

Android bakery app using Firebase for seamless user experience and real-time data handling.

**Technology : Android Studio, Java.**

## THESIS

### Machine Learning Based Predictive Analysis Of Megastore Sales Revenue |

Two different datasets used to predict profits, with dataset 2 demonstrating better results through the use of time series decomposition into categories such as trend, seasonality, and residuals. Performance metrics evaluate classification and regression models for profit and inventory level forecasts, as well as SARIMAX, XGBoost, and ARIMA models.

## EXTRA CURRICULAR ACTIVITIES

- Cricket at University Tournament
- Football at University Tournament

## REFERENCE

Syeda Shabnam Hasan, Assistant Professor, Ahsanullah University of Science & Technology.

# RESUME OF MARUFA AKTER

## CAREER OBJECTIVE

I am eager to obtain a role in a software company where I can leverage my skills to drive success, gain invaluable experience, and make a meaningful impact on the company's productivity and reputation.

## JOB EXPERIENCE

Jr. Executive (QA & Support)- Kite Games Studio Ltd.  
January 2023 – Present

Currently I am working as a QA with support at KGSL. I am mainly involved in android QA team and all product is here ([Android Apps-Plays store](#)).

- I write detailed test cases for updating app features and tracking issues in our Jira board, updating the changelog of new app versions.
- My thorough manual testing ensures defect-free physical and virtual (Test Lab, RTL) devices.
- I have given user feedback from the Android app's email and Play Console reviews to continuously improve product quality and customer satisfaction.

## SQA SKILLS

- **Manual Testing:** Requirement Analysis, Test Planning, Re-Regression testing, Writing and Reviewing Test Cases, Test Execution and Evaluation, Creating Test Report, Root cause analysis & Bug Reporting using test management tools.
- **Performance Testing Tool:** JMeter
- **API Testing Tool:** Postman
- **Agile Methodology and Project Management Tool:** Jira, ClickUp
- **Concepts:** SDLC, STLC, OOP
- **Source and Version Control:** GitHub

## TECHNICAL SKILLS

- **Programming Languages:** C, C++, Python, OOP, JAVA.
- **Integrated Development Environments:** Sublime Text, Visual Studio, Code Blocks.
- **Documentation:** SRS, RTM, Graph
- **Operating System:** Mac OS, Windows
- **Database:** SQL(MySQL)
- **Design:** Canva, Figma

## CONTACT INFO

**Address:** House/Flat # 368/15/3/2,  
Plot #2-A, Section # Uttar Pirerbag, Mirpur,  
Dhaka-1216.

**E-mail:** marufaae7@gmail.com

**Contact No:** +88 01761-724074

## Objective

I am currently working as a Software Quality Assurance Engineer at A1QA. I have experience in QA with technical ability, combining a wide range of experience with a passion for quality, good analytical skills and a pragmatic approach. I am expanding my experience on various challenging and complex projects in the software development lifecycle. As a SQA Engineer, my primary goal is to ensure that the software my team delivers – meets the highest quality standards and provides a seamless user experience.

## Professional Experience

Full-time (Remote)

United States

12/2023 – Present

Software Quality Assurance - Intern

**a1qa** (*a1qa is a pure-play QA and software testing company*)

Responsibilities:

- Analyzing system specification
- Testing web and mobile applications
- Perform Functional Testing, Non-Functional Testing, Usability Testing, GUI Testing, Regression Testing and API Testing
- Creating test documentation including test plan, test cases and test matrices
- Creating Bug Report in Jira

## Education

2022

**B.Sc. in Computer Science and Engineering**

*NITER, a constitute institute of the University of Dhaka*

2015

**Higher Secondary School Certificate (H.S.C.) in Science**

*BAF Shaheen College, Dhaka*

2013

**Secondary School Certificate (S.S.C.) in Science**

*Khilgaon Govt. High School, Dhaka*

## Skills

- Manual Testing: Requirement Analysis, Test Planning, Writing Test Cases, Functional Testing, Non-Functional Testing, Test Execution & Evaluation, Creating Test Reports, Root cause analysis & Bug Reporting
- API Testing Tool: Postman for API testing
- Project Management Tool: Jira, TestRail
- Concepts: STLC, Network, Cloud, Linux, Virtualization, Web Services & Security
- Database: MySQL, NoSQL (MongoDB) & JQL
- Source and Version Control: Git

## Projects

### ✓ Manual Testing Projects

Manual Testing documentations containing Test Cases, Test Summary Report, Bug Report and Test Matrix.

1. Manual Testing of Desktop Application\_Kimba ☐
2. Manual Testing of Web Application\_Building Champions ☐
3. Manual Testing of Mobile Application\_Voicemail ☐
4. Manual Testing of Web Application\_GregoryOlsen ☐

## Career Objective

---

- Seeking a challenging Software Quality Assurance position at a reputed company where I can utilize my Testing, Technical, and Database skills to ensure the delivery of high-quality software products. With a strong foundation in Web Development and Data Analysis, I am committed to upholding software quality standards, leveraging excellent communication skills and a collaborative teamwork mentality to contribute to the organization's success.

## Education

---

- B.Sc. in Computer Science and Engineering (2019-2023)**  
Ahsanullah University of Science and Technology  
**CGPA:** 3.06
- HSC in Science**  
Saint Joseph Higher Secondary School  
**GPA:** 4.83
- SSC in Science**  
Betil High School and College  
**GPA:** 5.00

## Experience

---

- Intern QA**  
Business Automation Ltd  
(January 2024 - March 2024)

## Skills

---

- Software Testing Techniques :** Unit Testing, Integration Testing, System Testing, Regression Testing, Smoke Testing, Performance Testing, Negative Testing, Retesting
- Automation Tool :** Selenium
- API Testing Tool :** Postman
- Performance Testing Tool :** JMeter
- Project Management Tool :** JIRA
- Agile Software Methodologies :** Scrum, Kanban
- Test Reporting :** Test Plan writing, Test Progress and Summary Report writing
- Programming Languages :** Java, C++, SQL, JavaScript, C, Python
- Database Management :** MySql, PL/SQL
- Web Development :** ReactJS, NodeJS, HTML, CSS, Bootstrap
- Mobile App Development:** Appium
- Others :** Microsoft Office, Microsoft Excel, Latex, Proteus, Arduino Software

## Courses

---

- **Software Testing/ QA**

Learn Basic Testing with live examples - Udemy Software Testing, Performance Testing, Software Quality Assurance, Manual Test.

- **Software Quality Assurance (SQA) for Beginners from scratch - Udemy**

Learn Basic Testing with live examples - Udemy Software Testing, Performance Testing, Software Quality Assurance, Manual Test.

- **Complete Web Development Course With Jhankar Mahbub**

JavaScript, ReactJS, NodeJS

## Projects

---

- **Diagnostic Management System**

A Java based project where administrators oversee operations while receptionists write patient reports for certain conditions following examinations.

**language:** Java

- **KM Clothing**

A clothing website where customer can buy cloths with digital payment.

**language:** HTML, CSS, C sharp, JavaScript

- **Railway-eService**

An online train ticket purchasing service.

**language:** Java, CSS

## Miscellaneous Experience

---

- **Participation**

## Job experience

April 2024 - Ongoing Dhaka

**Quality Assurance & Operations Engineer**  
genex mobile solutions  
Genex Infosys Limited,  
Grameenphone

- Requirement analysis & understanding
- Defining test objective & developing test strategy
- Planning test environment
- Performing manual & automation testing as per requirement
- API & vulnerability testing
- Monitoring and analyzing telecommunications network performance
- Collaborating with cross functional teams during SDLC & STLC
- Participating in incident management processes to ensure timely resolution of service disruptions and minimize impact on customers

Dec 2023 - March 2024 Dhaka

**Software QA Engineer**  
Spectrum IT Solutions Ltd

- Requirement analysis & understanding
- Defining test objective & developing test strategy
- Planning test environment
- Performing manual & automation testing as per requirement
- API & vulnerability testing
- Leading software testing life cycle
- Collaborating with cross functional teams during SDLC & STLC

March 2022- Nov 2023 Dhaka

**Test Engineer**  
Proedge Associates,  
skitto, Grameenphone

- Requirement analysis & understanding
- Testing before & after deployment
- Performing manual & automation testing as per requirement
- Finding bugs & issues at client site
- API & vulnerability testing
- Collaborating with cross functional teams during SDLC & STLC
- Performing & lead all sorts of UAT of skitto app & web

March 2021 - Feb 2022 Dhaka

**Jr. Data Analyst**  
Abdul Monem Limited

- Collect complex data of fortune 500 organizations
- Data fraud reducing
- Risk analysis
- Update data according to user requirement
- Sort data & reduce data redundancy

## Key projects worked/working on

**MyGP application & Web**  
Performing QA & Operational parts

**skitto application**  
performed all sorts off testing of version 3.19.0; 4.0; 4.1; 4.2; 4.2.1; 4.2.2; 4.3

**Upokari Application**  
Workied on new release & performing all kind of testing

**TCB Smart Family Card Sheba Application**  
Performed all kind of testing of new version

**TCB Sheba web**  
Worked on UI, functional & non functional testing

## Tools/Skills

## Personal Summary

- Good Communication Skills.
- Capable of learning new tools and technology very quickly.
- Sound knowledge of writing and executing Test Cases and preparing bug reports.
- A good understanding of the STLC and SDLC methodology

## Education Background

- **Bangladesh University of Professional Masters in Computer Science and Engineering**

*BSc Computer Science and Engineering*

Completed in 2022

- **American International University-Bangladesh**

*BSc Computer Science and Engineering*

Completed in 2022

- **Birshrestha Munshi Abdur Rouf Public College**

*Higher Secondary Certificate*

Completed in 2017

- **BCSIR High School**

*Secondary School Certificate*

Completed in 2015

## Career Objective

To obtain a position as an SQA Engineer where I can utilize my sound knowledge and skills and explore my abilities for a better career.

## Skills

- **Programming Languages:** Python, NODE js, GO, Java, C#
- **Project Management Tools:** Jira, Trello, GitScrum
- **Operating System:** Windows, Linux
- **Manual Testing**
- **Automation Testing**

## Professional Experience

- **6am Tech | SQA Engineer Grade 1**  
*June, 2022 – Present*

- Requirement analysis
- Design analysis
- Test planning and execution
- Ensure product quality

- **Olivine Limited | Intern SQA Engineer**  
*January, 2022 – March, 2022*

## Professional Training

- **Road to SDET**

*Advance Test Automation*

**Topics:**

- **API automation with Mocha and Chai**
- **Playwright**
- **Pytest**
- **Cypress UI Automation**
- **CI-CD**

Ongoing

## Publications

---

- Counterfeit Drug Prevention In Pharmaceutical Supply Chain Using Blockchain Technology (Ongoing)

## Interests

---

- Automation Testing
- Learning New Technologies
- Blockchain Technology
- Artificial Intelligence
- Machine Learning Techonology

## Projects

---

- **6amMart** - Multivendor Application
- **6valley** - Multivendor E-commerce Application
- **6cash** - Digital Wallet Mobile App with Laravel Admin Panel
- **StackFood** - Multi Restaurant Application
- **eFood** - Flutter Online Food Delivery Script With Laravel Admin Panel
- **Grofresh** Single Vendor Grocery Delivery App Script
- **DriveMond** Ride sharing application
- Prepare documentation and test case for a2i 5 game project.
- Test BARTA mobile application
- Test Ministry of Land, Bangladesh website

### ● Software Quality Assurance Engineer

Banglalink Digital (Response Payroll)

January 2023 - Present

Responsibilities:

- Test Case preparation and test planning.
- Bugs tracking & reporting.
- Business Logic analysis.
- QA & UAT
- Requirement analysis and writing.
- Top Portfolio: MyBL Super App, Banglalink Website, Toffee, BL Eshop

Skills: Postman, JIRA, User Acceptance Test, SDLC, STLC, Agile Methodology

### ● IT Operations Engineer

Banglalink Digital (Response Payroll)

August 2022 – January 2023

Responsibilities:

- BTS, BSC, MSC knowledge.
- Alarm Escalation. KPI graph maintenance.
- Huawei, Nokia, ZTE technology supervision.
- Zero Traffic Report generation. Workorder maintenance. Network diagnostics.

Skills: GSM Architecture, RAN, SA Report, Huawei, Nokia, ZTE terminology, Alarm escalation etc.

### ● INTERNSHIP

Banglalink Digital Communications Ltd.

May 2022 – August 2022

Responsibilities: Developed false alarm findings application.

# EDUCATION

## EXPERIENCES

### Junior Software Quality Assurance Engineer

#### Orangebd

July 2023 – Present Dhaka, Bangladesh

- Collaborate with stakeholders for thorough requirement analysis.
- Performed testing, like Integration Testing, smoke, regression testing etc.
- Utilized ClickUp for issue tracking.
- Performed API testing using Postman.
- Investigate product quality in order to make improvements to achieve better customer satisfaction.
- Engaged in daily stand-up meetings with team.

### Trainee Software Quality Assurance Engineer

#### Orangebd

January 2023 – June 2023 Dhaka, Bangladesh

- Develop and execute comprehensive test plans and strategies.
- Create and maintain detailed test cases for software validation.
- Conduct diverse testing, including exploratory and regression testing.
- Perform smoke tests to ensure critical functionality after releases.
- Verification of multi-device and cross-platform consistency.
- Implemented test automation with Cypress, Selenium.

## PROJECTS

### Muktopaath

June 2023 – Present

Muktopaath, Bangladesh's largest e-learning platform, serves 23 lakh users with online classrooms, courses, exams, certificates, blogs, tutorials, and Ekpay payment integration.

### Leaps

January 2023 – June 2023

Philippine-based e-governance project that serves people by facilitating Business Permit Registration and Renewal, as well as issuing Certificates of Live Birth.

### Raindog

December 2023 – March 2024

Raindog is a US-based project that provides a salon and spa management system with appointment scheduling solutions, as well as employee management including working hours.

### Mygov

February 2023 – June 2023

The Government of Bangladesh's 'myGov' is an Integrated Service Delivery Platform (ISDP), providing citizens with easy access to all government services, regardless of device or location. It serves as a one-stop online platform for G2C, G2B, and G2G services.

## EDUCATION

Bachelor of Science, Computer Science and Engineering

### American International University - Bangladesh

May 2019 – April 2023 CGPA:3.66

## SKILLS

- C++, Java
- Javascript
- MySQL
- Project Management: Agile, Scrum
- Project Management Tools: ClickUp, Trello
- Code Version Control System: Github
- API Testing: Postman
- Load Testing using: JMeter
- Accessibility Testing: NVDA
- Test Frameworks: Maven
- UI Automation Testing: Selenium Webdriver
- UI Automation Testing: Selenium IDE
- UI Automation Testing: Cypress
- UI Automation Testing: TestNG

## CERTIFICATION

### Scrum Fundamentals Certified (SFC)

### WORK EXPERIENCE:

#### Associate Software Engineer

Company : NDE Technology Services.

JUL-2023-Till Now.

- Farm Management System .
- Ticketing System.
- TDReader (Desktop Application).
- B2B e-commrece .
- ERP User Authentication & Authorization System.
- ERP Access Control.
- ERP Inventory Module.
- ERP Support & troubleshooting.
- Software Quality Assurance.

#### Intern

Company : NDE Technology Services.

FEB-2023-Jul2023.

- Developed robust Web API & MVC using .NET Core & Entity framework to handle server-side logic.
- Demonstrated proficiency in front-end design, utilizing raw JavaScript to enhance the user experience.

### PROJECTS:

#### **User Authentication & Authorization System**

- Developed a multi-face user system with custom roles & permissions for users & Administrators.
- Using ASP.NET Core Web API as the backend and improved HTML, CSS, and JavaScript as the frontend.
- JWT token-based security was used to protect API endpoints. existing tools for granting users their own specific rights, increasing system flexibility and control.

#### **TDReader (Desktop Application)**

- The "TDReader" desktop application is a software tool designed to extract and interpret report data generated by Tekla Structures, a widely used structural engineering and design software.

#### **Ticketing System Development**

- Developed a robust Ticketing System using ASP.NET Core Web API, HTML, CSS, vanilla JavaScript, and Bootstrap. This system enables employees to raise and track work requests, ensuring seamless collaboration within the company.
- Implemented a user-friendly solution where employees can easily raise tickets for tasks, providing a systematic approach for tracking and managing work across various departments within the company.

#### **Farm Management system**

- Developed a robust Management System using ASP.NET Core Web API, HTML, CSS, vanilla JavaScript, and Bootstrap. This system enables track Animals Health, Feeding ,Breading Medical History & many more things.
- Implemented a user-friendly solution where employees can easily managing work across various types of things.

**Other Tools:** Git, SoapUI, Splunk

## PERSONAL DOSSIER

Nationality: Indian  
Linguistic Skills: English & Tamil

## OBJECTIVE

Aspiring to work in a challenging role as a Automation Test Engineer in an organization of repute to bring meaningful change using leadership, analytical, interpersonal, and communication skills.

## PROFESSIONAL SYNOPSIS

- Savvy and Determined Software Test Engineer with 4.4 years of experience in the IT industry in Automation, Manual Testing, Functional Testing, SoapUi, SQL, Test Planning and Strategy.
- Highly skilled in complete SDLC & STLC with different types of testing including User Acceptance Testing, Regression Testing, Smoke Testing, System Testing, Functional Testing, User Interface Testing, Integration Testing & Report Testing.
- Expertise in Software testing (UAT, System, Regression, End to End), setting up of test environment, creation of test scripts/cases, execution of Tests, and tracking of defects.
- Skilled in Manual Testing & Test Automation professional (Selenium)
- Proficient in Privacy Testing (API) and Test Plan domain
- Knowledge in Designing and executing automation scripts using Selenium.
- Adept in Web driver, TestNG, Selenium IDE, Eclipse IDE.
- Experienced in SoapUI & Rumba Mainframe.
- Complete knowledge of the Defect life cycle.
- Skilled in testing responsive web pages in various browsers (IE, Firefox, Safari and Chrome)
- Excellent analytical, communication & interpersonal skills that inspire & promote trust, cohesion, and management.

## PROFESSIONAL TIMELINE

- **SCORG International Consulting Pvt. Ltd.** | Software Engineer | May 2021 - Apr 2023
- **Cognizant** | Test Analyst | May 2021 - Apr 2023
- **Skyappz Software India Pvt Ltd** | Software Engineer | Feb 2019 - May 2021

## RESPONSIBILITIES

- Liaised with engineers and QA team by partnering with the development manager
- Determined the scope & schedule of upcoming projects and corresponding individual work items by carrying out technical analysis
- Writing test plans and creating test cases for the product
- Conducting quality assurance and designing performance tests using the new testing procedures
- Troubleshooting any errors and streamlining the testing procedures
- Writing up the final QA and test procedures for the quality technicians
- Suggested required software changes after reviewing issues and compiled comprehensive bug reports
- Ensuring all tests and procedures meet company and industry standards and preparing test reports for management

## PROJECTS HANDLED

| Project             | Plan Sponsor Domain (Policy Entry & Reporting System)   |
|---------------------|---|
| Project Description | Capturing and maintaining policy data for Plan sponsors, CICS based application that directs the user through a series of screens, capturing the required data in every screen. Data captured in PERS flows a lot of downstream applications.   |
| Responsibilities    | <ul style="list-style-type: none"> <li>▪ PERS is a CICS-based online application used for capturing the policy-related information of plan sponsors</li> <li>▪ Data collected in PERS stored in DB2 database PSBOR. Data from PSBOR is fed to APM downstream on a daily basis by reverse feed jobs</li> <li>▪ Data is captured in PERS in four different levels namely control, benefit, plan, account level</li> <li>▪ Once data collection is done, the data are stored in the upgraded DB2 tables and are reverse fed daily so that it can be accessed by downstream applications</li> <li>▪ Creating Controls as per the requirements with networks and everything including all four levels</li> <li>▪ Transactions like cancel, reinstatement, delete, purge are done</li> <li>▪ Online Register(OLR) is a CICS application that provides the online view of the data that is keyed through PERS and is in submission</li> <li>▪ OLR provides a medium to check background edits, which is basically the contradictions in the data through PERS and ensures that the data captured in PERS satisfies all criteria</li> <li>▪ OLR also performs On Demand Release (ODR), in which data submission is released to downstream.</li> <li>▪ Data can be changed many times when in submission once released need to create new submission to revise data</li> <li>▪ Data released to PSBOR will be available to the downstream applications only on next day after the reverse feed jobs are run</li> </ul> |

| Project             | Lollipop Guild (Privacy Testing)   |
|---------------------|--|
| Project Description | Finding the PHI/PII for the Soap projects and executing them in SoapUI. Then finding the Splunk logs using Queries of the projects and Decrypt the encrypted fields.   |
| Responsibilities    | <ul style="list-style-type: none"> <li>▪ Importing the soap projects to SoapUI</li> <li>▪ Run the projects and check the success status</li> <li>▪ With the queries of the soap Projects finding Splunk logs and checking if it contains any PHI/PII fields</li> <li>▪ Noting the fields in the sheet that contains the API name and PHI/PII fields that need to be encrypted</li> <li>▪ Once the developer have done coding, again Run the projects and find the Splunk logs with queries</li> <li>▪ Using a decryption tool to decrypt the encrypted PHI/PII fields</li> <li>▪ Maintaining and preparing Test Result Documents</li> <li>▪ Creating Automation Test Cases in RQM</li> <li>▪ Managing other teams regarding Privacy Testing getting updates, Test Result Documents &amp; Links</li> <li>▪ Collaborate with team for Sprint Plan, Scrum calls, Testing</li> </ul> |

| Project             | E-Commerce   |
|---------------------|--|
| Client              | Paul Smith   |
| Project Description | Paul Smith is renowned for his creative aesthetic; combining tradition and modernity to create beautifully made contemporary clothing and accessories for men and women. For over 30 years our reputation and distinctive image has been developed and as we grow we continually seek to recruit dynamic, motivated and committed employees. We value individual talent and have exciting opportunities within a wide range of jobs. |
| Responsibilities    | <ul style="list-style-type: none"> <li>▪ Understanding end-end functionality of the application</li> <li>▪ Design and develop as per requirements.</li> <li>▪ Implement TestNG for the code implementation.</li> <li>▪ Support in Testing the application.</li> <li>▪ Collaborate with team for the Testing.</li> <li>▪ Updating the status to Team Lead/Managers.</li> </ul>  |

SQA ENGINEER

# ISHRAT JAHAN CHAMAK

## ABOUT ME

As a dedicated graduate in CSE, I bring a solid foundation of knowledge and a passion for quality assurance to every project I tackle. My experience includes a comprehensive 3-month internship as a SQA analyst at Oigetit, where I gained invaluable insights into testing methodologies and practices. Now, as a QA engineer in a software company(Doodle Inc), I thrive on the challenge of working across various projects, ensuring they adhere to stringent quality standards.

✉️ ishratjahan.ijc@gmail.com

📍 966,Dhaka Cantonment,  
Dhaka.

## WORK EXPERIENCE

### Oigetit Fake News Filter

QA ANALYST

AUG 2023 -NOV 2023

- Performing manual testing for both web and mobile apps to detect the Software.
- Designing, developing, and executing test cases and scenarios based on application requirements.
- Reporting, tracking, and verifying defects and issues found during testing.
- Collaborating with SQA analysts, developers, and project managers to ensure quality.
- Conducting regression, smoke, sanity, and user acceptance testing after each release.
- Documenting test results, reports, and metrics for analysis and reference.

### Doodle Inc

SQA ENGINEER

AUG 2023 - Current

- Conduct manual testing at various stages (unit, smoke, system, user acceptance).
- Create detailed test cases from requirements for comprehensive coverage.
- Verify functionality, reliability, and performance through API testing.
- Plan and execute load tests to assess performance and scalability.
- Develop and maintain automated test scripts.
- Use Jira for defect tracking and collaboration with devs.
- Collaborate with cross-functional teams to ensure quality standards.
- Configure and maintain test environments to mimic production conditions.

## SUMMARY

I am an individual who is passionate and I believe in competing with myself and every day I make sure I am better than what I was yesterday. I love to learn and want to see myself in professions related to Software Quality Assurance.

## SKILLS

- Having Knowledge of Database(SQL)
- Manual Testing: Requirements analysis of testing, Doing the plan, Designing, Doing writing and reviewing of test, Execution and evaluation of test, creating the test report, Finding root cause analysis and bug reporting using test management tools
- Using API testing tool: Postman
- Using Agile Methodology and Project Management Tool: Jira
- Having concepts of SDLC, STLC, OOP
- Source and Version Control: GitHub
- Load testing and performance testing using Jmeter
- Willingness to learn
- Strong analytical problem and solving capabilities
- Verbal and written communication
- Ability to work under pressure
- Quality Control
- Non-Functional Testing

## EXPERIENCE

11/2023 - Current

### Test Engineer

**Fiftytwo Digital LTD** | Dhaka, Bangladesh

Assuring the quality of Point of Sales for various European client for example Matas, Dagrofa, Europris, Flugger, Jem&Fix and many more. Help in the development processes of a POS system. Tested the Point of Sales (POS) User Interface (POSUI), API Testing and run and written the testcases on Testmo (Testing Software)

09/2022 - 10/2023

### Junior SQA Engineer

**Bdjobs.com**

- Assure the quality of 'bdjobs.com' website, 'My Bdjobs' app, 'Bdjobs Corporate' website and 'Uddokta' app of bdjobs.com.

10/2021 - 08/2022

### Jr SQA Engineer

**Walletmix Limited**

- Assuring the quality of 'Robi Alpha' app which is a project of 'Robi Axiata Limited'
- Assuring the quality of 'Shobar Dhaka' app which is a project of 'Dhaka North City Corporation'.

03/2018 - 08/2021

### Junior Customer Engagement Officer

**X-Integrated Marketing Agency**

- Managed the social media sector of 'Robi Axiata Limited'.

# UROOJ FATIMA

## PROFILE

I am a Computer Science Engineer from *Indus University, Karachi*, with a background in Software Quality Assurance and Software Testing.

Looking to obtain a position where I can utilize my skills and learn new skills to contribute to the organization's growth.

## EXPERIENCE

### SQA Engineer

**Botsify Inc. | Sept 2022 - Present**

- Botsify Inc. is a chat-bot platform which provides chat-bots with integration of different social media platforms and website.
- Testing of platforms.
- Integration testing of platform with different social media and website
- Website testing, performance, load and speed testing of platform.

### SQA Engineer

**HDK Solutions Pvt. Ltd. | March 2021 - Aug 2022**

- International Project Testing Experience
  - Yeel Mobile Application
  - Walmart Discovery Engines
  - REDI COVID Application
  - PRISM ERP
- Black Box, Exploratory and Creative Software Testing
- Test Casing and Bug Reporting in collaboration to build Level 1, 2, and 3 cases for automation and regression teams.
- Performance Testing Experience using JMeter for Web and Mobile Applications.
- Working with team collaboration software like Asana, JIRA, GitHub, and Microsoft Teams

### SQA Engineer

**V4IDEAS | June 2021 – March 2022**

Remote job, worked as a part-time SQA Engineer at V4IDEAS Company. As a part of their team, testing ERP and Lambda testing of different websites.

## EDUCATION

### Bachelor's in computer science

**Indus University, Karachi | August 2016 - August, 2020**

Completed my bachelor's in computer science from Indus University with the highest CGPA in my batch 3.87.

### Intermediate (Pre-Engineering)

**Govt. Degree Boys and Girls Collage Gulshan Block 7, Karachi | 2013-2015**

Completed my Intermediate Pre-Engineering from Govt. degree Gulshan Collage in 2015.

### Matriculation (Computer Science)

**Sarfaraz Pilot Higher Secondary School | 2013**

Complete my metric from Sarfaraz Pilot Higher secondary school in 2013.

# Mouri Tania Sarker

SQA ENGINEER

✉ sarkermouritania1993@gmail.com ☎ +8801682129625 ⌂ 77/A, LakeCircus, Kalabagan, Dhaka

in <https://www.linkedin.com/in/mouri-tania-sarker-931290119/>

## SUMMARY

Experienced software professional with five years in the industry, proficient in attention to detail, Analytical thinking, test case development, Test planning and Test strategy. Well-versed in Agile methodology, SDLC, STLC, and bug lifecycle management. Possesses a solid understanding of software testing methodologies and is committed to ensuring product quality and integrity through meticulous testing and collaboration with cross-functional teams. Strong problem-solving and communication skills. Eager to leverage expertise to drive excellence in software quality assurance.

## SKILLS

- Project management tools JIRA, Azure DevOps.
- API Testing using (POSTMAN & Swagger)
- Clear Concept on OOP (Java)
- SQL Query, Design Jasper report in jasper iReport and jaspersoft
- Perform all type of performance testing like Load testing in jMeter, Stress testing, Usability testing, compatibility testing
- Follow agile methodology(Scrum)
- Maintaining the bug/Defect life cycle, Bug tracking and reporting on the project management tool.
- Communicating and interacting with the remote teams and the client
- Performing all possible testing types on projects (Functional Testing, User Interface and User Experience Testing, Positive and Negative Testing, Regression Testing, Smoke Testing, End to End Testing. Clear Knowledge in Clear Concept in Manual Testing
- Continuous integration/Continuous deployment (CI/CD)

## EXPERIENCE

### Senior SQA Engineer

Hypertag Solutions Ltd. Oct 2023 - Present

- Reviewed requirements, specifications, and technical design documents, providing timely and meaningful feedback to ensure alignment with project objectives.
- Created detailed, comprehensive, and well-structured test plans and test cases, prioritizing and coordinating testing activities to meet project timelines.
- Identified, recorded, documented thoroughly, and tracked bugs, facilitating effective communication with internal teams for prompt resolution.
- Conducted thorough regression testing to validate bug fixes and ensure software integrity.
- Developed and applied testing processes for new and existing products, aligning with client needs and industry best practices.
- Communicated effectively with internal teams, including developers and product managers, to identify system requirements and address quality assurance concerns.
- Monitored debugging process results and investigated the causes of non-conforming software, providing training to users to implement effective solutions.
- Tracked quality assurance metrics, such as defect densities and open defect counts, to measure and improve testing

effectiveness.

- Stayed up-to-date with new testing tools and strategies, continuously enhancing skills and knowledge in the field.

## **Senior Software Programmer**

**IBCS-PRIMAX Software (Bangladesh) Ltd.** *Jun 2023 - Sep 2023*

- Perform functional test, Unit Test, smoke test, cross browser test, UAT, positive and negative test scenarios on the web application
- Follow Agile methodology
- Develop Store & Inventory Module for Bangladesh Army
- Design Jasper report for the module

## **Senior Software Engineer**

**Leads Corporation Ltd.** *Jan 2021 - May 2023*

- Perform Unit Testing
- Improving system quality by identifying issues and common patterns, and developing standard operating procedures
- Liaising with colleagues to implement technical designs
- Investigating and using new technologies where relevant
- Solving problems and providing workable solutions
- Maintain Application server and provide new version of the software
- Deploy software in client server
- Maintain gitlab
- Provide Organizational training on Database administration

## **Software Engineer**

**Leads Corporation Ltd.** *Feb 2019 - Dec 2020*

- Perform Unit Testing
- Providing written knowledge transfer material
- RND on software algorithms and data structures
- Attending daily scrum meetings.

## **EDUCATION**

### **Professional Master in Information Technology(PMIT)**

**Jahangirnagar University** *Jul 2017 - Jan 2019*

Final grade: 3.81 out of 4.00

Project: Student Transport System

### **BSc in Computer Science and Engineering**

**Eastern University** *Feb 2012 - Apr 2016*

Final grade: 3.56 out of 4.00

Project: Class Schedule Reminder Mobile Application

## **TRAINING**

### **Hands-on SQA & Cyber Security Course**

**IT Training BD** *2024-01-22*

### **ISTQB Training**

**Full Stack Academy** *2023-07-31*

### **SEIP Govt. Training Project on Mobile Apps Development**

**Basis Institute of Technology and Management(BITM)** *2018-06-08*

# Anik Kumar Das

## ABOUT ME

Motivated CSE student with a strong programming foundation in C++, C#, Asp.Net, and machine learning. Completed diverse projects, demonstrating a passion for applying technology to real-world challenges. Eager to explore cutting-edge technologies, I am committed to continuous learning and making a meaningful impact in computer science.

# MD. HASIBUR RAHMAN

Results-driven SQA Engineer with a passion for ensuring software quality through meticulous testing and implementation of effective QA strategies.

+880 1781161011 mhasiburrahman01@gmail.com LinkedIn GitHub Mirpur, Dhaka

## WORK EXPERIENCE

### Software Quality Assurance Engineer Intern | Sept - Dec 2023

SEBPO Bangladesh

#### Responsibilities:

- Executed software testing on several Bangladesh Government and in-house software projects.
- Developed QA processes, test planning, test design, test execution and test reporting.
- Conducted functional, smoke, exploratory, regression, integration, system, and performance testing.

#### Project Works:

- I have followed the STLC processes in collaboration with the development team and executed rigorous testing on the Commercially Important Person (NRB) Application Management System [🔗](#), Pirganj-a Citizen Services & Database Management System [🔗](#), CTO Forum [🔗](#), and many other web applications.

## EDUCATION

### BSc in Computer Science & Engineering | Jan 2020 - Jan 2024

American International University-Bangladesh (AIUB) | Dhaka

Major: Software Engineering

CGPA: 3.34 out of 4.00

### Higher Secondary School Certificate (HSC) | Jul 2017 - Jul 2019

Adamjee Cantonment College | Dhaka

Group: Science

GPA: 4.25 out of 5.00

### Secondary School Certificate (SSC) | Jan 2007 - Apr 2017

Monipur High School | Dhaka

Group: Science

GPA: 5.00 out of 5.00

## ACADEMIC PROJECTS

### Software Quality and Testing | [GitHub](#) [🔗](#)

- Manual testing on eskooly.com
- Utilized Selenium IDE
- Thorough test planning
- Detailed test case creation
- Comprehensive report compilation
- Ensured reliability
- Ensured the quality of the system

### E-commerce System | [GitHub](#) [🔗](#)

- Technologies: HTML, CSS, PHP, JavaScript, JSON, JQuery, Ajax
- Database integration for efficient product management
- Responsive design implementation
- User-friendly interface
- Online shopping experience optimization

### University Bookstore | [GitHub](#) [🔗](#)

- Object-Oriented Programming (OOP) principles in C#
- Well-structured codebase
- Modular design
- Effective book inventory management
- Transaction and User interaction handling

## SKILLS

- Manual Testing: Requirement Analysis, Test Case Writing, Root Cause Analysis
- API Testing: Postman & Newman
- Performance Testing: JMeter
- Database Testing: SQL
- App Testing: Appium
- CI/CD Tool: Jenkins
- Version Control: Git, GitHub
- Selenium
- Programming Languages: C++, Java, Python
- Web Development: HTML5, CSS3, JavaScript, PHP
- Agile Methodology and Project Management: Jira & Trello
- Concepts: SDLC, STLC, OOP
- Problem-solving
- Attention to Detail
- Communication

- + Committed to continuous improvement.

## Education

**BSc in Computer Science And Engineering,**  
*University of Liberal Arts Bangladesh*

## Career Objective

To become a successful expert in the field of Information Technology. Seeking to secure a position as a Software Quality Assurance (SQA) Engineer by channeling my technical knowledge and skills to ensure personal and professional growth.

## Professional Experience

### SQA Engineer (Digital Equity Fellowship Trainee), Save the Children Bangladesh ☈

08/2023 – present | Dhaka, Bangladesh

#### Projects:

- Myanmar HRIS (Web)
- Iraq Travel & Fleet Testing (Web)
- Egypt CO MIS (Web)
- Risk Management Portal (Web)
- Learning Tree (Web)
- Global Security System (Web & App)
- Which Method(App)
- Anamika
- Cholo Shikhi Khelar Chole (App)
- RR Health
- Performance Monitoring Tool (Web)

#### Responsibilities:

- Assisted in creating and executing test plans, release checklists, and test cases for various software projects
- Participated in the identification and reporting of software defects using bug-tracking systems
- Performed Regression, Smoke, and Ad-hoc testing to ensure the stability of the software
- Collaborated with cross-functional teams to identify and resolve issues
- With a team of developers and QA professionals to test and validate a web-based application, ensuring its functionality and usability.
- In the testing of a mobile application, performing compatibility testing across different devices and platforms.
- In the testing of a web application, performing cross-browsing testing across different devices and platforms.
- Performed responsiveness testing for both web and mobile applications.

- Three months of training on 'Manual Software Quality Assurance' at A1QA

### Contractual Job

- Worked at Acote Group in the position of Data Associate (2-month contract)
- Promoted as a Junior AI Engineer at Acote Group

## Skills

- Manual Testing (JIRA)
- MySQL, C/C++, HTML, CSS
- Java & Python
- Microsoft word
- PowerPoint
- Excel
- Basic Graphic Designing  
(Adobe Photoshop, Canva)
- Basic UI Designing  
(Adobe XD, Figma)

## Specialization

- Quality Report
- Proposal Writing
- Video Editing  
(Adobe Photoshop, Filmora)
- Photo Editing  
(Adobe Lightroom, Picsart)
- Communication
- Journalistic Writing
- Latex (Overleaf)
- Art and Design

## Language

- Bangla (Native)
- English (Conversational)
- Hindi (Conversational)
- Urdu (Conversational)

**Career Objective:** Detail-oriented Junior Testing Engineer with one year of comprehensive experience in manual and testing. Contribute proven expertise in test planning, execution, and defect analysis to ensure the delivery of high-quality software solutions. Eager to further enhance skills in automation testing tools and collaborate with cross-functional teams to optimize testing processes and achieve superior software performance.

## **Education**

---

**BRAC University**, Dhaka, Bangladesh

[May 2021]

Degree: CSE, CGPA: 3.25

**National Ideal College**, Dhaka, Bangladesh

[June 2015]

HSC, GPA: 5.00

**Motijheel Model High School**, Dhaka, Bangladesh

[April 2013]

SSC, GPA: 5.00

## **Experience**

---

**[AKIJ iBOS]**

[Dhaka, Bangladesh]

Junior SQA Engineer – SQA Department

-HR & Payroll Software (People-Desk), ARL ERP Software, Madina ERP Software

[December 2022 - Present]

- Performed functional testing resulting in a 20% decrease in software bugs.
- Tested and validated new software features, resulting in a 15% increase in user satisfaction and a decrease in bug reports.
- Tested and implemented new marketing strategies, leading to a 20% increase in sales and a 10% increase in customer retention.
- Tested and streamlined the company's data analysis process, resulting in a 25% reduction in time spent on data processing.

## **Activities & Extra Curricular**

---

- Worked as voice artist at the trailer of iBOS Limited

[2023]

(Link From YouTube: <https://www.youtube.com/watch?v=9NMI6fGd-po&t=7s>)

- Hosted Orientation program of BRACU

[2019]

- Got the first prize for best acting in the residential semester at BRACU

[2016]

## Awards & Accomplishments

---

- Appeared in VC's List two times [January 2020 & May 2020]
  - Got government scholarship based on HSC result [2015]
    - Position no 674 among females in Dhaka Board)
- (Link From Dhaka Education Board: <https://dhakaeducationboard.gov.bd/data/20160525130437955705.pdf>)

## Training & Certification

---

- ISTQB CTFL Certification [In Progress]
- Hands-on SQA & Cyber Security Course, IT Training BD [October 2022]
- Presentation & Public Speaking Course, 10 Minute School [April 2021]
- IELTS Score: 6.5, IDP [December 2021]

## Skills & Interests

---

**Manual Testing:** Test Planning, Designing, Writing &  
Reviewing Test Cases, Creating Test Report, Requirement  
Analysis, Test Execution & Evaluation, Root cause analysis, Functional Testing, Non Functional Testing

**Programming Language:** Java, Python

**Database:** SQL

**API Testing:** Postman

**Performance Testing:** JMeter

**API Automation:** Rest Assured

**Web Automation:** Selenium

# Moinul Islam

BSc. in Computer Science and Engineering (CSE)

## PROFILE SUMMARY

- I have more than **3+ years** of testing/quality assurance experience of different types of apps (Mobile, Web, Desktop) on iOS, Android and Windows Phone.
- Designed systems for Transportation, Warehouse, eCommerce, HRMS, Smart Office
- Developed test automation framework from scratch

## TECHNICAL SKILLS

**Key Skills:** Problem Solving, System Analysis, Design, Development and Testing (Manual & Automation)

### Language, Frameworks and Tools:

- **Core** (Python, JavaScript, Java)
- **Database** (MySQL)
- **UI Automation** (Appium, Playwright, Selenium, Cypress, Katalon Studio)
- **API Test Automation** (Rest Assured, Postman)
- **BDD Tools** (Cucumber)
- **Testing Framework** (pytest, Unit Test, Robot Framework)
- **Design Pattern** (POM, MVC)
- **IDE** (IntelliJ idea, PyCharm, Visual Studio Code)
- **Version Control** (Git and GitHub)
- **System Design Tools** (Draw.io)
- **Project management & Bug Reporting** (Jira, Click Up)
- **Build tools** (Maven)
- **CI/CD**(Jenkins)
- **OS** (Linux, Windows, macOS)

### Familiar with:

- **Mobile UI Automation** (Espresso)
- **Performance Testing tool** (JMeter)
- **Virtualization Tool** (Docker)
- **Security Testing tool** (Burp Suite)

### Manual Testing:

- **Test Case, Test Report, Test plan, Test Execution, Bug reporting, Functional Testing, non-functional testing, black box testing, dynamic, static testing, Regression Testing, Smoke Testing, Sanity Testing, component testing, integration testing, system testing, acceptance testing.**

## EMPLOYMENT RECORDS

**Software Quality Assurance Engineer (Automation), BYSL Global Technology Group (1 Jan 2023 - Present)**

- Defined and established the QA process
- Developed an UI Automation Framework from Scratch
- Design and developed the workflow architecture for Test Automation
- Write test case basis on SRS, Wireframe, Acceptance Criteria about new feature of project.
- Write Requirement Breakdown basis on SRS.
- Regression, Smoke, Sanity and ad-hoc testing on e-commerce website different device (iPad, iPhone, android, windows).
- Working On Multiple Domain Such as Transport, e-commerce, employee management system, HRMS, Ware House, Bill of Materials (BOM), Multiple business type Templates UI/UX Testing compare with FIGMA prototype.

### **SQA & Test Automation Engineer, Quality Up Services (01 April 2022 - 31 Dec 2022)**

- Executed end to end testing on the Mailchimp mobile web and native app (iOS, and Android)
- Reviewed application submitted to the Mailchimp Partner Program (more than 110 apps)
- Written test automation script web and mobile apps
- Review requirements, specifications and technical design documents.
- Writing and execution of test cases.
- Writing Test Automation Script using python, Selenium, pytest, Suite run, Html report, allure reporting
- Using BDD, TDD Approach Selenium with python.
- Perform API testing with POSTMAN & Rest Assured.

### **SQA Engineer, SEBPO (01 Jan 2021 - 31 Mar 2022)**

- Executed end to end testing on the creative banner.
- Written, manually verified e2e test cases for newly and updated systems
- Write test case basis on SRS, Wireframe, Acceptance Criteria about new feature of project.
- Regression and ad-hoc testing on e-commerce website different device (iPad, iPhone, android, windows).
- Test web-based applications, Website, flash banners, web-based platforms/ Tools (Products) which is used to create app.
- Testing app on iOS, Windows & android platform and multiple browsers.
- Preparing detailed test case, test scenarios and test report for each project.
- Works on Jira & Trello project management tool.
- Prepare automation scripts using Selenium WebDriver & Katalon Studio.
- Performance testing using JMeter and analysis report.

### **SCHOLASTIC ATTAINMENTS**

---

- Bachelor of Science (BSc) in Computer Science and Engineering (CSE)**  
Bangladesh University of Business and Technology (*BUBT*), 2020
- Higher Secondary Certificate (HSC)**, 2014  
Govt. Syed Hatem Ali college, Barishal, Group: Science
- Secondary School Certificate (SSC)**, 2012  
Udayan High School, Barishal, Group: Science

### **TRAINING AND CERTIFICATIONS**

---

- Certification Course from BITM & People N TECH**

## **TOOLS AND TECHNOLOGY**

- ❖ **Operating System** : Windows-XP onwards
- ❖ **Core Programming Language** : PHP, Java
- ❖ **Scripting Language** : HTML5, Java Script,CSS3,AJAX
- ❖ **Frontend** : VB.NET, C#, Java Language
- ❖ **Backend** : SQLSERVER 2008, MYSQL
- ❖ **Designing Tool** : Photoshop, Fireworks
- ❖ **Testing Tool** : Postman, Swagger, Jira, GTmetrix, JMeter, Browserstack

## **AREA OF INTEREST:**

- ❖ Manual & Automation Testing
- ❖ Web developing with Core Java
- ❖ Web Technologies (PHP, Core Java)
- ❖ CMS: WordPress

## **TECHNICAL SKILLS**

- ❖ Mobile application Testing and Web application testing
- ❖ Familiar with Appium, Cucumber etc. Mobile application testing

## **ACHIEVEMENTS**

- ❖ Actively participated in various competition in a school & College time.

## **INTERPERSONAL SKILL**

- ❖ Ability to rapidly build relationship and set up trust.
- ❖ Confident and Determined
- ❖ Working in a group.
- ❖ Ability to good team leader.
- ❖ Optimistic view
- ❖ Willingness to work in a team
- ❖ Adoptability

## **WORKSHOPS / SEMINARS ATTENDED**

- ❖ Attended the seminar of the “**ETHICAL HACKING & CYBER SECURITY**”.
- ❖ I Passed In Certified Secure Computer User (CSCU).
- ❖ I have taken workshop on **Wordpress,PHP** at some colleges like S.R Patel Eng.(**Unjha**), Shri Satsangi Saketdham Ram ashram Group Of Institutions (**ssrai-Vadasma**)
- ❖ I have taken session of **PHP** at **Webcluse Infosys (Mehsana)**

## **TRAINING / EXPERIENCE**

- ❖ Certificate of **Web Designing** Training in **Way to Web PVT Ltd.**
- ❖ Certificate Of **PHP** Training in **Innovate Web Tec.**
- ❖ Certificate Of **WordPress** Training in **Innovate Web Tec.**
- ❖ **Worked as Trainee in Excel PTP from 26 Nov 2016 to 26 May 2017**
  - Involved in Test cases creation and execution.
  - Performed different types of testing on application like **Smoke Testing, Regression Testing**.
  - Involved in Functional Testing, **System Integration Testing**.
  - Involved in **Load Testing and Performance Testing**.
  - Log / File the defects in defect tracking tool / Bug Report.
  - Perform mobile testing (**Android and IOS**)
  - Website cross browser testing (**Browserstack**)

- ❖ **Worked as Lead Quality Assurance in Pixoatic Solutions from June 2023 to Current**
  - Working on **Builder.ai**, following agile methodology
  - Involved in Test cases creation and execution.
  - Involved in Functional / Nonfunctional testing
  - Call with clients, Scrum call, Demo call with Client, Sprint Planning, extra meetings attending
  
- ❖ **Worked as Lead Quality Assurance in Loginix Technolabs from March 2022 to April 2023**
  - Requirement Understanding and meetings. Working on **SQL Database Domain**
  - Involved in Test cases creation and execution.
  - Involved in Functional / Nonfunctional testing
  - Call with clients, team, P.O and Sprint Planning extra meetings attending
  
- ❖ **Worked as Senior Quality Assurance in Crenspire from Apr 2021 to March 2022**
  - Requirement Understanding and meetings. Working on **Financial Domain, Healthcare Domian**
  - Involved in Test cases creation and execution.
  - Performed different types of testing on software like **Smoke Testing, Regression Testing, Sanity Testing, Ad hoc Testing, Smoke Testing extra**
  - Involved in **Functional / Nonfunctional** Testing
  - Standup Call, Retro Meeting, Sprint Planning, Sprint Demo extra meetings attending
  - Log / File the defects in Defect tracking tool / Bug Report.
  - **Perform Performance and Load Testing**
  
- ❖ **Worked as Senior Associate Q.A in O2h from Nov 2018 to Apr 2021**
  - **API Testing Using: Postman and GraphQL**, Scrum Master, Working on **Pharma Domain**
  - **Automation: Selenium: Robot Framework**, Handle Team
  - Performed **Functional and Nonfunctional Testing Web-Android-IOS ( All Types )**
  - **Perform Performance and Load Testing (Using JMeter and GT Metrix)**
  
- ❖ **Worked as QA in Tax Tech India PVT LTD from May 2017 to Nov 2018**
  - Requirement Understanding and meetings. Working on **Financial, Banking Domain**
  - Involved in Test cases creation and execution.
  - Performed different types of testing on software like **Smoke Testing, Regression, Sanity Testing, Ad hoc Testing, Smoke Testing**
  - Involved in Functional testing, **System Integration Testing**.
  - Involved in **Load Testing and Performance Testing**, User Acceptance Testing
  - Log / File the defects in Defect tracking tool / Bug Report.
  - Automation Execution, Run Script, Result Viewer, Baseline Testing. Handle Patch

## **PERSONAL DETAILS**

- ❖ **Full Name** : - Bhavesh Narayan Bhai Panchal
- ❖ **Permanent Address** : - 7/A Nilam Park, Mehsana - 384002
- ❖ **Date of Birth** : - June 16<sup>th</sup>, 1992
- ❖ **Language Known** : - English, Hindi & Gujarati
- ❖ **Marital Status** : - Single
- ❖ **Nationality/Religion** : - Indian
- ❖ **Interest & Hobbies** : - Internet Surfing, listing Songs, Watching Sports and Reading

[mdmahtabuddin.qa@gmail.com](mailto:mdmahtabuddin.qa@gmail.com)

Dhaka

## SUMMARY

I am a QA Engineer with over 3 years of experience in the software development industry. I have experience working in Agile and Waterfall environments, as well as with both small and large teams. I am skilled in manual and automated testing, including black-box, white-box, regression, performance, load, stress testing methods. My goal is to ensure that the final product meets all customer expectations by finding defects early on in the development process so they can be fixed before release.

## EDUCATION

- 01/2020 - 07/2022 ◆ Post Graduate Diploma in IT  
[University of Dhaka](#)
- 05/2012 - 04/2016 ◆ Bachelor of Laws  
[Northern University Bangladesh](#)

## EXPERIENCE

- 09/2020 - Present ◆ QA Engineer  
**Open Communication Ltd**
  - Collaborate with QA Engineers to develop effective strategies and test plans
  - Create detailed, comprehensive and well-structured test plans and test cases
  - Execute test cases (manual or automated) and analyze results
  - Evaluate product code according to specifications
  - Create logs to document testing phases and defects
  - Report bugs and errors to development teams
  - Performed manual testing of the application before each release to identify any bugs or issues.
  - Automated regression tests using Selenium WebDriver and Cypress to reduce the amount of time needed for testing.
  - Created detailed bug reports for any errors found during testing, with steps to reproduce the issue.
  - Worked closely with developers to resolve defects in a timely manner.
  - Participated in weekly meetings with the QA team and other stakeholders to discuss project progress.
- 01/2018 - 07/2020 ◆ Network Engineer  
**Idea Networks & Communication Limited**
  - Configured and maintained network hardware, including routers, switches, firewalls, and wireless access points.
  - Assisted in the design of local area networks and wide area networks.
  - Provided technical support to users experiencing difficulties with their networks.
  - Developed policies for using and managing computer networks.
  - Installed software updates on servers, routers, firewalls, and other network devices.
  - Configured routers, switches, firewalls and other hardware to deploy and manage LAN, WAN and wireless networks.
  - Monitored system performance to promote network speed, availability and reliability.
  - Performed tests on newly installed hardware and software to provide components that interface correctly with each other and network.

## SKILLS

- Quality Assurance
- Manual Testing
- Test Plan
- Test Strategy
- Test Scenario
- Test Case
- Test Execution
- Defect Report
- Project Management
- SDLC & STLC
- Agile Methodology
- Scrum & Kanban
- White Box Testing
- Black Box Testing
- Performance Testing
- Automation Testing
- Web & Mobile Testing
- Jmeter
- Blaze Meter
- K6
- Jest
- Mocha
- Selenium
- Cypress
- Appium
- Cucumber
- TestRail
- Zephyr Scale
- Postman
- Jira , Trello
- Confluence
- Github
- Github Action
- Azure Devops
- Jenkins
- Circle Ci
- Docker
- VMWare
- HTML ,CSS
- XML & JSON
- Javascript
- Python (Basic )
- Pytest
- SQL
- React js
- Linux Shell
- Networking
- IP Protocol
- Configure Router & Switches

## CARRIER SUMMARY

---

A Quality Control Engineer with 2+ years of experience in ensuring product quality. Proficient in writing test cases, executing test plans, and identifying defects to ensure the delivery of high-quality software products. Conducted database testing to ensure data integrity accuracy and performance. Seeking to leverage expertise in testing to contribute to the success of a dynamic software development team.

## PROFESSIONAL EXPERIENCE

---

**Colgis BD Ltd. , Bangladesh**  
**Colgis JP, Chiba, Japan**  
Software Quality Control (QC) Engineer  
November 2021 – Present

**GAO Tek Inc., USA**  
Human Resource Assistant Internship  
June 2021-August 2021

## SKILLS

---

- Test Planning and Documentation
- Bug Tracking
- Executing Manual test cases
- Agile Methodologies
- Utilizing Winmerge Software for file comparison
- Using tools like Backlog System for test case management
- MS Office Suite(Word, Excel, PowerPoint)
- Knowledge of HTML,CSS , Bootstrap,JavaScript and JQuery
- Knowledge of Programming Languages (PHP,JAVA)
- Familiar with Database system such as (MYSQL)

## PROJECT DETAILS

---

### 1. USAC System

**Feature:** This is a web application WMS software. It can process Order Receive, fixed price contract, sales invoice, purchase, budget , support etc.

**Testing Method:** Manual Testing

**Role:** QA Test and management

**Responsibilities:**

- Verifying Test Environment, Understanding, Analyzing Test Requirements, Contributing to Test Plan Documentation and Deriving Test Scenarios.
- Collecting Test Data, Tracking Changes and Preparing Reports and Updating Documents.

### 2. 99HualianMarket System

**Feature:** 99HualianMarket is an ecommerce system of web application. It can process product ,order and inventory management, user authentication, shopping cart, checkout, payment gateway, provide customer service.

**Testing Method:** Manual Testing

**Role:** QA Test and management

**Responsibilities:**

- Detected and resolved any defects using this extensive testing approach.

- Collaborated with different software development engineers and QC members to build a deep understanding of features and architecture prior to testing.

### **3.GreenLine System**

**Feature:** This is a web application courier service system . This system has also developed mobile app. It can process orders, warehouse received , picking ,packing , and delivery service.

**Testing Method:** Manual Testing

**Role:** QA Test and management

**Responsibilities:**

- By identifying and resolving any issues through testing process

## **EDUCATION**

---

### **B.Sc. in Computer Science & Engineering**

United International University

2013-2018

CGPA: 2.91/4.00

### **HSC**

Mohammadpur Preparatory School and College

2011-2012

GPA:5.00/5.00

### **SSC**

Mohammadpur Preparatory School and College

2009-2010

GPA:4.94/5.00

## **PROFESSIONAL TRAINING**

---

### **Name: SQA(Manual & Automated Testing)**

**Organization:** Ostad

Dec. 2023 – Running

**Outcome :** Learning about therotical and practical knowledge of Manual and Automated testing

**Name:** Web Design

**Organization:** SEIP, BITM,BASIS

Feb 2019- April 2019

Outcome: Learned about HTML,CSS ,Bootstrap.JS and JQuery and applied in projects

**Name:** Professional Web Development Specialist

**Organization-** PeopleNTech ,BITM

May 2019 – Sept 2019

**Outcome:** Learned about PHP and applied in project.

## Experiences

### Associate Software Engineer-Test Automation , Together Initiatives (p) Limited, Dhaka

April 2022 – Present

- Working as an Automation Test Engineer to Develop and maintain automated test scripts using Cypress for an LMS .
- As a QA Automation Engineer, I excel in functional and UI testing, API automation, performance testing, database management, and system monitoring.
- Collaborated with the development team to integrate QA processes into the SDLC, promoting a culture of quality.
- Test performance under high volumes of events and serial number updates.
- Conduct end-to-end testing of the entire data processing workflow.

### Junior Software Engineer, Together Initiatives (p) Limited, Dhaka

August 2021 – March 2022

- Played a key role in developing Daily Number, a daily fantasy sports made fast, fun, and fair.
- Designed and launched a React Native mobile app for Daily Number..
- Successfully integrated finance, inventory, and human resources modules, leading to a 30% reduction in manual data entry and a 40% improvement in data accuracy.
- Participated in regular code reviews, reinforcing best practices and maintaining code quality standards.

## Skills

- **Languages:** JavaScript, Java
- **Frameworks:** React, NextJS.
- **Libraries:** Redux, Axios, Ajax, TailwindCSS, Material UI ,Styled Components ,MobX ,React Intl ,React Context ,React Window ,React Query, Cypress(Automation), SEO, Analytics, UI/UX basic.
- **Tools:** Git, Postman, GitHub, GitLab, Swagger,Jenkins,Jmeter,Selenium,JIRA.
- **Familiar with:** NodeJS, Express, NestJS, Docker, MySql, PostgreSQL,Java SpringBoot.

## **Education**

**Degree:** BSc. in Computer Science and Engineering

**Institute:** Port City International University, Chittagong.

**Passing year:** 2021

**CGPA:** 2.70 out of 4.00

## **Language**

**Bengali** – Native

**English** – Professional working proficiency

## **WORK EXPERIENCE:**

### **Software Quality Assurance Intern**

Misfit Technologies Ltd. | November 2023 – January 2024

- **Documentation:** Prepared and updated documentation including test plan and test cases to ensure product quality. Organized and maintained files and records, ensuring accessibility.
- **Reporting:** Prepared and delivered regular test status reports to senior QA, PM and developers.
- **Stakeholder Engagement:** Engaged with project stakeholders, clients and team members, to gather feedback and updates.
- **Meeting:** Attended various project meetings to understand client requirements and business logic.
- **Product Testing:** Tested website and mobile app based on SRS and test cases.
- **Task Management:** Assisted senior QA by giving his required updates on different projects. Monitored task progress and followed up to ensure completion.
- **Communication:** Communicating with, coordinating project employees.
- **Professional Development:** Participated in training and development opportunities.

## **TECHNICAL SKILLS:**

- **Programming Languages:** C (OOP basic), JavaScript and Python.
- **Frameworks:** Bootstrap, Tailwind.
- **Frontend Development:** HTML5, CSS3, Js.
- **Database:** MySQL, Mongo DB.
- **Version Control:** Git and GitHub.
- **Code Editor & IDE:** VsCode, CodeBlocks, Notepad ++.

- **Manual Testing:** SDLC, STLC, Bug Life Cycle, Agile Methodology.
- **API Testing:** Postman, JMETER.
- **Defect Tracking Tools:** Jira, Confluence.

## **PROJECTS:**

- **HTML5 & CSS3 & JavaScript Projects:**  
 Portfolio Website Live Demo: <https://tonnycse.github.io/Portfolio-Website/>  
 Responsive One Page Live Demo: <https://tonnycse.github.io/Responsive-One-Page/>  
 Movie Search App Live Demo: <https://tonnycse.github.io/Movie-Search-App/>
- **Python Projects:**  
 Email Slicer Source Code: <https://github.com/tonnycse/email-slicer>  
 Basic Calculator Source Code: <https://github.com/tonnycse/basic-calculator>  
 Word Replacement Source Code: <https://github.com/tonnycse/word-replacement>

## **ACADEMIC PROJECT:**

- **University Database:** MySQL

Contributed through making the database using MySQL and applying SQL queries according to the project requirements. (Group Work)

## **THESIS TOPIC:**

### **Performance Evaluation of Different Machine Learning Algorithms in Used Car Price Prediction in Bangladesh.**

This is a Machine Learning Project using Python Programming Language. Used Different types of Machine Learning algorithms, like Bagging Regressor, Hist Gradient Boosting Regressor, Gradient Boosting Regressor, Extra Tree Regressor and Extra Trees Regressor in this project.

## **EXTRA CO-CURRICULAR ACTIVITIES:**

- Attended Intra University Programming Contest at IUBAT-2018
- Certified for book reading competition by the British Council from IUBAT – 2018

## **CERTIFICATES:**

### **Software Quality Assurance**

Bangladesh Computer Council (ICT Division)

February 2024

|-------------------------------|---|
| October 2021 -<br>Running     | Doer Services Limited, Dhaka<br>Software Quality Assurance (SQA) Engineer   |
| June 2021 -<br>September 2021 | Bangabondhu-Hi-Tech-City, Dhaka<br>Cyber security Analyst (Intern)  |
| January 2019 –<br>April 2020  | Daffodil International University, Dhaka<br>Teaching Assistant(TA)<br>Database Management System and Java Programming |

## COMPETENCIES

---

|               |  |
|---------------|--|
| Programmation | Java, C, HTML, Java Script, PLSQL.   |
| Frameworks    | Java Spring.   |
| Database      | Oracle SQL, MySQL.   |
| Tools         | Visual Studio, Eclipse, Code Block, Net Beans, Selenium, Jira, Appium, Postman, Apache JMeter, Drow.io.  |
| Skills        | SDLC procedure, Cyber Security, Software Testing, Functional Testing, Performance Testing, Load Testing, Usability Testing, Regression Testing, Maintenance Testing, Unit Testing, Integration Testing, System Testing, Seven Principles, Bug/Defect reporting, TestNG, Manual Testing, Database Administrator, Software Requirements Specification, System Analysis & Design. |

## TRAINING COURSE

---

- Web Development with Java Spring Framework
- Oracle Database SQL
- Professional Software Testing
- Certified Ethical Hacking (CEH)

## PROJECT

---

- Microcredit Regulatory Authority (<https://github.com/AsaduzzamanRimo/MRA-IMS>)
- Doer School (<https://github.com/AsaduzzamanRimo/D-School>)
- Doer Courier (<https://github.com/AsaduzzamanRimo/D-Courier>)
- Bank-Project (<https://github.com/AsaduzzamanRimo/Bank-Project>)
- Foodiish-App-Automation (<https://github.com/AsaduzzamanRimo/Foodiish-App-Automation>)
- Ampere (<https://github.com/AsaduzzamanRimo/Ampere>)
- Ticket-Booking-App-API-Testing-Postman (<https://github.com/AsaduzzamanRimo/Ticket-Booking-App-API-Testing-Postman>)

## THESIS

---

An image Steganography algorithm the use of LSB replacement through XOR and UTF-16 Substitution

## **ACHIEVEMENTS**

---

- Participate NASA's Space Apps Challenge-2021 (Team Lead)
- Robotics Show International Conference on 4th Industrial Revolution and Beyond (IC4IR)-2021
- 1st Position, DIU Programming Contest-2018

## **PROBLEM SOLVING**

**Address-** Dhanmondi, Dhaka

## **Objective:**

*Seeking a position as a Software Quality Assurance Engineer where I can leverage my expertise in testing, strong analytical skills, and attention to detail to ensure the highest standards of software quality. Eager to contribute to a dynamic team and help deliver reliable, user-friendly software solutions by implementing robust QA methodologies and continuous improvement processes.*

## SKILLS

- Proficient in executing test cases and documenting defects; ability to create and maintain thorough documentation for test cases, test plans, and test results
- Skilled in functional, regression, and usability testing; expertise in developing comprehensive and detailed test cases based on requirements.
- Experience with API testing using tools like Postman
- Uses analytical skills to identify issues, analyze root causes, and find solutions.
- High attention to detail in identifying inconsistencies and defects.
- Excellent written and verbal communication skills for effective collaboration with developers, product managers, and other stakeholders.
- Commitment to continuous learning and improvement of QA processes and methodologies.
- Experience in testing mobile applications on various platforms (iOS, Android).

## WORK EXPERIENCE

### **Intern SQA Trainee, Brain Station 23, Dhaka, BD**

**2023**

Software Testing Projects – Task Station 23., myBL app and Ecommerce website Banglalink E-Shop

- Mastered manual testing principles, SDLC, STLC, Agile, and Waterfall methodologies.
- Acquired skills in JavaScript and Postman for API and load testing.
- Created and executed detailed test cases, test scenarios, and scripts; documented and tracked bugs using Jira.
- Participated in test planning and contributed to test documentation.
- Generated comprehensive test reports and effectively communicated findings.
- Validated app functionality, usability, and performance on iOS and Android.
- Provided clear, detailed bug reports and tracked bug status using Jira.
- Informed team about bugs during daily stand-ups and conducted retesting.
- Participated in pre-sprint and sprint planning meetings, providing updates and identifying blockers.
- Used Postman for API testing and troubleshooting.
- Verified website display and functionality in the test environment using Content Management System (CMS).
- Collaborated with developers to resolve issues and conducted retesting to ensure smooth operation.

### **Remote Resume Writer/Editor - HR Connexions Canada, Toronto, ON**

**2021 - Present**

- Crafts resume and cover letter writer/editor for North American clients.
- Edits and proofread resumes for grammar, spelling, and punctuation errors while ensuring consistency and accuracy in formatting.
- Customizes resumes for specific job positions, industries, or career objectives to maximize relevance.

### **Freelance Content Writer**

**2020-2023**

- Written SEO friendly product reviews and informative articles.
- Used SEO Friendly URL Structures in WordPress, yoastSEO, ProWritingAid and other than industry related softwares to optimize content.

|  |                  |

## OBJECTIVE

Looking to establish a career in the field of Computer Science and Engineering. I wish to work in a growth-oriented company and contribute to the development of the organization while upgrading my skill set & knowledge.

## EDUCATION

### B.S.C. IN COMPUTER SCIENCE AND ENGINEERING.

Feb 2018 - Feb 2023

### KHULNA UNIVERSITY OF ENGINEERING & TECHNOLOGY, KHULNA.

CGPA 2.97 out of 4.00

### HIGHER SECONDARY CERTIFICATE (HSC).

Jul 2015 - 2017

### FAUJDARHAT CADET COLLEGE, CHATTOGRAM.

GPA 5.00 out of 5.00.

### SECONDARY SCHOOL CERTIFICATE (SSC).

Mar 2011 - 2015

### FAUJDARHAT CADET COLLEGE, CHATTOGRAM.

GPA 5.00 out of 5.00.

## WORK EXPERIENCE

### ASSOCIATE PRODUCT & SOLUTION SPECIALIST

September 2023 - Present

### DATA EDGE LIMITED.

- Completed certification & specialized in cybersecurity and network products, including (Juniper, Trend Micro, Fortinet, Palo Alto etc.)
- Developed and delivered customized solutions addressing client cybersecurity and network infrastructure needs.
- Conducted market analysis to inform product development and marketing strategies.
- Collaborated cross-functionally with sales, marketing, and development teams.
- Maintained detailed product and solution documentation.
- Incorporated customer feedback to continuously enhance solution design and usability.

### TRAINEE ENGINEER, ENTERPRISE TECHNOLOGY SOLUTIONS

June 2023 - Aug 2023

### DATA EDGE LIMITED.

- Completed HPE certifications in server, storage, Synergy, MSA, etc.
- Enterprise Servers and Storage Service solutions.
- Collaborated with senior engineers for installation, configuration, troubleshooting of enterprise-level servers and storage.
- Supported virtualization, aided client solutions, and disaster recovery planning.
- Documented processes for team knowledge sharing.

**TRAINEE SQA ENGINEER**  
June 2023 - December 2023

**NAGORIK TECHNOLOGIES LTD.**

- Strategized and executed comprehensive test plans.
- Performed manual testing (functional, regression, and user acceptance).
- Tested live applications: "Deen," "Ortho," "Ludo."
- Identified, documented, and reported bugs.
- Maintained test documentation and reports.
- Collaborated cross-functionally with developers, PMs, and BAs.
- Learned about automated testing tools like selenium.

## THESIS/RESEARCH

---

April 2022- Feb 2023

**CYBERBULLYING DETECTION FROM ENGLISH TEXT USING MACHINE LEARNING APPROACHES**  
A machine learning and NLP based thesis research that detects whether an English text is cyberbullying or non-cyberbullying.

## SKILLS

---

**Programming Language:** C, C++, JavaScript, Python.

**Web Technologies:** HTML, CSS, Asp.Net.

**Operating System:** Windows, Ubuntu, Android OS.

**Database:** MySQL, PL/SQL, Oracle.

**IDE/Tools:** Code Blocks, Visual Studio, Android Studio, Latex.

**Version Control:** Git.

## PROJECTS

---

**Colorization of The Black and White Historical Images of Bangladesh**

A deep learning based project that converts grey-scale images to color images of Bangladesh history.

**Moonlit-Cafe**

A website of a restaurant using Asp.Net, C#, HTML, CSS, JavaScript.

**Bus Management**

Bus management system using Object Oriented Programming in C++.

**Gyankosh**

An Java android application on library management.

**Smart Classroom**

A computer graphics project of a classroom using OpenGI , C++ along with texture mapping and lighting.

## Software Quality Assurance Engineer

I'm a **Computer Engineer** graduate. **Professional** and **detail-oriented** employees motivated to **drive projects** from start to finish as part of a dynamic team. Has **experience** and **familiarity** with **Software Testing**, **Cloud Computing**, and **Networking configuration**. Has good **problem-solving capabilities** with **leadership** skills. An **energetic**, **creative**, and **ambitious** person who likes to **take challenges** through any situation. I like to see the **difficult situation** as my new **opportunity to make a difference**.

SQA ENGINEER | MY MEDICAL HUB INTERNATIONAL LIMITED

NOV 2022 – PRESENT

Involved in System Testing, Regression Testing, End-to-End testing, SIT, and Interfaces testing. Design test plans, scenarios, scripts, or procedures. Document software defects, using a bug tracking system, and report defects to software developers. Identify, analyze, and document problems with program function, output, online screen, or content.

- Design test plans, scenarios, scripts, or procedures.
- Document software defects, using a bug tracking system & report defects to software developers
- Monitor bug resolution efforts & track success
- Identify any potential problems that users might
- Perform manual and automated testing
- Update automated test scripts to ensure
- Review user interfaces for consistency and functionality

SQA ENGINEER (TRAINEE) | RECURSION FINTECH LTD

MAY 2022 – SEP 2022

Involved in System Testing, Regression Testing, End-to-End testing, SIT and Interfaces testing

- Design & execute systems to check for issues
- Develop standards & procedures to determine product quality and release readiness
- Drive innovation & streamline the overall testing process
- Identify any potential problems that users might
- Perform manual and automated testing
- Research and analyze product features being tested
- Research new tools, technologies, and testing processes
- Review user interfaces for consistency and functionality
- Perform and document risk analysis

**LEAD COORDINATOR | SKILL DEVELOPMENT FOR MOBILE GAME AND APPLICATION PROJECT****APRIL 2018- MAY 2019**

As a Lead coordinator, my responsibilities include communicating with managers to identify training needs and mapping out development plans for teams and individuals. Training Coordinators are responsible for managing, designing, developing, coordinating and conducting all training program

- Design and develop training programs
- Communicate with team lead and students
- Conduct organization-wide training needs assessment and identify skills or knowledge gaps that need to be addressed
- Maintain updated curriculum database and training records
- Host train-the-trainer sessions for internal subject matter experts
- Manage and maintain in-house training facilities and equipment
- Research and recommend new training methods, like gamification

**PROJECT COORDINATOR | NATIONAL EMERGENCY SERVICE 999 (CONTRACT)****AUGUST 2017 – FEB 2018**

- Effectively communicated project scope, schedule, and budget with both customers and contractors.
- Worked with change management and transition teams to implement training and integrated legacy systems with new systems and processes. Met customer deadlines and Service Level Agreements.
- Communicate with team lead and students
- Supported end users with new cell phone management requests, including interfacing with payroll for stipend setup
- Managed an average of 4 projects monthly.
- Tracked and communicate project status to stakeholders and investors through weekly excel reports.
- Provided program and project status reports to the project team and company.
- Led an operations business team in the development and testing of an online, interactive customer service relationship management (CRM) system that centralized account opening information and improved customer service

**GOOGLE DEVELOPER GROUP SONARGAON | ICT MANAGER****JAN 2018 – PRESENT**

The Community attempts to showcase Google's products to student and professionals. It's major aim is to make awareness among the users and technology enthusiasts about the most versatile, seamless and ever growing platform in the IT industry through the eyes of one of the market leaders which is GOOGLE and its services.

- Engaging with users to build Developer relationships with the community and encourage engagement
- Understand user behavior and promote suitable Google technology
- Analysis of Bangladesh IT ecosystem interactions with Google and develop ways to improve the support of our community of users
- Communications with developers & Googlers
- Building Community to introduce Google Product & Services
- Developing Young Developers for Bangladeshi Software ecosystem
- Providing solutions while being able to improve the Google user overall experience on the platform.

## **EDUCATION**

### **Varendra University**

**JAN 2016 – FEB 2020**

*Bachelor of Science, Computer Science and Engineering*

Major: Human-Computer Interaction, Advanced Web Engineering, Software Testing & Software Engineering.

## **RELEVANT TRAINING EXPERIENCE**

- Google Android Study Jam
- National Mobile App Training by the Ministry of ICT
- Training on Game Development by mLab

## **TECHNICAL SKILL**

- Extensive knowledge of local built-in CRM tools, Salesforce, and Agile Technology
- Knowledge of Web Development (HTML & CSS), Basic Javascript
- Project management, Project planning, Project coordination, Project documentation, supplier management, Organized, System implementation, Client support, Relationship Building
- Risk management, Technical documentation writing etc

## **LANGUAGES**

- Fluent in English, Bengali

## **KEY PROJECT**

- Face Tracking Using Kanade-Lucas-Tomasi Algorithm(Using Image processing, Matlab)
- Smart Traffic Management System (Using Image processing, Matlab and Arduino)
- Gesture Control Vehicle (Using Arduino, Gyro Sensor, and Radio Frequency & Bluetooth Communication)
- Temperature and Humidity Monitoring System (Using ESP8622 & DHT 22)
- An E-commerce Website (Mobile Shop) (Using HTML, CSS, JavaScript & PHP)
- Office Employee Management System (Using Java)

## **MAJOR COURSES**

Pattern Recognition, Network Design & Management, Data Mining, Advanced Web Engineering, Human ComputerInteraction , Embedded System, Image Processing, Simulation and Modeling, Software Engineering, ParallelProcessing & Distributed System, D BMS, Computer networking, Digital Signal Processing, Operating System, Compiler Design, Graphics, Computer Architecture and Organization, Object Oriented Programming (With C++ & Java), Digital System, Programming C, Statistics, Linear Algebra, Calculus.

## CERTIFICATION

- **GOOGLE |** Google Android Study Jam
- **GOOGLE |** Code lab on Google Technology
- **GOOGLE |** Google mSite Certified Developers

# MD. HASHIKUL ISLAM

## Information

- GitHub: [Hashikul Islam](#)
- Address: Baridhara, Dhaka

## Career Objective

Looking to work with a dynamic and progressive Software Company which provides opportunities to expand my knowledge and enhance my skills.

## Skills

- **Manual Testing:** Requirement Analysis, Test Planing & Designing, Writing and Reviewing Test Cases, Test Execution And Evaluation, Creating Test Report, Mind Map, Root Case Analysis And Bug Reporting Using Test Management Tools
- **Automation Testing:** Selenium WebDriver, Cypress, Appium, TestNG, Allure Report
- **Performance Testing Tool:** JMeter
- **API Testing Tool:** Postman
- **Database Testing.**
- **Security Testing Tool:** Acunetix
- **Agile Methodology & Project Management Tool:** Jira
- **Concepts:** SDLC, STLC, OOP
- **Programming Language:** Java, C++
- **Database:** MySQL
- **Source And Version Control:** GitHub

## Education

**2019 BSc in CSE from**  
North Western University, Khulna

**2014 HSC in Science from**  
Bangladesh Naubahini School and Collage, Khulna

**2012 SSC in Science from**  
Gazalia Adarsha Secondary School, Kachua, Bagerhat

## Work Experience

**Software Implementation Engineer at eGeneration Ltd.**  
(June 2023 to Continue)

**Project:** BGB Hospital HMIS, BGB CMSD.  
(Where include HIS, LIS, RIS, Telemedicine, ERP etc.)

- Led the end-to-end implementation of software solutions, ensuring seamless integration with existing systems.
- Developed detailed test plans, test cases, and executed tests to identify and document software defects.
- Ensured compliance with industry regulations and standards, maintaining high levels of software quality.
- Provided technical support during the implementation phase, resolving issues promptly and minimizing downtime.
- Collaborated closely with clients to understand their unique needs, tailoring software solutions for optimal performance.
- Developed and maintained documentation for implementation processes, facilitating knowledge transfer within the team.
- Conducted training sessions for clients and internal teams, ensuring a smooth transition to the new software.

## Thesis

**Cancer Prediction Using Different Classification Algorithm.**

Supervisor: Tajul Islam, Assistant Professor at North Western University, Khulna.

## Research & Seminar Attend

**AI for Innovation and Cyber Security**

Organized by department of CSE.

**Programming Hub**

Organized by NWU Computer Programming Club.

## Training

**SQA and Cyber Security at IT Training BD.**  
(December 2021 to June 2022)

## References

**Farhan Sadik**

Senior Project Manager,  
eGeneration Ltd.

Phone: +8801776030488

Email: farhan.sadik@egeneration.co

## Career Objective

I am interested in the job role of Software Quality Assurance Engineer in a progressive software firm where I can utilize my understanding of software testing to achieve the requirements of clients and customers efficiently.

# NAFISHA TAMANNA NICE

- **BDD Testing:** Cucumber
- **CI / CD Tool:** Jenkins
- **Source and Version Control:** Git
- **IDE:** IntelliJ, Eclipse

## Education

- **BSC in Computer Science & Engineering**  
CGPA : 3.77 out of 4.00  
Period : 2018 to 2022  
Daffodil International University
- **Higher Secondary Certificate**  
GPA : 4.25 out of 5.00  
Passing Year: 2017  
Board : Dinajpur
- **Secondary School Certificate**  
GPA : 5.00 out of 5.00  
Passing Year: 2015  
Board : Dinajpur

## Work Experience

- **Shikkha.xyz**  
March 2023 - March 2024  
**SQA Engineer**
- **eComclips**  
July 2022 - Feb 2023  
**Project Manager**

## Training

### SQA and Cyber Security (September 2022 - April 2023)

- **IT Training BD**, a United States-based training organization.
- **Topics learned:** Writing Test Cases and generating a report, API Testing and generating a report, Performance Testing, Using Project Management Tool, Using Source Control, SQL Query, JAVA Basics.

## Sample Works

### Manual testing projects :

- Test case writing
- Test report
- Bug report
- Test metrics
- Mind map

**GitHub Link:** <https://cutt.ly/j2zTS01>

### API testing projects :

- CRUD Operations such as Create, Get, Put, Delete
- Writing Pre-request Scripts using Dynamic Parameter
- API Request
- Writing Test Scripts for Data Validation
- Newman HTML & HTML Extra Report

**GitHub Link:** <https://cutt.ly/q2zTXds>

### Performance testing projects :

- Load testing
- Stress testing
- Endurance testing

**GitHub Link:** <https://cutt.ly/n2zT04k>

### Web Automation testing projects :

- Automating web browser using Selenium
- A sample framework based on Page Object Model, Selenium, TestNG using Java
- Allure Report generation

**GitHub Link:** <https://cutt.ly/888l771>

## MD MAHABUB ALAM

**Date of Birth:** 10/07/1998 | **Nationality:** Bangladeshi | **Gender:** Male  
**Phone Number:** +8801790123642 | **Email:** mahabubalam.se2018@gmail.com  
🔗 /MahbubIT3 | 🔗 /mahabubit3  
**Address:** Bharasar, Burichong, Sadar Isapura-3500, Cumilla, Bangladesh

### Career Objective

To excel as a proactive SQA Engineer, leveraging hands-on experience in identifying and resolving software issues, automating testing, and upholding quality standards. Eager to contribute programming and testing expertise to a collaborative software development team, driving the delivery of high-quality solutions through continuous improvement.

### Work Experience

#### Junior SQA Engineer (Internship)

Orbitax Bangladesh Limited

📅 April 2022 – September 2022📍 Mohakhali, Dhaka

#### Responsibilities

- Identify and fix bugs by collaborating with the Business Development and Software Development team
- Automate repeated tasks and write test scripts with JMeter and Postman
- Report and prioritize defects effectively using project management tools such as Jira
- Participate in regression testing and user acceptance testing, to ensure quality standards are met
- Learn and contribute to document test cases and test reports.

### Education

#### Bachelor of Science in Software Engineering (BSSE)

Noakhali Science and Technology University (NSTU)

Software Engineering | Institute of Information Technology (IIT) | Final Grade – 3.03 out of 4.00

📅 January 2018 – June 2023📍 Noakhali

**Notable Courses:** Data Structures, Object Oriented Concepts, Software Requirements Specifications and Analysis, Software Testing and Quality Assurance, Software Project Management

#### Higher Secondary Certificate (H.S.C)

Comilla Education Board

Science | Sonar Bangla College | Final Grade – 5.00 out of 5.00

📅 Passing Year: 2016📍 Cumilla

### Skills

- **Programming Languages:** C++, C#, JAVA, JavaScript
- **Testing Skills:** Manual Testing, Automation Testing, JMeter, Selenium, Cypress, Postman, Regression Testing etc.
- **SRS Skills:** Scenario Writing, Requirement Analysis, Prototyping, SRS Documentation
- **Project Management Skills:** Teamwork, Giving and Receiving Feedback, Critical and Analytical Thinking, JIRA, GitHub

## Projects

---

### Development Projects:

- **Handwritten Flowchart Recognizer (December 2022 – May 2023)** 
  - Python, Django, Artificial Intelligence, Digital Image Processing
  - Developed a shape detection and recognition software for handwritten flowcharts, improving clarity for educators, students, and the general public. Future direction: digital and interactive flowcharts
- **Picture Puzzle Game (January 2019 – May 2019)** 
  - Java, Java Swing
  - Developed a digital jigsaw puzzle game with customizable difficulty, allowing users to upload personal images for a unique and engaging puzzle experience.

---

### Testing Projects:

- **Testing HRM system with Cypress (January 2024)** 
  - JavaScript, Mocha
  - Automated test of **OrangeHRM** website for UI and Functional testing. Followed Page Object Model to complete this testing project.
- **Testing UI of an HRM system with Selenium (January 2024)** 
  - Java, JUnit
  - Automated UI and Functional test of **OrangeHRM** website with the implementation of Page Object Model.

## Certification

---

### Foundational C# with Microsoft

📅 October 2023     📍 freeCodeCamp.org

- Gained comprehensive understanding and practical experience in C# programming, including core concepts, syntax, and application in software development.
- Proficient in utilizing variables, data types, control structures, and object-oriented programming principles to confidently develop applications with C#.

## Membership and Responsibilities

---

### Program Secretary     📅 March 2020 – May 2023

IT Club     📍 IIT, NSTU

- Facilitated the development of soft skills such as teamwork, creative thinking, and responsibility management through organizing workshops and events for over 50 IT Club members.

Assistant SQA

## PROFILE

As Software Quality Assurance professional, I understand testing methodologies and quality assurance principles well. I am motivated, eager to learn and contribute to delivering high-quality software products for your reputed company to gain best work experience as an SQA tester.

## EXPERIENCE

Olivine Limited | Assistant SQAT Engineer

01 Jan 2023 - 08 May 2023

**Project:** Prottoyon(App)

**Client:** a2i

**Work:** Bug Report, Beta Test, UAT Report

**Project:** Primary Aid(Game)

**Client:** ICT Ministry

**Work:** Beta Test, Bug Report

**Project:** Prottoyon(web)

**Client:** a2i

**Work:** Manual Test, Write Test Case, UAT Report, Integration Test, Bug Report

**Project:** Bangla Baburchi(Game)

**Client:** ICT Ministry

**Work:** Beta Test, Bug Report, UAT report

## PERSONAL PROJECT

### SDET (Software Development Engineer in Test)

Road To SDET

### Load test on D-money API with JMeter

- JSON assertion
- Generated Summary reports and Aggregate reports in HTML format.

### Random user API performance Test with JMeter

- Have done load test and stress test
- Found the bottleneck point.
- Generated reports on it.

### API test with Postman on D-money API

- Have run automation test with JSON command.
- Generated Newman And Postman report.
- Generated manual test reports on it.

### Unit test with Selenium JUnit on DemoQA website.

- Done automation on various features to verify the functionality.
- Have done test cases and Assertions for the functionality.
- Generated reports on it

### Function test with Selenium TestNG on the Orangehrm website.

- Wrote test cases and Assertions to cover various user flows.
- Done automation for both Admin and User sites.
- Generated test reports on it

### APP automation test with Appium on EMI Calculator.

- Have written test cases and run automation test on EMI Calculator.
- Generated test reports on it.

## Profile

I am a punctual, positive, and enthusiastic tester who values hard work and continuous learning. I am eager to contribute my skills to challenging projects and join a forward-thinking organization. I am looking for opportunities to increase my knowledge and contribute to the growth and success of the organization to become a valuable asset.

## Professional Experience

### Junior SQA Engineer

TechnoNext(Concern of US-Bangla Group) 

Jan 2023 – present  
Dhaka, Bangladesh

#### Online Travel Agent (B2C):

- Analyze and clarify the requirements from SRS and Business Analyst
- Test Case Writing, Test Case Execution
- Website testing, APK testing
- API testing with Postman
- Meeting with Client
- Report issues on Redmine and Regression Test Execution
- Ticket Booking (Automation):  
On the OTA platform, log in with valid credentials, create passenger accounts and search for flights.

Technology: (Cypress)

#### Online Travel Agent (B2B) :

- Analyze and clarify the requirements with Business Analyst, Project Manager
- Test Case Writing, Test Case Execution
- Website testing
- API testing with Postman from Swagger
- Meeting with Client for UAT and Feedback after release
- Report issues on Redmine and Regression Test Execution

#### E-Commerce website (Shop Lover):

- Analyze and clarify the requirements from SRS
- Test Case Writing, Test Case Execution
- Website testing
- Report issues on Redmine and Regression Test Execution
- API testing with Postman and Automated APIs using Cypress

### Junior Developer

LegolO 

Apr 2022 – Nov 2022  
Dhaka, Bangladesh

#### Projects:

- Company Website, Resume Analyser
- Technology: HTML, CSS, Bootstrap, JavaScript and Django

### Assistant Developer (Internship)

Glorious Bangladesh 

Jul 2021 – Sep 2021  
Dhaka, Bangladesh

#### Projects:

- School Management System
- Technology: HTML, CSS, Bootstrap

## Skills

### Programming language

C, C++, Python, JavaScript

### API Testing

Captured the network by Postman Interceptor or Fiddler from the browser, API testing with Postman from Swagger. Monitor APIs from the browser network tab for root cause analyses. Created report with Newman.

### Performance Testing Tool

JMeter

### Project Management Tool

Redmine, Jira

### Manual Testing

Requirement Analysis, Test Planning, Designing, Writing and Reviewing Test Cases, Test Execution and Evaluation, Root cause analysis & Bug Reporting using test management tools

### Automation Testing Tools

Cypress, Selenium, Cucumber, Katalon Studio

### Database

MySQL, Oracle

### Software Version Control

Git, GitHub, Bitbucket

## Education

### B.Sc. in Computer Science & Engineering

East-West University

Jan 2018 – Jun 2022

Dhaka, Bangladesh

### Higher Secondary School Certificate

Ideal College

2015 – 2017

Dhaka, Bangladesh

### Secondary School Certificate

Govt. Girl's High School

2007 – 2015

Barishal, Bangladesh

## Languages

Bangla

English

## Certificates

### QA Automation Bootcamp, Evolution

10/2022 – 12/2022 | Online

SDLC, STLC, Integration Testing, Automation testing, API testing and End-2-End testing

- Searching Products (Automation):  
On the E-commerce site, products were searched and selected  
Technology: Cucumber  
Git: <https://github.com/nayma5/TA-Bootcamp-E2E>
- Axios jest testing (API automation):  
Technology: Javascript  
Git: <https://github.com/nayma5/axios-jest-testing>

### Artificial Intelligence, Coursera

08/2020 – 09/2020 | Online

Workflow of Machine Learning projects, AI terminology, AI strategy, Data Science project

## CAREER OBJECTIVE

---

To secure a challenging position as a Software Quality Assurance (SQA) Engineer in a reputable organization, where I can utilize my skills and expertise to ensure the delivery of high-quality software products. My objective is to contribute to the success of the organization by employing my strong analytical abilities, attention to detail, and proficiency in software testing methodologies.

## EDUCATION

---

- 2017 – Present      • **B.Sc in Computer Science and Engineering**  
*Islamic University, Bangladesh*
- 2014 – 2016      • **Higher Secondary Certificate (HSC)**  
*Govt. Ashek Mahmud College, Jamalpur*  
GPA: 4.17

## PROFESSIONAL SKILLS

---

- **Manual Testing :** Writing and Reviewing Test Cases, Test Execution and Evaluation, Creating Test Report, Requirement Analysis, Test Planning, Designing, Root cause analysis & Bug Reporting using test management tools
- **Performance Testing Tool:** JMeter
- **API Testing Tool:** Postman & Newman
- **Project Management Tool:** Jira

## PROJECTS

---

### Sample Works – Manual Testing

- Test Case Writing
  1. [Test Case of Shajgoj.com](#)
  2. [Test Case of Myduranta.com](#)

## COURSE

---

- 2024      • **SQA and Cyber Security**  
*IT Training BD*

## EXTRA CURRICULAR ACTIVITIES

---

- 2018 – 2022      **Volunteer at CAP Foundation**  
Kushtia Zone, Bangladesh      Cancer Awareness Program for women (CAP) works for creating awareness about Cervical Cancer and Breast Cancer

## REFERENCE

---

### **Professional Summary:**

Resourceful, well organized and able to manage and coordinate a team with distinction. Dedicated and driven to deliver, with a strong internal drive. understanding of software development tools and programming in depth. Good analytical abilities and expertise to produce the best results.

### **Experience:**

Orocube LLC :

Junior Software Quality Assurance Engineer

(July 2022- Present)

Software Quality Assurance Engineer Intern

(January 2022-June 2022)

### **Responsibilities:**

- Perform unit, regression, load, functional/performance testing of POS software.
- Perform manual test in android app, website and web application.
- Worked in high-pace agile environment with bi-weekly release schedule.
- Designed comprehensive test plans, test cases, and check lists in accordance with business,engineering, database and availability requirements.
- Worked on improving product's functionality and usability.
- Identified and documented product problems with bug tracking systems.
- Developed test reports and bug reports for client review.
- Work closely with the Software Engineering, Product Management teams during product development from design to release.
- Uploading product release notes in web after releasing the products.

Time Research & Innovation Research Intern (June 2021-July 2021)

### **Responsibilities:**

- Examining several research papers for study.
- Composing summaries of different kinds of research papers.
- Applying various research principles in real-world situations.

### **Skills:**

- Programming Language: Java,HTML,CSS, Python, PHP,Wordpress.

- Database: MySQL, PostgreSQL
- Manual Testing: Requirement Analysis, Test Planning, Designing, Writing and Reviewing Test Cases, Test Execution and Evaluation, Creating Test Report, Root cause analysis & Bug Reporting using test management tools.
- Performance Testing Tool: JMeter
- API Testing Tool: Postman
- Agile Methodology And Project Management Tool: Jira
- Concepts: SDLC, STLC, OOP

**Thesis:**

Genome Sequence analysis of BOS Frontalis and GWAS between nearby species.

Thesis Supervisor:

Dr. Muhammad Iqbal Hossain, Associate Professor, Computer Science Engineering Department, BRAC University

**Scholastic Records:**

| Certification Name | Discipline Major | School/College/ University/Institute Status | Current University/Institute Status | Result | Passing Year |
|--------------------|------------------|---|-------------------------------------|--------|--------------|
| B.Sc.              | CSE              | BRAC University                             | Passed                              | 3.54   | 2021         |
| HSC                | Science          | Govt. Azizul Haque College, Bogra           | Passed                              | 5.00   | 2016         |
| SSC                | Science          | Bogra Govt. Girls' High School, Bogra       | Passed                              | 5.00   | 2014         |

**Language Proficiency:**

- Bengali-Speaking, reading and writing skills at a communicative level.
- English-Speaking, reading and writing skills at a communicative level.
- Completed a course titled "English Fundamentals" from BRAC Institute of Languages.
- Completed a course titled "English Composition" from BRAC Institute of Languages.

**Extracurricular Activities:**

- Attended Book Reading Competition arranged by BRAC University.
- Participated in a programming language activity arranged at Savar Residential Campus.

## PROFESSIONAL EXPERIENCES

### 1. SQA Engineer at Right Brain Solution Ltd. (August 2021 - Present)

Job Type: Full-time

#### Responsibilities:

- Create detailed, comprehensive, and well-structured test plans and test cases.
- Work with teams to ensure quality throughout the software development lifecycle.
- Review requirements, specifications, and technical design documents.
- Build test plans for new features and improvise on existing test plans for feature updates and customer feedback.
- Monitor debugging and process the results
- Execute test cases and analyze results.
- Test both web applications and mobile applications.
- API testing through postman
- Conduct post-release and post-implementation testing. Collaborate with developers and clients.

### 2. Lab Assistant at Daffodil International University (August 2019 – July 2020)

Job Type: Part-time

#### Responsibilities:

- Guide students to understand the material in lab courses.
- Assist the lab instructor to keep the lab moving along safely and smoothly.
- Conduct lab class (if needed) on the given topic assigned by the course teacher.

## CAREER OBJECTIVE

---

To secure a challenging position as a Software Quality Assurance (SQA) Engineer in a reputable organization, where I can utilize my skills and expertise to ensure the delivery of high-quality software products. My objective is to contribute to the success of the organization by employing my strong analytical abilities, attention to detail, and proficiency in software testing methodologies.

## EDUCATION

---

- 2017 – Present      • **B.Sc in Computer Science and Engineering**  
*Islamic University, Bangladesh*
- 2014 – 2016      • **Higher Secondary Certificate (HSC)**  
*Govt. Ashek Mahmud College, Jamalpur*  
GPA: 4.17

## PROFESSIONAL SKILLS

---

- **Manual Testing :** Writing and Reviewing Test Cases, Test Execution and Evaluation, Creating Test Report, Requirement Analysis, Test Planning, Designing, Root cause analysis & Bug Reporting using test management tools
- **Performance Testing Tool:** JMeter
- **API Testing Tool:** Postman & Newman
- **Project Management Tool:** Jira

## PROJECTS

---

### Sample Works – Manual Testing

- Test Case Writing
  1. [Test Case of Shajgoj.com](#)
  2. [Test Case of Myduranta.com](#)

## COURSE

---

- 2024      • **SQA and Cyber Security**  
*IT Training BD*

## EXTRA CURRICULAR ACTIVITIES

---

- 2018 – 2022      **Volunteer at CAP Foundation**  
Kushtia Zone, Bangladesh      Cancer Awareness Program for women (CAP) works for creating awareness about Cervical Cancer and Breast Cancer

## REFERENCE

---

### Sabiul Islam Rashed

*Head of Cyber Security & SQA Department*  
Burnsys, Dubai

# MOHAMMADULLAH PATWARY

SQA Engineer (Manual & Automation)

Demra,Dhaka,Bangladesh

Phone: +8801999527952

Email: [mdullahpatwary.cse@gmail.com](mailto:mdullahpatwary.cse@gmail.com)

[LinkedIn](#) | [Github](#) | [Portfolio](#)

## OBJECTIVE

As a skilled SQA Engineer, I craft robust software solutions. My collaborative spirit and issue resolution prowess drive excellence in quality assurance. Committed to elevating user experiences and project success.

## PROJECT EXPERIENCE

- KPI Management System Web Application (Manual & Automation [Cypress]) (**January 2024 -Present**)
- ERP & Business Website (Manual & Automation) (**Dec 2023-April**)
- ERP & HRMS Web Application (API Testing [Postman]) (**Jan 2023 - Present**)

## EXPERIENCE:

- **VISER X**– SQA Engineer  
**November 2023 - Present**
- **Domino Skill**–Junior SQA Engineer  
**August 2022 - October 2023**

## SKILLS:

Manual Testing: Requirement Analysis, Test Planning, Designing, Writing and Reviewing Test Cases, Test Execution and Evaluation, Creating Test Report, Root cause analysis & Bug Reporting using test management tools.

- Automation Testing: Web and Mobile Application Automation using cypress/playwright/ Appium Cucumber/Gherkins
- API Testing Tool: Postman,Karate DSL
- Agile Methodology and Defect Tracking Tool: Jira.
- Testing Framework: Page Object Model (POM) and Behavior Driven Development (BDD)
- Load & Performance Testing Tool: Jmeter.
- Concepts: SDLC, STLC, OOP.
- Programming Language: Python,Javascript
- Database: MongoDB,MySQL
- React,HTML-5,CSS-3

## Proficiency Example:

- **Test case** : [Mygov.bd](#)-Test cases
- **Cypress** : [Demo Blaze](#) - following BDD Framework
- **Karate DSL** : [Res Req Api](#) - following BDD Framework

## EDUCATION:

B. Sc. In Computer Science & Engineering

**University of Asia Pacific**(2018-2022)

## CERTIFICATIONS & TRAINING:

- [Complete Web Development Course: Programming Hero](#), 2022
- [Programming for Everybody \(Getting Started with Python\)](#)

## LANGUAGES:

- **Bangla** (Native or bilingual proficiency)
- **English** (Reading,writing,speaking)

### ABOUT ME

Results-oriented Information and Communication Technology (ICT) professional with a robust technical foundation and a passion for continuous learning. Adaptable and quick to adopt new technologies, I excel in fast-paced IT environments. Committed to delivering high-quality work and contributing to project success through effective teamwork, I demonstrate a proven ability to master and implement the latest technology stacks efficiently.

### EDUCATION HISTORY

- **Bachelor of Information and Communication Technology**  
(Sabaragamuwa University of Sri Lanka)
- **G.C.E(Advanced Level)** Examination 2016 (Index No 3590380)
- **G.C.E(O Ordinary Level)** Examination 2012 (Index No 24179078)

### PROFESSIONAL TRAINING

#### **IT EXECUTIVE**

#### **Garden care (Pvt) Ltd**

(JANUARY 2023 TO OCTOBER 2023)

#### **INTERN SOFTWARE ENGINEER**

#### **Institute of Software Engineering (Pvt) Ltd**

(OCTOBER 2023 TO MAY 2024)

Tools: Postman, Jira, Agile (Scrum)

- Contributed to the development of a robust Learning Management System (LMS)
- Conducted extensive API testing with Postman for seamless integration
- Assisted in managing project tasks and bug tracking in Jira
- Supported Agile sprints for timely software releases

### PERSONAL PROJECT

- **Weather App**
  - HTML
  - CSS
  - JavaScript
- **Employ management system using SpringBoot**
  - Java
  - SpringBoot
- **Sales Management System**
  - Vb.net
  - Mysql
  - visual studio

### EXTRACURRICULAR ACTIVITIES

- Committee member of the Art Festival Organizing Team at the University.
- Member of IT society in faculty.
- Member- Student Circle of the Department of Economics & Statistics
- Magazine designer - The View Magazine.  
<https://www.sab.ac.lk/the-view/magazine>
- Member of the school cadet team-Corporal.
- Senior perfect at the school.

## Shopia Sibarani

Laguboti, Toba Samosir

shopiasibarabi@gmail.com

I am Shopia Sibarani from the Del Institute of Technology majoring in Computer Technology. During my academic journey, I acquired knowledge of various aspects of information and technology, including networking, software engineering, and embedded systems.

## Education

2020 - 2023

**Del Institute of Technology**

**Associate Degree**

**Major in Computer Engineering**

Cumulative GPA: 3.00/4.0

## Projects

### Pet Shop Website

PHP, HTML, Bootstrap, CSS, JavaScript

Jan 2021 - Jun 2021

This is our final year 1 project where this website sells pets, food products, and pet care and accepts consultations with pet doctors.

### Automatic Door Lock System by Voice Command

Arduino, Technical Document

Feb 2022 - Jun 2022

In this final project, we made an IoT application where a door will automatically open using a voice when we give a voice command through an application available on our cell phones.

## Achievement

### HUAWEI ICT COMPETITION NATIONAL LEVEL 2022

Juli 2022 - November 2022

Top 10 in Huawei ICT Competition Network Track

## 5G Cyber Security Training

September 2022

HUAWEI – IT DEL “5G Cyber Security Training”

## Junior Network Administrator Training

April 2023

Digital Talent and Kominfo, Training with Cisco Routers

## Internship Experience

Apr 2023

Jubelio

- Test Case Creation
- API Test Using Postman
- Web Automation
- GitHub Repository

---

June 2023 - August 2023

PLN Icon Plus Sumbagut

Customer Billing Monitoring System Website for the Collection Division using Laravel & Smart Trash Bin

## Work Experience

### Quality Assurance • PT Bank Mandiri

November 2023 - Present

## CAREER OBJECTIVES

Experienced Software Quality Assurance professional seeking a challenging position to utilize my expertise in ensuring top-notch software quality. Dedicated to implementing efficient testing processes and continuous improvement, I aim to deliver high-quality products that exceed customer expectations. Strong analytical and problem-solving skills combined with collaborative teamwork make me an asset in driving excellence in software development.

## WORK EXPERIENCE

### SQA Engineer

**TNC Global Ltd., Dhaka, BD**

April 2024 - Present

<https://www.tncglobal.ltd>

- ERP Android & IOS Application
- API Testing
- UI/UX Testing
- Functionality Testing.
- Performance Testing
- Compatibility Testing

### Software Quality Assurance Engineer

**Nogor Solutions Limited, Dhaka, BD**

July 2022 – March 2024

[nogorsolutions.com](http://nogorsolutions.com)

- Understanding the project with requirements by SRS and software prototype
- Design test plans, scenarios, scripts, and test case for website and software
- Document software defects (bug report), using a bug tracking system Jira.
- UAT, UI testing , Functional testing, Smoke testing, Sanity testing, Regression testing.
- Compatibility testing on different devices and browser and different environments.
- Performance testing using jmeter
- Technical documentation writing
- Client Relationship Management

## TECHNICAL SKILLS

## PROJECT PORTFOLIO

### **Project 1:** Web Application Project

Client: Bangladesh Association of Software & Information Service(BASIS)

Testing type: Manual testing

Perform: Functional testing, Browser compatibility testing, Analysis responsive, Technical documentation

### **Project 2:** Web Application Project

Client: Bangladesh Computer Society(BCS)

Testing type: Manual testing

Perform: Functional testing, Browser compatibility testing, Analysis responsive, Technical documentation

### **Project 3:** Web Application Project

Client: Centre for Advisory & Testing Services - Military Institute of Science & Technology (CATS-MIST)

Testing type: Manual testing

Perform: Functional testing, Browser compatibility testing, Analysis responsive, Technical documentation

### **Project 4:** Web Application Project

Client: Bangladesh Export Processing Zone Authority (BEPZA)

Testing type: Manual testing

Perform: Functional testing, Browser compatibility testing, Analysis responsive, Technical documentation

### **Project 5:** API Testing (<https://github.com/Sadia332/API-Testing-2>)

API Request: Post, Get, Put, Delete

Test: Status Code, Response Time, POST Request, JSON Value Check, Field Value Check

## ACADEMIC EDUCATION

## ASSOCIATE QA ENGINEER

Seeking a dynamic and progressive organization where I can pursue my career as a Software Quality Assurance Engineer and use my talents and skills to grow and expand the organization as well as myself.

## EXPERIENCE

### Associate QA Engineer

**ERA-InfoTech Limited**

March, 2024 - Present

#### Job Responsibilities:

**LOS (Loan Originating System)**

- Analyzed SRS(Software Requirement Specifications) & BRD(Business Requirement Document)
- Written test cases
- Reported the bugs
- Prioritized the bugs according to SRS & BRD
- Automated the system with Cypress(cucumber)
- Performed API testing(Postman)
- Performed performance testing(JMeter, K6)

### Trainee SQA Engineer

**ERA-InfoTech Limited**

June, 2023 - February, 2024

#### Job Responsibilities:

**ERP Solution (Enterprise Resource Planning)**

- Analyzing business and client requirement
- Create Test plan
- Writing, Reviewing and Executing Concise Test Cases
- Positive and Negative Test
- Prepare Bug Report
- Perform Manual Testing (Functional and Non-functional)
- Perform Automation Testing using Selenium with Java
- Perform Load Test, Stress Test using JMeter & BlazeMeter
- Perform API Testing using Postman
- Use Trello as Project Management Software
- Deploy Module in QC Server using Oracle Apex.

**CBS- (Core Banking Solution)**

- Understanding core business of banking system
- Analyzing business and client requirement
- Writing, Reviewing and Executing Concise Test Cases
- Positive and Negative Test
- Perform Functional, UI & Regression Test
- Database Test

+8801627422552 | smrahman.nahid@gmail.com | github.com/Nahid-Rahman | linkedin.com/in/sk-mahmudur-rahman/

## About Me

A solution-oriented creative professional with two years of hands-on experience on SQA, eager to apply acquired knowledge and combined computer science skills in the work field and obtain an SQA position to grow with the organization and become an automation engineer expert. Extremely focused, enthusiastic, dedicated, and can work well under pressure. Dreams to becoming a White Box Tester.

## Work Experiences

### SmartCrowd

Junior Software Quality Assurance Engineer

- Reviewed product requirements and UI designs for documentation of new and old test cases
- Worked as a mediator between client and tech where analyzed the root cause of client issues and delivered the findings to the tech team
- Made tutorials and documentation to help Client Relations and non-tech teams so that they can communicate more flexibly
- Mentored two QA members regarding company domain knowledge and testing
- Lead tester for IOS platform
- Lead QA tester for features like: Apple Pay, Share Transfer Facility, Uqodo, New Registration Flow
- Analyze database for regeneration of issue and data testing

Dubai, UAE (Remote)

August 2022 - Running

### ShopUp

Intern- Team Tech, Product Management

- Implemented Python scripting to automate few tasks to increase efficiency and accuracy
- Implemented tracker to identify problematic zones
- Co-designed an MWS Audit Dashboard to track the progress updates on time
- Providing access and onboarding of new MWS, MWS agents, Retail Agents, Soho Agents
- Identify technical issues of the MWS process and communicate with developers to solve the issues

Dhaka, Bangladesh

February 2022 - July 2022

## Technical Skills

**Manual Testing** Feature Testing, Smoke Testing, Sanity Testing, Regression Testing, Gorilla Testing, Load Testing, API Testing

Feature Testing, Smoke Testing

**API Testing** Postman, Newman

**Performance Testing** JMeter

**Web Automation** Selenium, Cypress

**App Automation Testing** Appium

**Testing Frameworks** JUnit, TestNG, REST Assured

**BDD Frameworks** Cucumber

**Programming Language** Java, Python, JavaScript

**Software Architecture** DFD, SDLC, Waterfall Software Development, Object Oriented Programming, Use Case Diagram

**Product Management** Agile Product Development

Tools: JIRA, Trello, Confluence, Miro, Airtable

**Web Development** HTML, CSS, PHP, Wordpress

**Databases** MySQL, SQLite

**Machine Learning** Skilled in Image Classification

**Miscellaneous** Ethical Hacking, Git, Latex, Animation Making

## Educational Qualification

### BRAC University

Master of Science in Computer Science

- CGPA: 3.50 out of 4.00

Dhaka, Bangladesh

2024 - Running

### Brac University

Bachelor of Science in Computer Science and Engineering

- CGPA: 3.36 out of 4.00
- Thesis: A Deep Learning Approach to Depression Detection Based on Convolution Neural Networks and Transfer Learning

Dhaka, Bangladesh

2017-2021

## Certifications

- Full stack SQA and Test Automation, Road to SDET, 2023
- Data Analyst With SQL & Python, Farhan's Academy, 2024

**Mou Tushi Dhar**

SQA Engineer

[tushi867@gmail.com](mailto:tushi867@gmail.com)

01676676020

<https://www.linkedin.com/in/mou-tushi-dhara471a2197>

6 years of experience as a Software Development Engineer in Test Analyst with proven capability of working in different Software development lifecycle (SDLC) methodologies Agile with depth understanding in various domains such as Healthcare, Banking, and E-commerce. Incredible work ethics coupled with excellent communication, written and interpersonal skills describing a committed team player, stepping up to lead the team.

## **Summary:**

- ✓ Experience working as Software development Engineer in Test in all phases of **Software Development Life Cycle (SDLC)**.
- ✓ Experienced in performing **Gap Analysis, Impact Analysis, Root-Cause Analysis and Risk Analysis** and documentation
- ✓ Good experience in creating **Functional Requirement Document (FRD)**, **Business Requirement Document (BRD)** and **Requirement Traceability Matrix (RTM)** and converting business requirements into **System Requirement Specification (SRS)**.
- ✓ Proficient in using MS Visio for creating UML diagrams like Use Cases, Class Diagrams, Entity Relationship diagram (ER), Activity Diagrams
- ✓ Proficient in communicating team, gathering requirements using techniques such as Document Analysis, Brainstorming, Focus Group Sessions,
- ✓ Good experience in creating Mockup screens, Wireframes, and Prototypes using MS Visio
- ✓ Mastery in project management tools such as **Jira/ Rally/TFS** to document user stories, tasks, and acceptance criteria.
- ✓ Good knowledge on defect management process and application life cycle management

- ✓ Worked with Micro-Service architecture and implemented successfully in projects
- ✓ Comprehensive knowledge of web services related concepts such as **XML, JSON, JWT, WSDL, HTML, AJAX, SOA, API, SOAP and RESTful Web Services**
- ✓ Software Development Life Cycle participating in **daily scrum, sprint planning, and retrospective.**
- ✓ Experience in designing and reviewing user stories, Test cases, Test Scenarios, Test Scripts, and Test Plans of both manual and automated tests.
- ✓ Expert building test automation framework using **Selenium WebDriver, TestNG, Cucumber, Maven, and Page Factory for Page Object Model (POM)**
- ✓ Experienced in Object Oriented Programming (OOP) using **Java** and implemented **Inheritance, Polymorphism, Interface, Abstraction, and Java Collections**
- ✓ Hands on experience on Project Management tool and Defect tracking tool **JIRA, TFS, TRELLO**
- ✓ Experience on unattended execution using Continuous Integration (CI) tool **Jenkins**
- ✓ Experience in **Maven** and **GIT** and also experience with **TestNG, Apache POI, Cucumber BDD**
- ✓ Involved in Smoke, GUI, Functional, Integration, System, Front-end, Regression, User Acceptance testing on many Client/Server and web applications.
- ✓ Thorough understanding of Agile
- ✓ API testing using **PostMan**
- ✓ Using See Test for Mobile Testing
- ✓ **Micro service** Testing
- ✓ Experience of **Building Automation framework from Scratch**
- ✓ Experience in **Back-end testing** of application by developing and executing SQL queries.
- ✓ Possess excellent interpersonal, written, verbal communication skills and strong analytical, problem solving, decision-making skills.
- ✓ Participate actively in team meetings with Functional/Development Team for fixing the bugs

## **TECHNICAL SKILLS:**

|                           |  |
|---------------------------|--|
| Methodologies             | Agile ( <b>SAFe</b> , Scrum,)                          |
| Project management tools  | <b>JIRA</b> , Rally, TFS, TRELLO                       |

## **EDUCATION:**

**ISTQB Certification Course**

---

**UNIVERSITY: Daffodil International Academy Dhaka**

**Since April 2022**

**BSC in Computer Science and Engineering**

---

**UNIVERSITY: State University of Bangladesh Dhaka**

**From January 2012 to April 2017**

## Work experience:

**Recursion Fintech Limited Dhaka**

**Senior Quality Assurance**

**October 2017 to Present**

- ✓ Performed **GAP analysis** by identifying existing technologies and **documented the enhancements** to meet the **To-be state** requirements.
- ✓ Interpreted the **business requirements** into **system requirements** communicating with the business on a non-technical level and with the system analyst on a technical level.
- ✓ Created **Mock-Ups** and **UML** diagrams such as **Activity flow diagrams**, and **data flow diagrams** before each sprint for smooth development and testing.
- ✓ Worked diligently on **Change Request Management** and performed **Impact Analysis** and **Cost-Benefit Analysis** on the same.
- ✓ Created **Requirements Traceability Matrix (RTM)** to ensure that the requirements defined are linked at every point and are duly tested with respect to test parameters and protocols.
- ✓ Investigated **UDDI** and looked up **WSDL, WADL** for existing **SOAP** and **REST web services**, **REST APIs** and **request and response web methods**.
- ✓ Wrote **Client-Side Validation**, **Server-Side Validation** and **Database Validation** for various functionalities of the system.
- ✓ Participated in release planning, sprint planning, retrospective, and daily scrum for **Agile** scrum development
- ✓ Extensively work throughout defect life cycle from opening to closure using **JIRA**
- ✓ Develop Behavior Driven Development (**BDD**) test cases using **Gherkins**
- ✓ Design and develop Test Plan, Test Cases, and Automated Test Scripts
- ✓ Performed **Smoke, Functional, Integration, System, User Acceptance, Regression, and GUI** testing.
- ✓ Developed test script with **Selenium Web Driver** using **Java, Cucumber** and **TestNG**
- ✓ Used Continuous Integration Tools (**Jenkins**) for automation script run in nightly basis and to provide quick feed back to the developers
- ✓ Used **Maven** for Project building and **Git** for version control
- ✓ Interacted with developers and BA to assessed functional requirements
- ✓ Performed Mobile Application testing Using **Apache POI** to use Excel file Experience of **Micro service** testing. API testing using **PostMan** Using **SeeTest for Mobile Testing**
- ✓ Performed query operations on JDBC to do data validation. Used standard SQL functions and commands to develop SQL queries.

## Projects:

### **Cashbaba Payment Gateway & Wallet**

**Cashbaba** is a payment gateway & wallet system for Bangladesh. It's a PCI DSS Certified and approved by the Central bank of Bangladesh. It facilitates bank account Linking, card linking, Add money from bank or credit card, ticket booking, utility bills, Salary disbursements, merchant portal and many more facilities.

### **QPay Bangladesh**

**Qpay** is a payment solution that is connected to 36 Banks, MFS & Wallet in Bangladesh. It facilitates transactions add a bank account linking, card linking, utility Bill & many more features. A key feature of this application is that in a very few Seconds you can send money from any Card/Bank Account/MFS/Wallet to any 36 Member Banks, MFS & Wallet.

### **Palli Lenden Banking Payment Wallet (Ekti Bari Ekti Khamar)**

It's a dream project of the Prime Minister of Bangladesh. This application provides a Micro finance-based banking solution for rural areas. Which currently serves 4 million Customers across the country with a daily transaction of over 50 crores.

## Projects

- Conducted API testing for Trello's REST API using Postman and Newman
  - Validated various HTTP methods (GET, POST, PUT, DELETE) to ensure correct implementation and data integrity.
  - Utilized Postman for creating and organizing API requests, environment variables, and test scripts.
  - Automated the testing process with Newman to run collections and generate detailed HTML reports. ([Link](#))
- Improved Diabetes Prediction with Reduced Feature Sets: Evaluating Feature Selection Techniques in Machine Learning
  - Conducted research on enhancing diabetes prediction.
  - Evaluated various feature selection techniques in machine learning.
  - Implemented models with different feature selection techniques and presented findings at the 2nd International Conference on ICICT4SD-2023.
  - Improved accuracy of diabetes prediction models by utilizing four feature subsets out of eight.
- Hyperparameter-Tuned Machine Learning Models for Medical Data Classification
  - Implemented hyperparameter-tuned machine learning models on three different datasets.
  - Assessed a machine learning technique with hyperparameter tuning.
  - Implemented models with hyperparameter-tuned techniques and presented findings at the 2nd International Conference on ECCE-2023.
  - Enhanced the accuracy of these models by leveraging optimal parameters.

## Relevant Coursework

Database Systems, Data Mining, Applied Statistics and Queuing Theory, Software Engineering, Object Oriented Programming, Artificial-Intelligence, Data Structure.

## Certification

- Basic Game Development Workshop 2018 ([Link](#))
- Certification of successfully presented paper on International Conferences on Electrical Computer and Communication Engineering (ECCE 2023) ([Link](#))
- Certification of participation to present paper on 2nd International Conference on Information and Communication Technology For Sustainable Development (ICICT4SD 2023) ([Link](#))

## Skills

**Programming Language:** C/C++, Python, Java.

**Development Methodologies:** Agile, Scrum.

**Additional Skills:** Bug reporting, Test case writing.

**Testing-Tools:** Selenium, JUnit, TestNG, Jira, Postman, Newman.

**Other Tools:** Git/GitHub, Visual Studio(VS Code), Katalon Studio, BlazeMeter Atom, LATEX.

- Prepare Diagrams
- Prepare Functional Requirement
- Prepare Non-functional Requirement

#### Online Learning System

- This is a Java project. This project was build for students. They can study subject and they can give quiz in that certain subject. They can review there mark in based on the quiz.

### OBJECTIVE

To work hard with full determination and dedication in any local or multinational organization where my knowledge, leadership skills and experience from extracurricular activities can be utilized to achieve organizational as well as personal goals. Highly passionate about SQA, Business Analysis, and Project Management and looking for a stiff career where acquired knowledge and technical skills can be effective utilized to grow alongside the company.

### EDUCATION

**2018-2023 Bachelor of Science in Computer Science & Engineering (CGPA: 3.19)**  
American International University Bangladesh

**2015-2017 HSC in Science (GPA: 4.17)**  
Wills Little Flower School and College

**2007-2015 SSC in Science (GPA: 4.78)**  
Dhanmondi Govt. Boys' High School

### EXPERIENCE

• **SQA Engineer Intern - Probashi Sheba Ltd.**  
**Internship period:** 3 months (01/08/23-31/10/23)

• **Tech Support Intern - GAOTek Inc.**  
**Internship period:** 3 months

### SQA SKILLS

- **Manual Testing:** Requirement Analysis, Test Planning, Designing, Writing, and Reviewing Test Cases, Test Execution and Evaluation, Creating Test Reports, Bug Reporting
- **Performance Testing:** JMeter
- **API Testing:** Postman
- **Concepts:** SDLC, STLC, OOP
- **Automation Testing:** Selenium, intelliJ IDEA
- **Build Automation Tool:** Maven, Gradle
- **Testing Framework:** TestNG
- **Project Management Tool:** Jira

## CERTIFICATE

- 2020 Leadership (10 Minute School)  
[Certificate1 link](#)
- 2020 Business Analysis Basics (SkillUP by simplilearn)  
[Certificate2 link](#)
- 2020 Project Management (10 Minute School)  
[Certificate3 link](#)
- 2021 Introduction to Management (SkillUP by simplilearn)  
[Certificate4 link](#)
- 2023 Software Quality Assurance (Bug Resistance)  
[Certificate5 link](#)

## TECHNICAL SKILLS

- **Programming Language:** java, C, C++, C#
- **Integrated Development Environment:** CodeBlocks, MATLAB, Cisco Packet Tracer, AutoCad, Proteus, Notepad++, Visual Studio Code
- **Source and Version Control:** GitHub
- **Database**

## MANUAL TESTING PROJECT

- **Test Case Writing:** ([Sample1 link](#), [Sample2 link](#))
- **Load Testing:** ApacheJMeter ([Sample link](#))
- **API Testing:** Postman ([Sample link](#))
- **Database Testing:** MySQL ([Sample1 link](#), [Sample2 link](#))

## AUTOMATION TESTING PROJECT

- **Selenium Based Hybrid Framework for Automation** ([Sample link](#))
- **BP Client Website each and every button test** ([Sample link](#))
- **Platform:** Maven, Java, Extent Report, TestNG
- **Core Features:** Using page object concept to create test cases, report generate, logger, implementation test cases.

## HOBBIES

- Reading Books
- Gaming
- Travelling
- Listening Music

## RESEARCH ARTICLE

### Smart Irrigation System Using IoT

- THESIS purpose

A soil moisture sensor used to measure the soil moisture. It's connected with an Arduino. The soil moisture sensor will sense or measure the soil moisture value of the soil. If water is needed then it gives water in the field. It's can also detect the weather condition and after detecting it can also take action. It's connected user using GSM module so user can track on that.

### EDUCATION

---

2019 - 2022

#### B.Sc. in Physical Science

University of Sri Jayewardenepura

- Subjects: Computer Science, Mathematics, Physics

2017

#### G.C.E. Advanced Level Examination

Ananda Sastralaya National School Matugama

[Physical Science Stream | BCC ]

2014

#### G.C.E. Ordinary Level Examination

Ananda Sastralaya National School Matugama

[A8 B1 ]

### WORK EXPERIENCE

---

**Associate QA Engineer | 2022 August - 2024 April**

Exactpro Systems (Pvt) Ltd, Sri Lanka

- Engaged in the 'SSimple' project in the DLT Corda division
- Conducted manual testing to ensure software functionality and quality
- Demonstrated understanding of the stock market domain
- Collaborated with foreign team to meet clear deadlines
- Managed project using Redmine as project management tool
- Utilized a Python-based framework for automation testing
- Developed and maintained automated test scripts for web application using Selenium WebDriver and PycharmIDE

### PROFESSIONAL QUALIFICATIONS

---

- ISTQB Certified Tester Foundation Level Exam (CTFL) | 2023 June
- Certificate of Software Test Automation | 2023 April Imperial College of Information Technology and Business

### PROJECTS

---

- Virtual Floor Designer(Group project) - 2022

This is an augmented reality application which can be used for designing floor plans for any application. Built using Unity AR Foundation.

## TECHNICAL SKILLS

---

- **Programming Language :** Java, Python
- **Manual Testing :** Test case design, Test plan creation, Bug tracking & reporting
- **Test Automation :** Selenium WebDriver, TestNG
- **API Testing :** Postman
- **IDE :** IntelliJ IDEA, PyCharm IDE
- **Database :** MySQL
- **Project Management Tools :** Jira, Redmine
- **Performance Testing:** JMeter
- **Version Controlling:** Git
- **Strong knowledge of QA Methodologies**

## SOFT SKILLS

---

- **Excellent Communication skills**
- **Strong interpersonal skills**
- **Teamwork & Leadership skills**
- **Time Management**
- **Analytical thinking**
- **Self-learner**

- Yatter University Social Network (Group project) -2021 This is a social network system for our university students. Built using MEAN stack.

## EXTRA CURRICULAR ACTIVITIES

---

- Prefect of Ananda Sastralaya National School, Matugama |2013-2017
- Member of School Cadet Girls' Team | 2012-2015
- Member of J'pura Voice Club | 2021-2022
- Member of J'pura CSDS Club | 2021-2022
- Volunteering 'Sahurda Yathra' project organized by Vidudaya Vidya Sahodarathwaya of Faculty of Applied Sciences of University of Sri Jayewardenepura | 2019

## OBJECTIVE

Apply my technical and soft skills to solve real world challenges to drive quality enhancements, seeking a role in a dynamic organization where I can continuously learn & refine testing processes and deliver exceptional yet dependable solutions, while fostering professional growth.

## SKILLS

- Automated Testing with **Selenium & Robot**
- Comprehensive coverage of all **ISTQB** topics
- Manual Testing
- API Testing with **Postman**
- Load Testing with **Jmeter** (GUI+CLI)
- Scrum Master on roaster
- Regression & Negative Testing
- UI & Compatibility Testing
- User Acceptance Test support for clients
- Utilize ChatGPT to streamline test cases

## EXPERIENCE

### Nascenia Ltd.

- **Associate SQA Engineer** | March 2022 – Present
  - Worked with **Robi Axiata Limited** as a vendor on their **My Robi** & **My Airtel** app with over 10 million downloads and catering to a significant number of daily user base for package management and multimedia services such as streaming, reported bug tickets on trello with follow up, supported client during User Acceptance tests, performed demos.
  - Worked on a web + "Offline first" android app that syncs data with the server when online, tested multiple crucial cases with device and network variation. Tested data loss + mitigation strategy. Automated frequent/common cases with selenium, tested load with thousands of concurrent user

### Hi-Tech Bangla (Bangladesh) Ltd.

- **Jr. Quality Assurance Engineer** | August 2021 – February 2022
  - Worked on a simulation project for **Bangladesh Army**'s communicator devices that are used for classified data exchange between armed forces entities using various communication protocols.
  - Worked on a VR simulator(Unity based) for the **Bangladesh Navy** that improves service men's response rates under various environments.

## EDUCATION

### **United International University**

Oct 2015 - Jun 2020

B.Sc. in Computer Science and Engineering

### **Mohammadpur Preparatory School & College**

2013 - 2015

Higher Secondary Certificate

### **Dhanmondi Govt. Girls' High School**

2001 - 2013

Secondary School Certificate

## PROGRAMMING LANGUAGES

- Python
- SQL

## SUMMARY

Passionate QA Engineer with 2+ years of experience in testing mobile applications and web applications. Self-motivated hardworking and optimistic character. Willing to work in any stressful environment and reach the goal with experience and Self-studies. Adaptable to any environment and dedicated to any given task till the end.

## EXPERIENCE

Quality Assurance Engineer 05/2023 - Present

**Spemai Sri Lanka** Nugegoda, WP

- Develop Test plans and Test cases for Onepay Payment Gateway/Onepay Merchant web and mobile applications
- Estimate, Prioritize, plan and coordinate testing activities
- Led end-to-end testing for software releases, ensuring on-time delivery and adherence to QA standards
- Collaborated cross-functionally to identify and prioritize defects, resulting in a 50% improvement in defect management. (JIRA)
- Maintain QA Environment, Staging Environment and create test data and support test executions

Associate Quality Assurance Engineer 05/2022 - 05/2023

**Spemai Sri Lanka** Nugegoda, WP

- Developed and executed comprehensive test plans, encompassing manual scripts
- Proficient in manual mobile testing for seamless cross-device functionality across different devices.
- Played an active role in defect identification and documentation, fostering timely resolutions through effective communication with developers.

Intern Quality Assurance Engineer 11/2021 - 05/2022

**Spemai Sri Lanka** Nugegoda, WP

- Contributing input during sprint planning and retrospectives, and participating in team meetings.
- Proactively pursued learning opportunities, enhancing QA knowledge and methodologies.

## EDUCATION

BSc(Hons) in Information Technology 06/2019 - 09/2023

**Sri Lanka Institute of Information Technology (SLIIT)** Malabe, WP

Diploma in Information Technology 06/2019 - 06/2021

**Sri Lanka Institute of Information Technology (SLIIT)** Malabe, WP

Diploma in Information Technology and English Language 11/2018 - 04/2019

**ICBT Campus** Kandy, CP

G.C.E A/L Examination (Biology stream) 06/2015 - 08/2018

**Government Science College** Matale, CP

## PROJECTS

Final Year Research Project - "Govi Mithura" Mobile Application 01/2023

- "Govi Mithura" is a mobile application of enhancing and supporting to the home gardening in Sri Lanka. This project intends to create a dependable and easily accessible solution for home gardeners
- Technologies: Python, Flutter, DL, image processing, AWS, NLP

Company Documents Management System 07/2022

- Project was developed to manage documents in a construction company. Provided technology solutions to address key challenges faced by management and staff in construction companies
- Technologies: Java, MySQL

## SKILLS

Java · Selenium · Jira ·

Test Documentation · Defect Management ·

Postman · Test Cases Creation ·

Mobile Testing · Web Application Testing ·

Smoke Testing · Functional Testing ·

Regression Testing

## SOFT SKILLS

Leadership Skills · Fast Learner ·

Time management and planning ·

Problem Solving · Flexibility · Teamwork ·

Communication · Adaptability

## PUBLICATIONS

### Certificate of publication

IJSR - International Journal of scientific and research publications

<https://mail.ijsdr.org/viewpaperforall.php?paper=IJSDR2306004>

## KEY ACHIEVEMENT

### ◆ Selenium with Java -Basics to Advanced (Udemy)

fundamental understanding of Selenium Webdriver with strong Core JAVA basics

### ◆ Software Testing Simple (Software Quality Assurance QA- Udemy)

Complete knowledge of QA process starting from requirement gathering to Project delivery

#### SUMMARY

---

Passionate QA Engineer. Have 2.5 years of job experience as a QA Engineer. Have experience in manual and automation testing. Loved to learn new things and solve real-life problems.

#### WORK EXPERIENCE

---

##### Software Quality Assurance Engineer - Apprise

IT September 2021 - Ongoing

- Develop, implement and maintain all cross-platform test suites.
- Prepare and implement software test plans, test designs, test objectives, test cases, and test report
- Investigate all reported issues and categories them
- Collaborate with scrum team and stakeholder to analyses software requirements.
- Design, create, execute and report on functional tests against multiple applications.
- Research, create and evaluate technical solution alternatives for the business needs.
- Mentoring and coaching junior team members.
- Perform load/stress testing for measuring application performance.
- Perform API testing and security testing.

##### Software Quality Assurance Engineer (part-time)- Clipping world

May 2024 – Ongoing

- Develop, implement and maintain all cross-platform test suites.
- Prepare and implement software test plans, test designs, test objectives, test cases, and test report
- Investigate all reported issues and categories them.
- Collaborate with scrum team and stakeholder to analyses software requirements.
- Design, create, execute and report on functional tests against multiple applications.
- Research, create and evaluate technical solution alternatives for the business needs.
- Perform load/stress testing for measuring application performance.
- Perform API testing and security testing.

#### EDUCATION QUALIFICATION

---

BSc in Computer Science & Engineering - National University-Bangladesh – (2018)

## **TECHNICAL SKILLS**

---

**Manual Testing, Automation Testing, SDLC, STLC, Agile, Appium, Test Project, Selenium web driver, Junit, Maven, TestNG, Java, C, Python, XML, HTML, CSS, Eclipse, Codebooks, Android Studio, GitHub, MySQL, MongoDB, Postman with Newman, JMeter, Click Up, Trello, Jira, Bugzilla, Windows, Mac, Word, Excel, PowerPoint**

Other Expertise: Testing methodologies, Test planning and execution, Test case design, Defect tracking and Test management.

[linkedin.com/in/ria-sarkar162](https://linkedin.com/in/ria-sarkar162)

## WORK EXPERIENCE

### Jr. SQA Engineer

TechnoNext Ltd - a concern of US Bangla Group

04/2023 - Present

*Baridhara Diplomatic Zone, Dhaka*

#### Responsibility

- Working on OTA (Online Travel Agency) B2B and B2C and Foodi (Food Delivery) Project.
- Reviewing and understanding the business requirements and functional specifications.
- Creating and executing detailed test cases covering various scenarios, including positive and negative test cases, to validate the functionality, performance, and security.
- Collaborating with developers and other teams to perform integration testing.
- Logging, prioritizing, and tracking defects using Redmine.
- Documenting test results, including test plans, test cases, test execution reports, and defect reports.

### SQA Intern (Remote)

a1qa

10/2022 - 03/2023

*Minsk, Belarus*

#### Tasks

- Performed manual testing of software applications to identify bugs, defects, and inconsistencies.
- Performed Smoke, MAT, UAT and Regression Testing.
- Logged defects and bugs found during testing using bug tracking software Jira.
- Documented Acceptance Sheet and Quality Report.

## EDUCATION

### B.Sc. in Computer Science and Engineering

North South University

05/2016 - 04/2021

*CGPA - 3.15 (out of 4.00)*

#### Projects

- **Hospital Review System - Web Application.**  
→Features: Home page, About, Map, Login, Register, User Profile, Review Post, Delete Post, Admin Panel. →Languages & Tools: PHP, SQL, HTML, CSS, Bootstrap.

- **MediTrack - Android Application.** →Features: Sign up, Login, Add Medicine, Remove Medicine, Reminder, History, About us, User info, Logout. →Languages & Tools: Java, Android Studio, Firebase.

## SKILLS

## PROJECTS ON TESTING

### Test Case Writing

- Test case and report writing on Daraz application and website registration and login module. ↗
- Happihub application and website registration and login module test case and report writing. ↗

### Performance Testing Using JMeter

- Performance testing on a JPetStore Demo website using JMeter - inserting API with JMeter recording. **Features:** Recording, Threads, Logic Controller, Listener, Assertions, Report. ↗
- Performance and load testing on à la mode website using JMeter - inserting API with Blazemeter. **Features:** Recording, Threads, Listener, Assertions, Report. ↗
- Performance and load testing on a Demo website using JMeter - inserting API manually. **Features:** Threads, Listener, Logic Controller, Assertions, Report. ↗

### API Testing Using Postman

- Online Library System's API testing using Postman and Newman tool. **Features:** Request, Response, Collection, Report. ↗
- The API's from Swagger UI has been tested and report generated using Postman and Newman tool. **Features:** Request, Response, Collection, Report. ↗

### Web Automation

- Test automation project with Selenium, Java, TestNG, Maven. Locate the web element using Web Automation. ↗

## TRAINING AND CERTIFICATIONS

Training on SQA and Cyber Security (07/2022 - 01/2023)  
*IT Training BD, a United States based training organization*

### Software Testing Tutorial Course

*Great Learning.* [\[Certificate Link\]](#)

### Tools and Techniques for Performance and Load Testing Course

### PROFILE

---

As an undergraduate student at SLIIT, Faculty of Computing, I've developed a keen interest in Software Quality Assurance and related technologies. My coursework has equipped me with a solid understanding of testing methodologies and quality assurance procedures. Building on my 6-month internship experience in Software QA, I'm driven to enhance my skills further and contribute to ensuring the reliability and excellence of software products.

### WORK EXPERIENCE

---

#### Software Quality Assurance Engineer

Empite - Internship

Nov 2023 - May 2024

- Developed and executed comprehensive test plans and test cases & Utilized automation tools like Playwright to create and run automated tests, enhancing test efficiency.
- Conducted thorough manual testing to ensure high-quality software releases.
- Maintained comprehensive documentation of test cases, test results, and testing processes & Wrote detailed bug reports and provided actionable feedback to development teams.

### PROJECTS

---

#### SCHOOL MANAGEMENT SYSTEM | MERN STACK

Utilizing expertise in full-stack web development and front-end design, developed a school management system for Bomiriya Central College with fully functional CRUD operations and a responsive front-end design, featuring an efficient and user-friendly Timetable management module.

#### “APE-DE” MOBILE APPLICATION | KOTLIN

A mobile app was created with Kotlin and Firebase for selling Sri Lankan items, allowing merchants to start stores for handicrafts, batik sarees, and sarongs, with features for store, cart, item, and payment management.

#### E-CHANNELING SYSTEM | JAVA

A web store for E-Channeling, built with Java, Bootstrap, CSS, and MySQL.

#### SHOPPING MALL APPLICATION-SHOPPING EYE | SPRING/ANGULAR

Shopping Eye revolutionizes online shopping with a user-friendly interface, a diverse range of products, and personalized customer experiences, offering unmatched convenience and accessibility.

# S.M.Nasif Sadiq

SQA ENGINEER

## Contact

- nasifsadiq16@gmail.com
- <https://github.com/NasifSams>
- <https://www.linkedin.com/in/nasifsadiq>
- +880 1710 7951 01
- House-786, Road-24, Block-F,  
Bashundhara R/A, Dhaka -1229,  
Bangladesh

## Skills

- Good At:**
  - C, JavaScript, Html5,CSS3,PHP.
  - Oracle MySQL, CISCO.
- Have Working Experience**
  - Manual Testing, Mobile Automation, API Testing-Rest Assured, Performance Testing, JSON, JIRA, Allure-TestNG, Extent Report.
  - Design and develop test plan, Test Script, Page Object Model, Data Driven Test, Hybrid Framework .

- Have Strong Knowledge of**
  - Java, Java-Maven.
  - Selenium WebDriver, Web Automation, API Testing, Data Base Testing , TestNG, Extent Report, Monte Screen Recorder.
  - Eclipse, VS code, etc.

## Profile

Results-oriented SQA Engineer with a robust background in Automation testing, Manual testing, Performance testing , DataBase Testing and API testing. Possess a keen eye for detail, a commitment to excellence, and a track record of delivering high-quality results. Eager to leverage my skills and experience to drive software quality and success in a challenging SQA role

## Work Experience

- April 2024- Till now**  
**Advanced Software Development**  
**QA Analyst**
  - Developing automated /manual tests. Executing tests and analyzing results.
  - Preparing all the documents and Reports
  - Communicating with the clients and project team.
- Feb 2023-April 2024**  
**A1QA Remote**  
**QA Engineer**
  - Developing automated /manual tests. Executing tests and analyzing results.
  - Setting up and maintaining the testing environment.
  - Communicating with the project team.
- Dec 2022 -Feb 2023**  
**A1QA Remote**  
**QA Engineer (Intern)**
  - Developing automated /manual tests. Executing tests and analyzing results.
  - Setting up and maintaining the testing environment.

## Education

- Bachelor of Science(BSc)**  
**North South University, Bangladesh**  
**Computer Science and Engineering.****Year of Graduation: 2022**
- Higher Secondary Certificate(HSC)**  
**Gaibandha Govt. College, Gaibandha**  
**Science****Passing Year:2014**

## Personal Skill

- Leadership
- Creativity
- Communication
- Work as a Team
- Adaptation
- Quick Learner

• Secondary School Certificate(SSC)

Passing Year:2012

Gaibandha Govt. Boys' High School, Gaibandha

Science

## Research

## Career Objective

A dedicated and enthusiastic computer science student, actively pursuing career opportunities to apply my skills and abilities. Experienced in Software Quality Testing & proficient communicator in English. Passionate about developing my knowledge, enhance my expertise, and gain valuable experience that I can leverage to make a meaningful contribution to my future organization.

## Education

**BSc in Computer Science and Engineering,**  
American International University-Bangladesh  
CGPA: 3.52 scale of 4

2020 Jan – 2023 Dec  
Dhaka, Bangladesh

**Higher Secondary School Certificate,** Narsingdi Science College, Narsingdi  
GPA: 4.92 scale of 5

2016 Jul – 2018 Jun  
Narsingdi, Bangladesh

**Secondary School Certificate,** Brahmondi K.K.M. Govt. High School, Narsingdi  
GPA: 4.67 scale of 5

2014 Jan – 2015 Jun  
Narsingdi, Bangladesh

## Projects

**Manual Test Case Project,** (Othoba.com) ↗

2024 Jun – 2024 Jun

- This project provides a comprehensive set of manual test cases for the e-commerce website Othoba.
- The test cases cover various functionalities, scenarios and Bug Report of the Othoba application to ensure it is thoroughly tested and meets the desired quality standards.

**Online Travel Management System Testing,** (SQAT Project) ↗

2023 Feb – 2023 Mar

- Conduct testing on the Online travel management platform using Selenium IDE and create comprehensive test cases with thorough documentation.
- Additionally, generate a project report summarizing the testing process and outcomes.

**E-commerce Management System** ↗

2023 Jun – 2023 Aug

- It's a web application designed to manage rental process using Nest.js for backend and Next.js for frontend.

**Hotel & Travel Management System** ↗

2022 Jun – 2022 Sep

- It's a simple website using HTML, PHP, JAVASCRIPT, MYSQL.
- Some functions are included which are edit, delete, edit profile, upload picture, login, logout etc.

## Skills

### Frontend

HTML5, CSS3, JAVASCRIPT, REACTJS (NEXTJS)

### Backend

PHP, NESTJS

### Digital Toolbox & Expertise

- Operating Systems: Windows & Linux (Ubuntu)
- Programming Languages: JavaScript, Java, Python
- Project Management Tool: Jira
- Other Tools: Visual Studio, Google Colab, GitHub, Emu8086, Arduino IDE, Microsoft Excel
- Database Tools: MySQL, PostGreSQL, Oracle and phpMyAdmin
- Simulation Software: MATLAB, Simulink, Selenium IDE.

## Communication Skills

- Proficient in English
- Confident and determined
- Co-operative, innovative & hardworking
- Organizing & leadership competence
- Ability to rapidly build relationship and gain trust
- Ability to cope up with different situation
- Good communication skill & Cooperative in team work

## Area of Interests

Software Quality Testing, Web Development, Machine Learning

## Extra-Curriculum Activities

### Clubs, Workshops, and Seminars Activities,

American International University-Bangladesh (AIUB)

2023 Dec

Dhaka, Bangladesh

## Declaration

I do hereby declare and certify that all information stated above is true and complete to the best of my knowledge and belief.

## Career Objective

Looking for a creative and forward-thinking software company where I can start my career as a software quality assurance engineer. I am excited to use my expertise and analytical abilities to maximize production and support the company's development. Being a vital member of a cooperative team where I can advance both professionally and personally and contribute to the production of high-quality software products is my aim.

## Experience

01/2021 – 03/2024

- Hands on experience of some various projects work and some engineering projects.
- Experience in Researching journal, writing reports and making presentation.

## Education

### Bachelor of Science in Computer Science and Engineering

*American International University-Bangladesh* 

01/2020 – 01/2024 | Dhaka, Bangladesh

#### CGPA: 3.84

- Major in Software Engineering
- Completed thesis based on Drug Verification System using Blockchain Technology

### Higher Secondary School Certificate (HSC)

*Sylhet Government Women's College, Sylhet*

2017 – 2019 | Sylhet, Bangladesh

GPA : 3.92

### Secondary School Certificate (SSC)

*Blue Bird School and College, Sylhet*

2015 – 2016 | Sylhet, Bangladesh

GPA : 5.00

## Projects

### Manual Testing Project

*Shohoz Air Website-Test Cases & Bug Reporting*

05/2024 – 06/2024

- Validate various functionalities such as sign-up, sign-in, forgot password, flight search, booking, payment processing, and user profile management.

- Ensuring user experience and meeting all specified requirements.

#### **House Rent Management System Project**

01/2023 – 05/2023

- It's a web application designed to manage rental processes using Nest.js for the backend and Next.js for the front end.
- In this system, PostgreSQL is used for reliable data storage and user interactive interfaces are built by Tailwind CSS.

#### **Crowdfunding Project**

06/2022 – 08/2022

- It's a simple website using HTML, PHP, JAVASCRIPT, MYSQL.
- In this project, some functions are included which are edit, delete, edit profile, upload picture, login, logout etc.

## Skills

Manual testing • Database Testing • Microsoft Excel • Java • Github • Jira • C++ • JavaScript • HTML5 • CSS3 • C# • NextJs • NestJs • ReactJs • PostGreSQL • jQuery, JS/ES6 • MySQL • PHP • Microsoft Word • Microsoft Powerpoint • MERN Stack • Cisco Packet Tracer • Oracle • AutoCAD • Python • Ni Multisim 14.0 • Security Onion

## Awards

### **Dean's List Honors (2020-2023)**

AIUB

## Certificates

- Cisco CyberOps Associate Certificate
- Cisco IT Essential Certificate

## Profile

Dynamic CSE graduate with 8 months of internship experience as a Trainee Software Quality Assurance Engineer, known for a detail-oriented approach to meticulous testing of mobile and web applications. Proficient in creating comprehensive test plans, test cases, and documentation to ensure high-quality software delivery in agile environments. A collaborative team player, adept at working closely with developers and stakeholders to efficiently identify and address bugs.

## Expertise Skills

**Web Development:**  
HTML5, CSS3, JavaScript

**Database:**  
MySQL, MongoDB

**Machine Learning:**  
Keras, TensorFlow, Scikit-learn

**Development Tools:**  
NetBeans, Visual Studio Code, PyCharm, Xampp

**Language:**  
Java, Python, C++

**Testing and Project Management Tools:**  
JMeter, Postman, Jira, Git

**Soft Skills:**  
Data Analytics, Problem Solving, Critical Thinking,  
Issue identification, Root cause analysis

**Others:**  
Test case writing, Test report, Bug report,  
Requirement Analysis, SDLC, STLC, Software  
Documentation, Chrome Dev Tools

## Experience

**Trainee SQA Engineer, TallyKhata(Progoti Systems Ltd.)** ↗ 10/2023 – present | Dhaka, Bangladesh  
• Contributed to 20 percent of the regression suite's test cases, enhancing the overall test coverage.  
• Conduct Manual Tests to identify software defects and ensure alignment with specifications  
• Collaborate with development teams to create comprehensive test plans  
• Document and track issues, working closely with cross functional teams for timely resolution  
• Perform different type of testing such as Sanity Testing, Functional Testing, UI/UX Testing, Regression Testing to safeguard existing functionality

**Tech Support Intern, GAO Tek** 10/2023 – 12/2023 | Toronto, Canada

**Junior Engagement Officer,  
X Integrated Marketing Agency** 09/2023 – 11/2023 | Dhaka, Bangladesh

## Education

**Bachelor of Science in CSE, BRAC University** 2023 | Dhaka, Bangladesh  
Recipient of MetLife Pathways Scholarship Program in full-time undergraduate study (2019-2022)

**HSC, Viqarunnisa Noon School and College** 2018 | Dhaka, Bangladesh  
GPA-5.00

**SSC, Viqarunnisa Noon School and College** 2016 | Dhaka, Bangladesh  
GPA-5.00

## Publication

|   |            |

## Projects

|  |      |
|--|------|
| <b>Beauty Product Selling System,</b><br>A website where <i>beauty products are sold online</i> .  | 2023 |
| <ul style="list-style-type: none"><li>Using HTML, JavaScript, and the MERN stack, designed and created a user-friendly beauty product selling system.</li><li>For the best user experience across a range of devices, responsive web design was implemented.</li><li>Built a reliable and effective e-commerce infrastructure to manage product listings, customer orders, and payments.</li></ul>   |      |
| <b>Speech Emotion Recognition using ML</b><br>Collected a dataset of speech audio from Kaggle and attempted to recognize human emotion and affective states from speech based on Machine learning algorithms.  | 2023 |
| <ul style="list-style-type: none"><li>Developed a deep learning model for automatic emotion classification from audio recordings.</li><li>Leveraged Python, TensorFlow, and Librosa for data preprocessing, feature extraction, and model training. Achieved a high level of accuracy in recognizing emotions, including happiness, sadness, anger, and neutrality.</li><li>Generated confusion matrices and classification reports for detailed evaluation.</li></ul> |      |
| <b>Smoke Detection System,</b> A <i>smoke/gas detection device that functions automatically and alerts us to the presence of the substance</i>   | 2022 |
| <ul style="list-style-type: none"><li>Arduino technology was used to create and implement the project's functionality. Used a range of fundamental sensors to collect data and regulate the system.</li><li>Played a significant role in the successful integration of hardware components for the project.</li></ul>  |      |
| <b>House Rent Management System,</b><br>A <i>database management system using MySQL and PHP</i>  | 2021 |
| <ul style="list-style-type: none"><li>Designed to streamline and automate the process of managing rental properties, tenants, and financial transactions for landlords, property managers, and real estate professionals.</li><li>Used MySQL for data storage and retrieval.</li><li>A server-side language, PHP is used to handle data processing and business logic.</li><li>HTML is used as a front-end framework or library for the user interface.</li></ul>      |      |

## Achievements

|   |             |
|---|-------------|
| <b>Award from British Council, Book Reading Competition</b>         | 2012        |
| <b>Awards from Bishwo Shahitto Kendro, Book Reading Competition</b> | 2011 – 2015 |
| <b>Certificate of Merit, Academic Excellence Award</b>              | 2006        |

## SUMMARY

Representing myself as a self-motivated and competent with superb interpersonal skills. Very punctual with an excellent attendance record. A tech enthusiast & very quick learner.

## EXPERIENCE

### Software Quality Assurance (Intern)

April, 2024 – June, 2024

A1QA Company

- Learned software testing procedures geared towards quality thinking by working under experienced mentors.
- Performed *Functional, GUI, Acceptance, Regression, Smoke* test on different Web Applications.
- Wrote test plan, conducted tests, generated test cases, and reported bugs via bug reporting tool '*JIRA*' as assignments.

## PROJECTS

### Swag Labs Site Testing | Selenium, Python

[Link](#)

- Performed Automation testing on the ecommerce site, made test cases, test scripts & metrics.
- Applied Smoke & Regression Testing to ensure the core functionalities of the website.

### Forkify App Testing Project- A1QA | Manual testing, Acceptance testing, Jira

[Link](#)

- Tested Positive & Negative Acceptance test and *GUI* testing on the website.
- Performed Smoke and Regression tests on the application to ensure the core functionalities.
- Made test reports and submitted bugs using bug reporting tool '*JIRA*'.

### Portfolio Website | ReactJs, JavaScript, Css, Html

[Link](#)

- Created responsive personal portfolio website from scratch using frontend technologies.
- Created Profile, Gallery, Contact, Projects sections to showcase my skills and expertise.

## SKILLS

**Programming:** Python, Java, JavaScript, SQL, Html, CSS, Bootstrap.

**Tools:** MS PowerBI, MySql, MS Excel, MS Power-point, MS Word.

**Software Quality Assurance:** Software Testing, Performance testing, API testing, UI/UX testing, Jmeter, Postman, Jira.

**Designing Tools:** Figma, Adobe Photoshop, Adobe Illustrator, Canva.

**Others:** Leadership, Team management, Communication, Analysis.

## EDUCATION

### B.Sc. in Computer Science and Engineering

May, 2019 – December, 2023

BRAC University (CGPA: 3.24)

## THESIS

Deep Learning approach for detecting eye corneal ulcers. | **Data Science**

## EXTRACURRICULAR ACTIVITIES

### Assistant Director (IT)

October, 2021 – march, 2023

BRAC University Business Club (BizBee)

- Responsible for managing IT team and create graphical contents for the club.

## COURSES

Business Analyst and MS PowerBI full course for beginners – **Simplilearn**

Software Quality Assurance Complete Course for Beginners – **Edureka**
